**KEY=AMERICA - CANTU RONNIE**

---

## African American St. Louis

*Arcadia Publishing* **The city of St. Louis is known for its African American citizens and their many contributions to the culture within its borders, the country, and the world. Images of Modern America: African American St. Louis profiles some of the events that helped shape St. Louis from the 1960s to the present. Tracing key milestones in the city's history, this book attempts to pay homage to those African Americans who sacrificed to advance fair socioeconomic conditions for all. In the closing decades of the Great Migration north, the civil rights movement was taking place nationally; simultaneously, St. Louis's African Americans were organizing to exert political power for greater control over their destiny. Protests, voter registration, and elections to public office opened new doors to the city's African Americans. It resulted in the movement for fairness in hiring practices and the expansion of the African American presence in sports, education, and entertainment.**

## Extraordinary Black Missourians: Pioneers, Leaders, Performers,

# Athletes, & Other Notables Who've Made History, 2nd Edition

*Reedy Press LLC* African Americans have been a part of Missouri from its territorial days to the present, making significant contributions across myriad professions as pioneers, educators, civil rights activists, and journalists, to name a few. Now in its second edition, *Extraordinary Black Missourians* profiles more than 100 notable citizens, such as Grace Bumbry, George Washington Carver, Elizabeth Keckley, Frankie Freeman, Scott Joplin, Jean Baptiste Point du Sable, James Beckwourth, and others who have contributed to Missouri's African American legacy. They set records; made discoveries; received local, national, and international acclaim and awards; and led the civil rights movement by breaking down racial barriers. These accomplishments have played a major role in shaping the history and culture of the state and nation. Co-authors John A. Wright, Sr., Sylvia A. Wright, and John A. Wright, Jr. bring decades of experience writing about their native St. Louis and the heritage of African Americans in their hometown. *Extraordinary Black Missourians* puts a face on historically significant people and tells of their joys, failures, hardships, and triumphs against seemingly insurmountable odds.

## Discovering African American St. Louis

### A Guide to Historic Sites

*Missouri History Museum* African Americans have been part of the story of St. Louis since the city's founding in 1764. Unfortunately, most histories of the city have overlooked or ignored their vital role, allowing their influence and accomplishments to go unrecorded or uncollected; that is, until the publication of *Discovering African American St. Louis: A Guide to Historic Sites* in 1994. A new and updated 2002 edition is now available to take readers on a fascinating tour of nearly four hundred African American landmarks. From the boyhood home of jazz great Miles Davis in East St. Louis, Illinois, to the site of the house that sparked the landmark Shelley v. Kraemer court case, the maps, photographs, and text of *Discovering African American St. Louis* record a history that has been neglected for too long. The guidebook covers fourteen regions east and west of the Mississippi that represent St. Louis's rich African American heritage. In the words of historian Gary Kremer, "No one who reads this book and visits and contemplates the places and peoples whose stories it recounts will be able to look at St. Louis in the same way ever again."

# A History of the Harlem Renaissance

*Cambridge University Press* This book presents original essays that explore the eclecticism of Harlem Renaissance literature and culture.

# Contemporary Black American Cinema

# Race, Gender and Sexuality at the Movies

*Routledge* **Contemporary Black American Cinema** offers a fresh collection of essays on African American film, media, and visual culture in the era of global multiculturalism. Integrating theory, history, and criticism, the contributing authors deftly connect interdisciplinary perspectives from American studies, cinema studies, cultural studies, political science, media studies, and Queer theory. This multidisciplinary methodology expands the discursive and interpretive registers of film analysis. From Paul Robeson's and Sidney Poitier's star vehicles to Lee Daniels's directorial forays, these essays address the career legacies of film stars, examine various iterations of Blaxploitation and animation, question the comedic politics of "fat suit" films, and celebrate the innovation of avant-garde and experimental cinema.

