Random House Canada is proud to bring you classic works of literature in ebook form, with the highest quality production values. Find more today and rediscover books you never knew you loved.

Corpus Stylistics

Speech, Writing and Thought Presentation in a Corpus of English Writing

Routledge This book combines stylistic analysis with corpus linguistics to present an innovative account of the phenomenon of speech, writing and thought presentation - commonly referred to as 'speech reporting' or 'discourse presentation'. This new account is based on an extensive analysis of a quarter-of-a-million word electronic collection of written narrative texts, including both fiction and non-fiction. The book includes detailed discussions of: The construction of this corpus of late twentieth-century written British narratives taken from fiction, newspaper news reports and (auto)biographies The development of a manual annotation system for speech, writing and thought presentation and its application to the corpus. The findings of a quantitative and qualitative analysis of the forms and functions of speech, writing and thought presentation in the three genres represented in the corpus. The findings of the analysis of a range of specific phenomena, including hypothetical speech, writing and thought presentation, embedded speech, writing and thought presentation and ambiguities in speech, writing and thought presentation. Two case studies concentrating on specific texts from the corpus. Corpus Stylistics shows how stylistics, and text/discourse analysis more generally, can benefit from the use of a corpus methodology and the authors' innovative approach results in a more reliable and comprehensive categorisation of the forms of speech, writing and thought presentation than have been suggested so far. This book is essential reading for linguists interested in the areas of stylistics and corpus linguistics.

James Bond's Evolution

From Casino Royale to Spectre

Nader Elhefnawy Just what inspired Ian Fleming's original James Bond novels? What exactly did they do to lay the foundations for the classic Bond films of the '60s—and how did the films break with the books? How did EON Productions manage to keep audiences coming back for decades? What really changed in the reboot—and what stayed the same? How do the later Bond novels of writers like John Gardner and William Boyd fit into the bigger picture? **JAMES BOND'S EVOLUTION: FROM CASINO ROYALE TO SPECTRE** looks at all these questions and more in a study not just of the novels or the films but both which traces the broader Bond phenomenon from its origins in post-World War II Britain to the present. In doing so it looks not just at where it all came from, but how the Bond films and books were transformed time and again to stay popular through six tumultuous decades of political and cultural change.

Casino Royale

Casino Royale is the first novel written by Ian Fleming featuring the 00 agent Commander James Bond, published in 1953. The plot revolves around a plan to take down Le Chiffre, an agent of SMERSH, by bankrupting him in a high-stakes game of Baccarat Chemin-de-fer. (Reprint)

The World of James Bond

The Lives and Times of 007

This insightful and entertaining book offers a historian's perspective on James Bond. Tracing Bond's evolution since his appearance in 1953, Black follows the fraught course of the final Daniel Craig movie, *No Time to Die*, looks to the post-Craig years, and considers the continuing cultural significance of Bond in the modern world.

The James Bond Bedside Companion

Crossroad Press New revised digital edition of the classic 007 reference book from the 1980s, complete with a new Foreword by the author. **THE JAMES BOND BEDSIDE COMPANION** is an encyclopedic celebration of 007, who is still the world's most popular secret agent. The only book to cover all aspects of the James Bond phenomenon in a single volume, it includes: a) An intimate portrait of Ian Fleming as remembered by his friends and colleagues; b) a character study of James Bond—his background and early life, his clothing and other personal habits, his preferences in food and drink, his attitudes toward women and marriage; c) The by-products of Bondmania and the merchandising of 007; d) Detailed analyses of every James Bond novel by Ian Fleming, as well as those written by other authors through the 1980s; e) A critical look at the 007 film series—the producers, screenplays, directors, actors, soundtracks, and special effects; f) over 100 photographs; g) An Introduction written by Ernest Cuneo, perhaps Fleming's closest American friend; h) And enough facts, figures, and miscellaneous Bondian trivia to satisfy even the most ardent fan. **THE JAMES BOND BEDSIDE COMPANION** covers the Bond films through *The Living Daylights* (1987) and the novels through John Gardner's *Scorpius*. **BIO:** Raymond Benson is the highly acclaimed author of twenty-five books, six original James Bond 007 novels, three film novelizations, three short stories, and two anthologies on Bond. He is a sought-after lecturer on film genres and history. Writing as David Michaels, Benson is a *New York Times* best-selling author, an Edgar Allan Poe Award nominee, and a Readers' Choice Award winner.

