---

### USB EMBEDDED HOSTS

---

---

### THE DEVELOPER'S GUIDE

---

*Lakeview Research LLC* **Developers who want to access USB devices from their embedded systems will find a helpful resource in USB Embedded Hosts: The Developer's Guide. This new book from the author of USB Complete shows how small systems can take advantage of the same wealth of USB devices available to conventional PCs. The book begins with a review of USB host communication protocols. Readers then learn which USB host requirements are relaxed for embedded systems and what new requirements some embedded systems must meet. To help in selecting a development platform, the book explores available hardware and software for USB host communications in small systems. The heart of the book focuses on communicating with USB devices. The topics (with example code) include USB drives, keyboards, virtual serial ports, network bridges, mics, speakers, video cameras, and printers, plus devices that don't fit defined USB classes. Also discussed are systems that support both USB host and device functions. The example code is written for the BeagleBoard-xM open development board using a distribution of Linux targeted to small systems. Also covered is how to use Linux commands and utilities to learn about, monitor, and debug communications with USB devices.**

### THE EINSTEIN FACTOR

---

---

### A PROVEN NEW METHOD FOR INCREASING YOUR INTELLIGENCE

---

*Harmony* **"The Einstein Factor liberates mental abilities you didn't know you had. I tried the techniques in the book and they paid off instantly. It's almost scary." —Duncan Maxwell Anderson, senior editor, Success. New research suggests that the superior achievements of famous thinkers may have been more the result of mental conditioning than genetic superiority. Now you can learn to condition your mind in the same way and improve your performance in virtually all aspects of mental ability, including memory, quickness, IQ, and learning capacity. Intelligence pioneer Dr. Win Wenger has identified the tools you need to reach greater levels of sharpness, insight, and overall intelligence. Using Wenger's Image**

Streaming technique, you learn to bypass inhibitions and access the hypernormal capabilities hidden in your own subconscious. Discover how you can: • Improve your memory • Read faster and learn more quickly • Solve problems like a genius • Score higher on tests • Build self-esteem • Induce a state of total creative absorption • Access powerful subconscious insights through visualization • Increase your intelligence The Einstein Factor is your key to living an extraordinarily effective and creative life!

---

## **POSITIVE LIGHTNING**

---

*Bink Books* Kate Winter teaches dog owners how to train their canine companions. During her spare time, accompanied by her Lab, Dakota, she explores the woods and beaches on foot or horseback. She's worried that something's happening in her relationship, but she can't get her girlfriend Trish to talk to her about it. Faith Hutchins recently lost her sight after a terrible outdoor accident. She's dealt with her anger, depression, and blindness primarily on her own. A seeing-eye dog would help alleviate her reliance on anyone else, but the guide dog school has been unsuccessful in providing her with one. On a mission to find someone who will train a dog specifically for her, she ultimately zeroes in on Kate. They say lightning never strikes the same place twice. But positive lightning is notoriously unpredictable and can ignite a fire when and where least expected . . . no matter who's in its path."

## **PRIVATE CORRESPONDENCE OF WILLIAM COWPER, ESQ., WITH SEVERAL OF HIS MOST INTIMATE FRIENDS**

---

---

## **THE REAL HISTORY OF THE END OF THE WORLD**

---

---

## **APOCALYPTIC PREDICTIONS FROM REVELATION AND NOSTRADAMUS TO Y2K AND 2012**

---

*Penguin* From the author of *The Real History Behind the Templars--the origins and stories behind end-of-the-world predictions throughout history, from Revelations to 2012*. In entertaining and sharp prose, historian Sharan Newman explores theories of world destruction from ancient times up to the present day- theories which reveal as much about human nature as they do about the predominant historical, scientific, and religious beliefs of the time. Readers will find answers to the following end-of-times questions: ?Did the Mayans really say the world will end in December 2012? ?How have the signs in the New Testament Book of Revelations been interpreted over the years? ?How did ancient Egyptians, Norse, and Chinese think the world would end? ?When did Nostradamus predict that the last days would come? ?Does the I Ching reference 2012? ?Why didn't the world end in Y2K? ?Are meteors, global warming, super-volcanoes, and the threat of nuclear war signs that the end is near?

---

### **PRETTY LITTLE THINGS TO FILL UP THE VOID**

---

In a city of chemical warehouses and entropic factories, viral DJ's and anarchist skatepunks share the streets with nihilistic video game junkies and makeshift revolutionaries, whilst pirate broadcasters battle against one another and renegade paramedics hijack the dead and dying for profit . . . *Pretty Little Things to Fill Up the Void* is the story of four characters and their constantly-intertwining lives as they search for meaning and purpose in a place that seems to deny either: Elisabeth Afterlife, a renegade documentarist, haunted by the ghost of a bloody girl; Catalina Rodriguez, a fiery teenager and thrill-seeker; and the artists-lovers Camille and Auguste. And alongside all of them there is the mysterious Shiva, lurking in her complex of workshops, and moving devious chemical hands that will soon encompass all of the characters in an explosive point of singularity . . .

---

### **QUICK AND EASY AIR FRIED BREAKFAST RECIPES**

---

---

### **GIVE YOUR MORNING A BOOST PREPARING THESE SUPER AFFORDABLE MEALS**

---

*Samiyah Pearson* !! **55% OFF FOR BOOKSTORES !!** Did you know that air fryers require you to use less oil to cook food than deep fryers? Were you aware of the fact that air fryers cook food with lower fat content and thus help decrease calorie consumption? Air fryers can encourage weight loss due to the way in which foods are cooked. Compared to deep-frying, utilizing an air fryer may minimize the use of dietary acrylamide, a chemical which is associated with some forms of cancer. Air-fried foods are comparatively lower than deep-fried foods in calories, fat, and acrylamide, which makes consuming such foods healthier. Air fryers have witnessed a surge in popularity because of an increase in health awareness among people. Air fryers facilitate healthy lifestyles because they help "fry" food without having the harmful health effects that ensue when foods are fried in oil. You can also cook many foods in an air fryer, including chicken, fries, pastries, or fish. Moreover, if you are cooking rice, you will need little or no oil at all. This book is helpful for anyone who is concerned about his or her health and wants to live a longer life. If this describes you, then get your copy today and enjoy eating food that will help you lead an active and healthy life!
