Casanova Part 3 - Military Career** *Independently Published* **This is a biographical book. I had been careful, on my arrival in Bologna, to take up my quarters at a small inn, so as not to attract any notice, and as soon as I had dispatched my letters to Therese and the French officer, I thought of purchasing some linen, as it was at least doubtful whether I should ever get my trunk. I deemed it expedient to order some clothes likewise. I was thus ruminating, when it suddenly struck me that I was not likely now to succeed in the Church, but feeling great uncertainty as to the profession I ought to adopt, I took a fancy to transform myself into an officer, as it was evident that I had not to account to anyone for my actions.