# The Harvard Guide to African-American History

*Harvard University Press* **Compiles information and interpretations on the past 500 years of African American history, containing essays on historical research aids, bibliographies, resources for womens' issues, and an accompanying CD-ROM providing bibliographical entries.**

# Remembering the Past in Contemporary African American

## Fiction

*Univ of North Carolina Press* **With close readings of more than twenty novels by writers including Ernest Gaines, Toni Morrison, Charles Johnson, Gloria Naylor, and John Edgar Wideman, Keith Byerman examines the trend among African American novelists of the late twentieth century to write about black history rather than about their own present. Employing cultural criticism and trauma theory, Byerman frames these works as survivor narratives that rewrite the grand American narrative of individual achievement and the march of democracy. The choice to write historical narratives, he says, must be understood historically. These writers earned widespread recognition for their writing in the 1980s, a period of African American commercial success, as well as the economic decline of the black working class and an increase in black-on-black crime. Byerman contends that a shared experience of suffering joins African American individuals in a group identity, and writing about the past serves as an act of resistance against essentialist ideas of black experience shaping the cultural discourse of the present. Byerman demonstrates that these novels disrupt the temptation in American society to engage history only to limit its significance or to crown successful individuals while forgetting the victims.**

## Race and the Production of Modern American Nationalism

*Routledge* **First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.**

## The Early Image of Black Baseball

## Race and Representation in the Popular Press, 1871–1890

*McFarland* **This volume examines early black baseball as it was represented in the artwork and written accounts of the popular press. From contemporary postbellum articles, illustrations, photographs and woodcuts, a unique image of the black athlete emerges, one that was not always positive but was nonetheless central in understanding the evolving black image in American culture. Chapters cover press depictions of championship games, specific teams and athletes, and the fans and culture surrounding black baseball.**

# Contours of African American Politics

## Volume 2, Black Politics and the Dynamics of Social Change

*Routledge* **Contours of African American Politics** chronicles the systematic study of African American politics and its subsequent recognition as an established field of scholarly inquiry. African American politics emanates from the demands of the prolonged struggle for black liberation and empowerment. Hence, the study of African American politics has sought to track, codify, and analyse the struggle that has been mounted, and to understand the historic and changing political status of African Americans within American society. This two-volume set presents a selection of scholarship on African American politics as it appeared in *The National Political Science Review* from its initial launch in 1989 to the spring of 2009. Represented are contributions from some of the leading scholars of African American politics, who have helped to establish and sustain the field. The volumes are organised around themes that derive from the unfolding real-life drama of African American politics and its subsequent scholarly treatment. The result is a window into the political efforts that meld the historically disparate strands of black political expressions into a reconstructed and strategically nimble, electoral-based mass mobilisation necessary for optimising the impact of the African American vote. Sections in the volumes also chronicle the evolution of the National Conference of Black Political Scientists as a professional organisation. The two volumes illuminate a pivotal epoch in black political empowerment and provide a context for the future of black politics.

## Black Baseball, 1858-1900

### A Comprehensive Record of the Teams, Players, Managers, Owners and Umpires

*McFarland* This is one of the most important baseball books to be published in a long time, taking a comprehensive look at black participation in the national pastime from 1858 through 1900. It provides team rosters and

team histories, player biographies, a list of umpires and games they officiated and information on team managers and team secretaries. Well known organizations like the Washington's Mutuals, Philadelphia Pythians, Chicago Uniques, St. Louis Black Stockings, Cuban Giants and Chicago Unions are documented, as well as lesser known teams like the Wilmington Mutuals, Newton Black Stockings, San Francisco Enterprise, Dallas Black Stockings, Galveston Flyaways, Louisville Brotherhoods and Helena Pastimes. Player biographies trace their connections between teams across the country. Essays frame the biographies, discussing the social and cultural events that shaped black baseball. Waiters and barbers formed the earliest organized clubs and developed local, regional and national circuits. Some players belonged to both white and colored clubs, and some umpires officiated colored, white and interracial matches. High schools nurtured young players and transformed them into powerhouse teams, like Cincinnati's Vigilant Base Ball Club. A special essay covers visual representations of black baseball and the artists who created them, including colored artists of color who were also baseballists.

## Contemporary Hollywood Cinema

*Routledge* A comprehensive overview of the film industry in Hollywood today, *Contemporary Hollywood Cinema* brings together leading international cinema scholars to explore the technology, institutions, film makers and movies of contemporary American film making.