James Bond: The Paradise Plot

A staple for the beginner, a refresher for the pro." **JOE MOORE**, #1 Amazon and international bestselling co-author of *The Blade*, *The Shield*, and *The Phoenix Apostles* A companion guide to this one, Jodie's **FIRE UP YOUR FICTION - An Editor's Guide to Writing Compelling Stories**, is available in both e-book and

trade paperback.

Trigger Mortis

A James Bond Novel

Hachette UK Literary legend James Bond returns to his 1950s heyday in this exhilarating thriller by Sunday Times bestselling author Anthony Horowitz. It's 1957 and James Bond (agent 007) has only just survived his showdown with Auric Goldfinger at Fort Knox. By his side is Pussy Galore, who was with him at the end. Unknown to either of them, the USSR and the West are in a deadly struggle for technological superiority. And SMERSH is back. The Soviet counter-intelligence agency plans to sabotage a Grand Prix race at the most dangerous track in Europe. But it's Bond who finds himself in the driving seat and events take an unexpected turn when he observes a suspicious meeting between SMERSH's driver and a sinister Korean millionaire, Jai Seong Sin. Soon Bond is pitched into an entirely different race uncovering a plan that could bring the West to its knees. Welcoming back familiar faces, including M and Miss Money Penny, international bestselling author Anthony Horowitz ticks all the boxes: speed, danger, strong women and fiendish villains, to reinvent the golden age of Bond in this brilliantly gripping adventure. Trigger Mortis is also the first James Bond novel to feature previously unseen Ian Fleming material. This is James Bond as Fleming imagined him.

Live and Let Die

James Bond When a crooked trail of smuggled gold leads James Bond to Harlem, New York, he encounters Mr. Big, a gangland kingpin who uses voodoo to control his vast criminal empire.

James Bond Collection

Dr. No, Casino Royale, Diamonds Are Forever

Dr. No: Dispatched by M to investigate the mysterious disappearance of MI6's Jamaica station chief, Bond was expecting a holiday in the sun. But when he discovers a deadly centipede placed in his hotel room, the vacation is over. On this island, all suspicious activity leads inexorably to Dr. Julius No, a reclusive megalomaniac with steel pincers for hands. To find out what the good doctor is hiding, 007 must enlist the aid of local fisherman Quarrel and alluring beachcomber Honeychile Rider. Together they will combat a local legend the natives call "the Dragon," before Bond alone must face the most punishing test of all: an obstacle course — designed by the sadistic Dr. No himself — that measures the limits of the human body's capacity for agony. **Casino Royale:** In the novel that introduced James Bond to the world, Ian Fleming's agent 007 is dispatched to a French casino in Royale-les-Eaux. His mission? Bankrupt a ruthless Russian agent who's been on a bad luck streak at the baccarat table. One of SMERSH's most deadly operatives, the man known only as "Le Chiffre," has been a prime target of the British Secret Service for years. If Bond can wipe out his bankroll, Le Chiffre will likely be "retired" by his paymasters in Moscow. But what if the cards won't cooperate? After a brutal night at the gaming tables, Bond soon finds himself dodging would-be assassins, fighting off brutal torturers, and going all-in to save the life of his beautiful female counterpart, Vesper Lynd. Taut, tense, and effortlessly stylish, Ian Fleming's inaugural James Bond adventure has all the hallmarks that made the series a touchstone for a generation of readers. **Diamonds are Forever:** An international diamond-smuggling pipeline has opened up and the British Treasury wants to know who's controlling it. Impersonating a captured courier named Peter Franks, Bond infiltrates the criminal ring and finds an unlikely ally in Tiffany Case, a gorgeous American with a dark past. As the ring's stateside go-between, she may be just another link in the chain, but Tiffany is also Bond's best shot at finding the elusive figure at the head of the operation—a syndicate boss known only by the initials "ABC." But if Bond's cover gets blown, he'll find that the only thing harder than a diamond is surviving the payback of a pair of murderous henchmen. With a sparkling trail of smuggled gems as bait, *Diamonds Are Forever* leads Bond on a globe-hopping mission where deadly assassins lurk behind every corner.

