FINANCIAL ACCOUNTING, STUDY GUIDE

John Wiley & Sons Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.

STUDY GUIDE TO ACCOMPANY FINANCIAL ACCOUNTING, 8E

John Wiley & Sons These are the Working Papers to accompany Financial Accounting, 8th Edition. Financial Accounting, 8th Edition, by Weygandt, Kimmel, Kieso provides students with a clear introduction to financial accounting that is full of real world and relevant examples to students lives. The Team for Success authors understand where students struggle in this course and have developed a learning system that illustrates the accounting cycle and key transactions, while giving them the tools to apply their learning through sample exercises throughout the chapter. By expanding coverage of IFRS, this edition keeps students at the forefront of global issues that impact their future careers in business and accounting.