## Major Problems in African American History, Loose-Leaf Version

*Cengage Learning* Krauthamer and Williams' text introduces students to both primary sources and analytical essays and is designed to encourage critical thinking about the history and culture of African Americans. Updated to cover a wider geographic scope that includes the western United States and other parts of the Diaspora, as well as the newest scholarship in the field, the second edition presents a carefully selected group of readings organized to allow students to evaluate primary sources, test the interpretations of distinguished historians, and draw their own conclusions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

## Jumping the Color Line

# Vernacular Jazz Dance in American Film, 1929–1945

*Indiana University Press* From the first synchronized sound films of the late 1920s through the end of World War II, African American music and dance styles were ubiquitous in films. Black performers, however, were marginalized, mostly limited to appearing in "specialty acts" and various types of short films, whereas stardom was reserved for Whites. *Jumping the Color Line* discusses vernacular jazz dance in film as a focal point of American race relations. Looking at intersections of race, gender, and class, the book examines how the racialized and gendered body in film performs, challenges, and negotiates identities and stereotypes. Arguing for the transformative and subversive potential of jazz dance performance onscreen, the six chapters address a variety of films and performers, including many that have received little attention to date. Topics include Hollywood's first Black female star (Nina Mae McKinney), male tap dance "class acts" in Black-cast short films of the early 1930s, the film career of Black tap soloist Jeni LeGon, the role of dance in the Soundies jukebox shorts of the 1940s, cinematic images of the Lindy hop, and a series of teen films from the early 1940s that appealed primarily to young White fans of swing culture. With a majority of examples taken from marginal film forms, such as shorts and B movies, the book highlights their role in disseminating alternative images of racial and gender identities as embodied by dancers - images that were at least partly at odds with those typically found in major Hollywood productions.

# Twentieth-Century and Contemporary American Literature in Context [4 volumes]

*ABC-CLIO* This four-volume reference work surveys American literature from the early 20th century to the present day, featuring a diverse range of American works and authors and an expansive selection of primary source materials. Bringing useful and engaging material into the classroom, this four-volume set covers more than a century of American literary history—from 1900 to the present. *Twentieth-Century and Contemporary American Literature in Context* profiles authors and their works and provides overviews of literary movements and genres through which readers will understand the historical, cultural, and political contexts that have shaped American writing. *Twentieth-Century and Contemporary American Literature in Context* provides wide coverage of authors, works,

genres, and movements that are emblematic of the diversity of modern America. Not only are major literary movements represented, such as the Beats, but this work also highlights the emergence and development of modern Native American literature, African American literature, and other representative groups that showcase the diversity of American letters. A rich selection of primary documents and background material provides indispensable information for student research. Covers significant authors, as well as those neglected by history, and their works from major historical and cultural periods of the last century, including authors writing today. Situates authors' works not only within their own canon but also with the historical and cultural context of the U.S. more broadly. Positions primary documents after specific authors or works, allowing readers to read excerpts critically in light of the entries. Examines literary movements, forms, and genres that also pay special attention to multi-ethnic and women writers.

## Comic Abstraction

### Image Breaking, Image Making

*The Museum of Modern Art* In recent years a number of artists have transmuted the lexicon of comic strips and films, cartoons and animation into a new, representational mode of 'comic abstraction'. From Julie Mehretu's intricately layered paintings to Arturo Herrera's psychological collages, the world of comic abstraction reflects the intensely personal relationship that many contemporary artists maintain with the political makeup of the world. Bridging the rift between abstract form and social consciousness in ways that are both critical and playful, this exhibition presents the first investigation into the experimental outgrowths of comic abstraction.

## African Americans in the Visual Arts

*Infobase Publishing* While social concerns have been central to the work of many African-American visual artists, painters

### The Art of Whitfield Lovell

### Whispers from the Walls

*Pomegranate* A graduate of Cooper Union in New York, Whitfield Lovell has been widely exhibited worldwide. His work is in such museums as the Metropolitan Museum of Art, the Whitney Museum of American Art, the National Museum of American Art, and the Seattle Art Museum. Inspired by his own background, global travels and research, and large collections of

found objects and photographs of African Americans, Lovell creates tableaux and full-scale, site-specific installations, melding two-dimensional charcoal drawings with the three-dimensional objects. His works reveal African American spirituality and recall the memories and the heritage that define who African Americans are.

## African American Pastoral Care

### Revised Edition

*Abingdon Press* Respond to God's unfolding drama to bring healing and reconciliation. In this major revision of his classic book, Dr. Edward Wimberly updates his narrative methodology by examining current issues in African American pastoral care and counseling.