Devil May Care

Penguin UK Bond is back. With a vengeance. M has summoned agent 007 to London. It's the swinging Sixties and a flood of narcotics is pouring into Britain. Sinister industrialist Dr Julius Gornier is identified as the source and James Bond is dispatched to investigate. The trail takes Bond to Paris and then Persia where the beautiful and enigmatic twins Scarlett and Poppy lead him to Gornier's secret desert headquarters. Here, Bond uncovers Gornier's cold-blooded plans for world domination. Only by playing Gornier's twisted game can Bond stop him . . .

Ian Fleming's Seven Deadlier Sins and 007's Moral Compass

Front Edge Publishing Here's a book that will open your eyes and fascinate you with the many guises of evil in our times. It's also a book that will usefully disturb you, as you find these evil processes at work in your own life. Ultimately, it's a

book that will reward your efforts as you look at evil through the eyes of Ian Fleming's James Bond. Like bond, you too might be roused to take on the dragons of evil in our midst. Great for individual reflection or small group study. Includes a complete study guide and other extras to help you quickly spark discussion in your group.

The Man with the Golden Typewriter

Ian Fleming's James Bond Letters

Bloomsbury Publishing 'Constantly entertaining ... So much here to amuse and inform' *Observer* 'These friendly, knockabout letters are a treat' *Sunday Telegraph* 'Irresistible' *New York Times* _____ Before the world-famous Bond films came the world-famous novels. This book tells the story of the man who wrote them and how he created spy fiction's most compelling hero. In August 1952, Ian Fleming bought a gold-plated typewriter as a present to himself for finishing his first novel, *Casino Royale*. It marked in glamorous style the arrival of James Bond, agent 007, and the start of a career that saw Fleming become one of the world's most celebrated thriller writers. Before his death in 1964 he produced fourteen bestselling Bond books, two works of non-fiction and the famous children's story *Chitty-Chitty-Bang-Bang*. Fleming's output was matched by an equally energetic flow of letters. He wrote constantly, to his wife, publisher, editors, fans, critics and friends, including Raymond Chandler, Noël Coward and Somerset Maugham. His letters - witty and charming, funny and revealing - chart 007's progress: from badgering his publisher about his quota of free copies to apologising to readers for having mistaken a certain brand of perfume and for equipping Bond with the wrong kind of gun. Collected here together by his nephew, the letters provide a fascinating insight into the mind of the man who created a worldwide sensation. 'Splendid' *New Statesman* 'A revelation' *Guardian* 'A fascinating portrait of Bond's creator, revealing a man of keen wit and charm' *Gentleman's Journal*

You Only Live Twice

Fine Communications Three more of Ian Fleming's original James Bond adventures in classic, eye-catching packages

James Bond: Live And Let Die Graphic Novel

Dynamite Entertainment In this second adaptation of the Fleming novels... Bond is sent to New York City to investigate "Mr. Big", an agent of SMERSH and a criminal voodoo leader. With no time for superstition—and with the help of his colleague in the CIA, Felix Leiter, Bond tracks "Mr. Big" through the jazz joints of Harlem, to the everglades and on to the Caribbean, knowing that this criminal heavy hitter is a real threat. No-one, not even the mysterious Solitaire, can be sure how their battle of wills is going to end...

