### Managing Martians

## A Memoir

Crown Donna Shirley's 35-year career as an aerospace engineer reached a jubilant pinnacle in July 1997 when Sojourner--the solar-powered, self-guided, microwave-oven-sized rover--was seen exploring the Martian landscape in Pathfinder's spectacular images from the surface of the red planet. The event marked a milestone in space, but for Donna Shirley, the leader of the mostly male team that designed and built Sojourner--and the first woman ever to manage a NASA program--it marked a triumph of another kind. **Managing Martians** is Shirley's captivating memoir of a life and career spent reaching for the stars. From her seemingly outlandish aspiration at age ten to build aircraft, to abandoning high school Home Ec in favor of mechanical drawing, and, at sixteen, becoming a licensed pilot, Shirley defied expectations from the beginning. In a vivid narrative, rich with anecdotes and thrilling turning points, Shirley recounts the intense battles she waged to defend her vision and the ingenuity and resourcefulness of her committed team. Her moment-by-cliffhanging-moment account of Pathfinder's landing and Sojourner's first tentative foray across the sands of Mars brilliantly captures the fulfillment of a lifelong dream as it heralds a brave new era of space exploration.

## A Biker's Life

### Misadventures on (and off) Two Wheels

Hachette UK I can't think of anywhere I'd less like to be than in a car. When you're driving a car, you're not taking part, you're a spectator. You're in a can; if it's cold you turn up the heating, if you're hungry you have a wine gum. You might be looking at what's going on, but you're definitely not a part of it. **A BIKER'S LIFE** is the dramatic, humorous and candid memoir of one of the most recognisable names in motorcycling. Henry Cole's passion for motorbikes began when, at the age of eight, he was first introduced to a 'man cave'. His great-uncle Redbeard's corrugated iron shed was 'stuffed to the gills with old motorbikes' which Henry helped rebuild and ride. Since then, Henry's life can be charted through the bikes and journeys he has been on - from a stifling public-school education, via many years battling addiction, to the big-sky iconic routes Henry has ridden for over twenty series as presenter of numerous TV shows. This book reminds millions of motorcyclists why their bike gives them the freedom to be exactly who they want to be: to say 'I'm doing my thing.' When you ride a motorbike you become part of a worldwide community of kindred spirits - those of us who will not be pacified by driving a car, but instead live for adventure, escape and the sheer thrill of the throttle.