## Humanities

## Contemporary American Religion

### An Ethnographic Reader

*Rowman Altamira* No single narrative or theory can describe the varieties of religious experience in North America today. The tidy dichotomies of liberal/ conservative, public/private, local/global, and renewal/secularization make little sense once specific congregations are examined closely. To understand the shifting boundaries of contemporary religious expressions, new tools are needed. *Contemporary American Religion* collects qualitative, on-the-ground studies of local congregations by up-and-coming religious scholars. Ethnography combined with more traditional sociological methods, help make sense of complex religious communities—from Messianic Jews to evangelical feminists, from Gospel Hour at a gay bar to exurban megachurches. This collection covers a wide span of the religious landscape, always trying to uncover new theoretical insights. Essential reading for classes in sociology of religion, contemporary American religion, and anthropology of religion.

## Neither Black Nor White Yet Both

### Thematic Explorations of Interracial

# Literature

*Harvard University Press* **Why can a "white" woman give birth to a "black" baby, while a "black" woman can never give birth to a "white" baby in the United States? What makes racial "passing" so different from social mobility? Why are interracial and incestuous relations often confused or conflated in literature, making "miscegenation" appear as if it were incest? Werner Sollors examines these questions and others in "Neither Black nor White yet Both," a fully researched investigation of literary works that, in the past, have been read more for a black-white contrast of "either-or" than for an interracial realm of "neither, nor, both, and in-between." From the origins of the term "race" to the cultural sources of the "Tragic Mulatto," and from the calculus of color to the retellings of various plots, Sollors examines what we know about race, analyzing recurrent motifs in scientific and legal works as well as in fiction, drama, and poetry.**

## The Image of the Black in Western Art: From the "Age of Discovery" to the Age of Abolition : artists of the Renaissance and Baroque

*Harvard University Press* **In the 1960s, art patron Dominique de Menil founded an image archive showing the ways that people of African descent have been represented in Western art. Highlights from her collection appeared in three large-format volumes that quickly became collector's items. A half-century later, Harvard University Press and the Du Bois Institute are proud to publish a complete set of ten sumptuous books, including new editions of the original volumes and two additional ones. The much-awaited Artists of the Renaissance and Baroque has been written by an international team of distinguished scholars, and covers the sixteenth and seventeenth centuries. The rise of slavery and the presence of black people in Europe irrevocably affected the works of the best artists of the time. Essays on the black Magus and the image of the black in Italy, Spain, and Britain, with detailed studies of Rembrandt and Heliodorus's *Aethiopica*, all presented with superb color plates, make this new volume a worthy addition to this classic series.**

# William Faulkner and the Faces of Modernity

*Oxford University Press, USA* William Faulkner has enjoyed a secure reputation as American modernism's foremost fiction writer, and as a landmark figure in international literary modernism, for well over half a century. Less secure, however, has been any scholarly consensus about what those modernist credentials actually entail. Over recent decades, there have been lively debates in modernist studies over the who, what, where, when, and how of the surprisingly elusive phenomena of modernism and modernity. This book broadens and deepens an understanding of Faulkner's oeuvre by following some of the guiding questions and insights of new modernism studies scholarship into understudied aspects of Faulkner's literary modernism and his cultural modernity. *William Faulkner and the Faces of Modernity* explores Faulkner's rural Mississippians as modernizing subjects in their own right rather than mere objects of modernization; traces the new speed gradients, media formations, and intensifications of sensory and affective experience that the twentieth century brought to the cities and countryside of the US South; maps the fault lines in whiteness as a racial modernity under construction and contestation during the Jim Crow period; resituates Faulkner's fictional Yoknapatawpha County within the transnational counter-modernities of the Black Atlantic; and follows the author's imaginative engagement with modern biopolitics through his late work *A Fable*, a novel Faulkner hoped to make his 'magnum o.' By returning to the utterly uncontroversial fact of Faulkner's modernism with a critical sensibility sharpened by new modernism studies, *William Faulkner and the Faces of Modernity* aims to spark further reappraisal of a distinguished and quite dazzling body of fiction. Perhaps even make it new.

## Lynchings in Mississippi

### A History, 1865–1965

*McFarland* Lynching occurred more in Mississippi than in any other state. During the 100 years after the Civil War, almost one in every ten lynchings in the United States took place in Mississippi. As in other Southern states, these brutal murders were carried out primarily by white mobs against black victims. The complicity of communities and courts ensured that few of the more than 500 lynchings in Mississippi resulted in criminal convictions. This book studies lynching in Mississippi from the Civil War through the civil rights movement. It examines how the crime unfolded in the state and assesses the large number of deaths, the reasons, the

distribution by counties, cities and rural locations, and public responses to these crimes. The final chapter covers lynching's legacy in the decades since 1965; an appendix offers a chronology.