Ian Fleming's Inspiration

The Truth Behind the Books

Pen and Sword History James Bond is possibly the most well known fictional character in history. What most people don't know is that almost all of the characters, plots and gadgets come from the real life experiences of Bond's creator - Commander Ian Fleming. In this book, we go through the plots of Fleming's novels explaining the real life experiences that inspired them. The reader is taken on a journey through Fleming's direct involvement in World War II intelligence and how this translated through his typewriter into James Bond's world, as well as the many other factors of Fleming's life which were also taken as inspiration. Most notably, the friends who Fleming kept, among whom were Noel Coward and Randolph Churchill and the influential people he would mingle with, British Prime Ministers and American Presidents. Bond is known for his exotic travel, most notably to the island of Jamaica, where Fleming spent much of his life. The desk in his Caribbean house, Goldeneye, was also where his life experiences would be put onto paper in the guise of James Bond. As the island was highly influential for Fleming, it features heavily in this book, offering an element of escapism to the reader, with tales of a clear blue sea, Caribbean climate and island socialising. Ian Fleming might have died prematurely aged 53, but so much of him lives on to this day through the most famous spy in the world, James Bond.

The Politics of James Bond

From Fleming's Novels to the Big Screen

U of Nebraska Press The adventures and antics of James Bond have provided the world with many of the most gripping story lines of the last half-century. Fleming's novels were bestsellers in their day, and the Bond films have been even more popular, becoming the most enduring and successful film franchise in history. By some estimates, half of the world's population has seen a James Bond movie. A fascinating and accessible account of this global phenomenon, *The Politics of James Bond* uses the plots and characterizations in the novels and the blockbuster films to place Bond in a historical, cultural, and political context. ø Jeremy Black charts and explores how the settings and the dynamics of the Bond adventures have changed over time in response to shifts in the real-world environment in which the fictional

Bond operates. Sex, race, class, and violence are each important factors, as Agent 007 evolves from Cold War warrior to foe of SPECTRE and eventually to world defender pitted against megalomaniacal foes. The development of Bond, his leading ladies, and the major plots all shed light on world political attitudes and reflect elements of the real espionage history of the period. This analysis of Bond's world and his lasting legacy offers an insightful look at both cultural history and popular entertainment.

Novels by Ian Fleming

Dr. No, from Russia, with Love, Chitty Chitty Bang Bang, Goldfinger, Moonraker, Thunderball, Casino Royale, Live A

University-Press.org Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Commentary (novels not included). Pages: 29. Chapters: Dr. No, From Russia, with Love, Chitty Chitty Bang Bang, Goldfinger, Moonraker, Thunderball, Casino Royale, Live and Let Die, The Man with the Golden Gun, On Her Majesty's Secret Service, The Spy Who Loved Me, Diamonds Are Forever, You Only Live Twice. Excerpt: Thunderball is the ninth novel by Ian Fleming based on the fictional British Secret Service agent James Bond. Fleming wrote it intending to film it; it is officially credited as "based on a screen treatment by Kevin McClory, Jack Whittingham and Ian Fleming," a controversial shared credit that was the result of a courtroom decision. The novel was first published on 27 March 1961, and is technically the first novelisation of a James Bond screenplay, though when written and published, the film had yet to be produced - and when it was, the screenplay was rewritten by others. The documentary tribute on Cubby Broccoli on the Eon Productions franchise's 25th anniversary special edition DVDs shows wife Dana Broccoli explaining that the novel was the first Bond film project Cubby had hoped to make - only to have to delay it several times (and almost 10 years) while the legal situation settled out. Despite the film rights and plagiarism dispute, the plot was serialised as a daily newspaper comic strip in 1961 - one factor that attracted the producers' interest according to her interview - Cubby Broccoli enjoyed reading the strip, and had tried to acquire film rights because of it, only to learn of the legal dispute, and that they'd been bought from Ian Fleming's publicist. Accordingly Broccoli was delighted to find out from a mutual friend, screenwriter Wolf Mankowitz, that a Canadian Harry Saltzman, held the film rights to most of the Bond works, and further was looking for financing and a partner. Mankowitz arranged a meet...

Dr No

With an Introduction by Sam Bourne Aka Jonathan Freedland

Random House M called this case a soft option. Bond can't quite agree. The tropical island is luxurious, the seductive Honey Rider is beautiful and willing. However, they are both part of the empire of Dr No. His obsession is power, and his gifts are pain-shaped.

Goldfinger

Good Press "Goldfinger" by Ian Fleming. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

James Bond Uncovered

Springer This volume brings fresh perspectives to the study of James Bond. With a strong emphasis on the process of Bond's incarnation on screen and his transit across media forms, chapters examine Bond in terms of adaptation, television, computer games, and the original novels. Film nonetheless provides the central focus, with analysis of both the corpus as a whole—from Dr. No to Spectre—and of particular films, from popular and much-discussed movies such as Goldfinger and Skyfall to comparatively under-examined texts such as the 1967 Casino Royale and A View to a Kill. Contributors' expertise and interests encompass such diverse aspects of and approaches to the Bond stories as Sound Design, Empire, Food and Taste, Geo-politics, Feminist re-reading, Tarot, Landscape and Sets.

The Life of Ian Fleming

A&C Black From the author of *All the Money in the World* and *The Profession of Violence* comes the definitive biography of James Bond's creator, Ian Fleming. It is now over fifty years since the premiere of *Dr No*, the very first Bond film, with Sean Connery introducing 007 as the glamorous secret agent who would become the single most profitable movie character in the history of cinema. But James Bond was invented by one man, Ian Fleming, a wartime intelligence officer and Sunday Times newspaper man who lived to see only the very beginning of the Bond cult. Pearson, who worked with Fleming at the Sunday Times, based this biography on his own memories of Fleming, on Fleming's private papers, and on a series of interviews with an extraordinary collection of Fleming's contemporaries - family, friends, enemies, teachers, colleagues, mistresses, and former spies from around the world. First published in 1966, John Pearson's famous biography remains the definitive account of how only Ian Fleming could have dreamed up James Bond, for he led a life as colourful as anything in his fiction, which in turn became a covert autobiography. Charming, debonair and a ruthless womaniser, globetrotting from wartime Algiers to beachside Jamaica, Fleming was as elusive and opaque as his imaginary creation. In his new introduction to this edition, Pearson examines the extent to which Fleming's character informs the movie portrayals of Bond, from Sean Connery through to Daniel Craig, and how Bond himself has achieved immortality beyond Fleming's wildest dreams.

The James Bond Phenomenon

A Critical Reader

Manchester University Press Sean Connery's tuxedo, Ursula Andress' bikini, Oddjob's bowler hat, and Q's gadgets are just a few defining features of the 007 world examined in this text. Drawn from the fields of literary, film, music and cultural studies, the essays in this collection range from revitalized readings of Ian Fleming's spy novels to the analysis of Pussy Galore's lesbianism, Miss Monneypenny's filmic feminism and Pierce Brosnan's techno-fetishism. Together the essays not only consider the James Bond novels and films in relation to their historical, political and social contexts, from the Cold-War period onwards, but also examine the classic bond canon from an array of theoretical perspectives. What the text aims to show is that there is much more to the 007 series than cheap thrills, fast cars and beautiful women. Leach, among others, Lindner illustrates not only how the Bond character has conquered the globe, but has sustained its pre-eminence across six decades. Starting with the original books and moving through the films, the music and the marketing, this study should be of use to students of film, media, popular literature, marketing and cultural studies.