## Girl's Schooling During The Progressive Era

## From Female Scholar to Domesticated Citizen

*Routledge* First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

## Encyclopedia of African American Artists

*ABC-CLIO* African American heritage is rich with stories of family, community, faith, love, adaptation and adjustment, grief, and suffering, all captured in a variety of media by artists intimately familiar with them. From traditional media of painting and artists such as Horace Pippin and Faith Ringgold, to photography of Gordon Parks, and new media of Sam Gilliam and Martin Puryear (installation art), the African American experience is reflected across generations and works. Eight pages of color plates and black and white images throughout the book introduce both favorite and new artists to students and adult readers alike. African American heritage is rich with stories of family, community, faith, love, adaptation and adjustment, grief, and suffering, all captured in a variety of media by artists intimately familiar with them. Eight pages of color plates and black and white images throughout the book introduce both favorite and new artists to students and adult readers alike. A sampling of the artists included: Romare Bearden, Elizabeth Catlett, Achamyele Debela, and Melvin Edwards.

## Procession

# The Art of Norman Lewis

*Univ of California Press* This beautifully illustrated catalogue accompanies the first major museum retrospective of the painter Norman Lewis (1909-1979). Lewis was the sole African American artist of his generation who became committed to issues of abstraction at the start of his career and continued to explore them over its entire trajectory. His art derived inspiration from music (jazz and classical) and nature (seasonal change, plant forms, the sea). Also central to his work were the dramatic confrontations of the civil rights movement, in which he was an active participant among the New York art scene. Bridging the Harlem Renaissance, Abstract Expressionism, and beyond, Lewis is a crucial figure in American abstraction whose reinsertion into the discourse further opens the field for recognition of the contributions of artists of color. Bringing much-needed attention to Lewis's output and significance in the history of American art, *Procession* is a milestone in Lewis scholarship and a vital resource for future study of the artist and abstraction in his period. Published in association with Pennsylvania Academy of the Fine Arts, Philadelphia. Exhibition dates: Pennsylvania Academy of the Fine Arts, Philadelphia: November 13, 2015-April 3, 2016 Amon Carter Museum of American Art, Fort Worth: June 4-August 21, 2016 Chicago Cultural Center: September 17, 2016-January 8, 2017

## History of Dance

### An Interactive Arts Approach

*Human Kinetics* **History of Dance: An Interactive Arts Approach** provides an in-depth look at dance from the dawn of time through the 20th century. Using an investigative approach, this book presents the who, what, when, where, why, and how of dance history in relation to other arts and to historical, political, and social events. In so doing, this text provides a number of ways to create, perceive, and respond to the history of dance through integrated arts and technology. This study of dancers, dances, and dance works within an interactive arts, culture, and technology environment is supported by the National Standards in dance, arts education, social studies, and technology education. *History of Dance: An Interactive Arts Approach* has four parts. Part I explains the tools used to capture dance from the past. Part II begins a chronological study of dance, beginning with its origins and moving through ancient civilizations and the Middle Ages through the Renaissance. Part III covers dance from the 17th to the 20th century, including dance at court, dance from court to theater, romantic to classical ballet, and dance in the United States. Part IV focuses on 20th-century American dance, highlighting influences on American

ballet and modern dance as it emerged, matured, and evolved during that century. **History of Dance: An Interactive Arts Approach** includes the following features: -Chapter outlines that present topics covered in each chapter -Opening scenarios to set the scene and introduce each time period -Explorations of dancers, choreographers, and other personalities - Explorations of the dances and significant choreography and dance literature of each time period -History Highlight boxes containing unusual facts, events, and details to bring history to life -History Trivia, providing insights into how dance relates to the history, art, and society of the time period -Web sites to encourage further exploration -Developing a Deeper Perspective sections that encourage students to use visual or aesthetic scanning, learn and perform period dances, observe and write performance reports, develop research projects and WebQuests (Internet-based research projects), and participate in other learning activities -Vocabulary terms at the end of each chapter Each chapter in parts II through IV provides an overview of the time period, including a time capsule and a historical and societal overview. Each chapter focuses on major dancers, choreographers, and personalities; dances of the period, including dance forms, dance designs, accompaniment, costuming, and performing spaces; and significant dance works and dance literature. The chapters also feature a series of eight experiential learning activities that help students dig deeper into the history of dance, dancers, and significant dance works and literature. These activities are presented as reproducible templates that include perceiving, creating, performing, writing, and presenting oral activities infused with technology. Teachers can use these activities as optional chapter assignments or as extended projects to help apply the information and to use technology and other integrated arts sources to make the history of dance more meaningful. **History of Dance** is an indispensable text for dance students who want to learn the history of dance and its relationship to other arts of the times using today's interactive technology.

## Resources in Education

## Teaching Race and Anti-Racism in Contemporary America

## Adding Context to Colorblindness

*Springer Science & Business Media* This book presents thoughtful reflections and in-depth, critical analyses of the new challenges and opportunities instructors face in teaching race during what has been called the “post-racial era”. It examines the racial dimensions of the current political,

economic, and cultural climate. The book features renowned scholars and experienced teachers from a range of disciplines and offers successful strategies for teaching important concepts through case studies and active learning exercises. It provides innovative strategies, novel lesson plans and classroom activities for college and university professors who seek effective methods and materials for teaching about race and racism to today's students. A valuable handbook for educators, this book should be required reading for all graduate students and college instructors.

## North of Dixie

# Civil Rights Photography Beyond the South

*Getty Publications* The history of the civil rights movement is commonly illustrated with well-known photographs from Birmingham, Montgomery, and Selma—leaving the visual story of the movement outside the South remaining to be told. In *North of Dixie*, historian Mark Speltz shines a light past the most iconic photographs of the era to focus on images of everyday activists who fought campaigns against segregation, police brutality, and job discrimination in Chicago, Detroit, Los Angeles, Philadelphia, and many other cities. With images by photojournalists, artists, and activists, including Bob Adelman Charles Brittin, Diana Davies, Leonard Freed, Gordon Parks, and Art Shay, *North of Dixie* offers a broader and more complex view of the American civil rights movement than is usually presented by the media. *North of Dixie* also considers the camera as a tool that served both those in support of the movement and against it. Photographs inspired activists, galvanized public support, and implored local and national politicians to act, but they also provided means of surveillance and repression that were used against movement participants. *North of Dixie* brings to light numerous lesser-known images and illuminates the story of the civil rights movement in the American North and West.

## N'Digo Legacy Black Luxe 110: African American Icons of Contemporary History

*Hartman Publishing Group, Ltd.* Iconic Black Chicagoan profiles. This volume is a book of comedians, athletes, and musicians of Chicago. A must have for everyone who cherishes the history of Chicago within the African American

community. A contemporary history of over 30 years.

## Martin Puryear

*The Museum of Modern Art* Over the last 30 years, Martin Puryear has created a body of work that defies categorization, creating sculpture that looks at identity, culture & history. This book accompanies an exhibition at The Museum of Modern Art that follows Puryear's development from his first solo show to works being presented for the first time.

## Contemporary Nursing

## Issues, Trends, & Management

*Elsevier Health Sciences* Resource added for the Nursing-Associate Degree 105431, Practical Nursing 315431, and Nursing Assistant 305431 programs.

## Contemporary Nursing, Issues, Trends, & Management, 6

## Contemporary Nursing

*Elsevier Health Sciences* **Contemporary Nursing, Issues, Trends, & Management, 6th Edition** prepares you for the rapidly evolving world of health care with a comprehensive yet focused survey of nursing topics affecting practice, as well as the issues facing today's nurse managers and tomorrow's nurse leaders. Newly revised and updated, Barbara Cherry and Susan Jacob provide the most practical and balanced preparation for the issues, trends, and management topics you will encounter in practice. Content mapped to the AACN BSN Essentials emphasizes intraprofessional teams, cultural humility and sensitivity, cultural competence, and the CLAS standards. Vignettes at the beginning of each chapter put nursing history and practice into perspective, followed by Questions to Consider While Reading This Chapter that help you reflect on the Vignettes and prepare you for the material to follow. Case studies throughout the text challenge you to apply key concepts to real-world practice. Coverage of leadership and management in nursing prepares you to function effectively in management roles. Career management strategies include advice for making the transition from student to practitioner and tips on how to pass the NCLEX-RN® examination. Key terms, learning outcomes, and chapter overviews help you study more efficiently and effectively. Helpful websites and online resources provide ways to further explore each chapter topic. Coverage of nursing education brings you up to date on a wide range of

topics, from the emergence of interactive learning strategies and e-learning technology, to the effects of the nursing shortage and our aging nursing population. Updated information on paying for health care in America, the Patient Protection and Affordable Care Act, and statistics on health insurance coverage in the United States helps you understand the history and reasons behind healthcare financing reform, the costs of healthcare, and current types of managed care plans. A new section on health information technology familiarizes you with how Electronic Health Records (EHRs), point-of-care technologies, and consumer health information could potentially impact the future of health care. Updated chapter on health policy and politics explores the effect of governmental roles, structures, and actions on health care policy and how you can get involved in political advocacy at the local, state, and federal level to help shape the U.S. health care system. The latest emergency preparedness and response guidelines from the Federal Emergency Management Agency (FEMA), the Centers for Disease Control (CDC), and the World Health Organization (WHO) prepare you for responding to natural and man-made disasters.

## The Jim Crow Encyclopedia: Greenwood Milestones in African American History [2 volumes]

### Greenwood Milestones in African American History

*ABC-CLIO* Jim Crow refers to a set of laws in many states, predominantly in the South, after the end of Reconstruction in 1877 that severely restricted the rights and privileges of African Americans. As a caste system of enormous social and economic magnitude, the institutionalization of Jim Crow was the most significant element in African American life until the 1960s Civil Rights Movement led to its dismantling. Racial segregation, as well as responses to it and resistance against it, dominated the African American consciousness and continued to oppress African Americans and other minorities, while engendering some of the most important African American contributions to society. This major encyclopedia is the first devoted to the Jim Crow era. The era is encapsulated through more than 275 essay entries on such areas as law, media, business, politics, employment, religion, education, people, events, culture, the arts, protest, the military, class, housing, sports, and violence as well as through accompanying key primary documents excerpted as side bars. This set will

serve as an invaluable, definitive resource for student research and general knowledge. The authoritative entries are written by a host of historians with expertise in the Jim Crow era. The quality content comes in an easy-to-access format. Readers can quickly find topics of interest, with alphabetical and topical lists of entries in the frontmatter, along with cross-references to related entries per entry. Further reading is provided per entry. Dynamic sidebars throughout give added insight into the topics. A chronology, selected bibliography, and photos round out the coverage. Sample entries include Advertising, Affirmative Action, Armed Forces, Black Cabinet, Blues, Brooklyn Dodgers, *Bolling v. Sharpe*, Confederate Flag, Congress of Racial Equality (CORE), Detroit Race Riot 1943, Ralph Ellison, *Eyes on the Prize*, G.I. Bill, Healthcare, Homosexuality, Intelligence Testing, Japanese Internment, Liberia, Minstrelsy, Nadir of the Negro, Poll Taxes, Rhythm and Blues, Rural Segregation, Sharecropping, Sundown Towns, Booker T. Washington, Works Project Administration, World War II.

## African Americans in Sports

*Routledge* This two-volume set features 400 articles on African-Americans in sports, including biographical entries as well as entries on events, tournaments, leagues, clubs, films, and associations. The entries cover all professional, amateur, and college sports such as baseball, tennis, and golf.

## A Picture Gallery of the Soul

*Univ of California Press* "A Picture Gallery of the Soul presents the work of more than one hundred Black American artists whose practice incorporates the photographic medium. Organized by the Katherine E. Nash Gallery at the University of Minnesota, this group exhibition samples a range of photographic expressions produced over three centuries, from traditional photography to mixed media and conceptual art. From the daguerreotypes made by Jules Lion in New Orleans in 1840 to the Instagram post of the Baltimore Uprising made by Devin Allen in 2015, photography has chronicled Black American life, and Black Americans have defined the possibilities of photography. Frederick Douglass recognized the quick, easy, and inexpensive reproducibility of photography and developed a theoretical framework for understanding its impact on public discourse, which he delivered as a series of four lectures during the Civil War. The subject of 160 photographic portraits and the most photographed American of the nineteenth century, Douglass anticipated that the history of American photography and the history of Black American culture and politics would be deeply intertwined. A Picture Gallery of the Soul honors the diverse visions of Blackness made manifest through the lens of photography. Published in association with the Katherine E. Nash Gallery. Exhibition dates: Katherine E. Nash Gallery: September 13-December 10,

## An African American Dilemma

# A History of School Integration and Civil Rights in the North

*Oxford University Press* **Presenting a revealing historical perspective on today's charged schooling choices, *An African American Dilemma* illuminates the tensions between school integration and separation that have shaped the long history of black struggles for equal education and civil rights in the North.**