No Deals, Mr. Bond

Putnam Adult Left on his own, without the help of M and the Service, James Bond must uncover a traitor and put an end to the brutal and ritualistic murders of former double agents

British Spy Fiction and the End of Empire

Routledge The position of spy fiction is largely synonymous in popular culture with ideas of patriotism and national security, with the spy himself indicative of the defence of British interests and the preservation of British power around the globe. This book reveals a more complicated side to these assumptions than typically perceived, arguing that the representation of space and power within spy fiction is more complex than commonly assumed. Instead of the British spy tirelessly maintaining the integrity of Empire, this volume illustrates how spy fiction contains disunities and disjunctions in its representation of space, and the relationship between the individual and the state in an era of declining British power. Focusing primarily on the work of Graham Greene, Ian Fleming, Len Deighton, and John le Carre, the volume brings a fresh methodological approach to the study of spy fiction and Cold War culture. It presents close textual analysis within a framework of spatial and sovereign theory as a means of examining the cultural impact of decolonization and the shifting geopolitics of the Cold War. Adopting a thematic approach to the analysis of space in spy fiction, the text explores the reciprocal process by which contextual history intersects with literature throughout the period in question, arguing that spy fiction is responsible for reflecting, strengthening and, in some cases, precipitating cultural anxieties over decolonization and the end of Empire. This study promises to be a welcome addition to the developing field of spy fiction criticism and popular culture studies. Both engaging and original in its approach, it will be important reading for students and academics engaged in the study of Cold War culture, popular literature, and the changing state of British identity over the course of the latter twentieth century.

The Schirmer Inheritance

Ipsos Books George Cary, former WWII bomber pilot and newly minted lawyer, reviews the files on the Schneider Johnson case, to make sure nothing has been overlooked. What George discovers connects a deserter from Napoleon's defeated army to a guerrilla fighter in post-war Greece, and leads him into a dangerous situation where his own survival will depend more on what he learned in the army than anything he learned in law school.

The Changing Representation of Hegemonic Masculinity in Recent James Bond Films

A Case Study on Casino Royale

GRIN Verlag Seminar paper from the year 2020 in the subject English Language and Literature Studies - Other, grade: 1,3, University of Bremen (Faculty 10 - Languages and Literary Studies), course: Analyzing Hollywood Cinema, language: English, abstract: The question this paper will try to answer is whether more recent Bond films such as *Casino Royale* still contain masculinities which define themselves through sexist or violent attitudes towards women and if those masculinities can be classified as hegemonic ones. That question is highly interesting because, as Julian Dörr from the German newspaper *Süddeutsche Zeitung* says, Bond's role is a mirror of society and its masculinity. Thus, this paper will show that recent James Bond films such as *Casino Royale* portray different, less toxic and less sexist representations of masculinity because changes in society and the promotion of emancipation have also influenced western film making. In order to check if that thesis can be proofed, the general construction of James Bond's masculinity will be analyzed and deconstructed. This will be done by following certain premises which will be explained in chapter 3. Even though *Casino Royale* is not a Hollywood film, I decided to choose it as my main source for analyzing masculinity in film. As the analytical approach of Hollywood films does not differ from the one used for British films and as *Casino Royale* was also produced in western society, the underlying values and norms do not differ to a great extent. Thus, using *Casino Royale* as the main source, will offer as much output as a Hollywood film would. The series, starting with *Dr. No*, which was released in 1962, compiles 25 films from which *Spectre* is the most recent one. Due to the series' longevity, it has reached and influenced several generations and even though Ian Fleming, the creator of James Bond, did not want to convey any meaning or political standpoint, his works and their adaptations caused several debates and controversies. One of the films' most criticized aspects is their toxic representation of masculinity and the males' attitude towards women.

The SPECTRE Trilogy

Read the full SPECTRE saga with these three addictive James Bond novels

Random House There's no better time to rediscover James Bond. SPECTRE is the ultimate threat; the merciless international terrorist organisation led by James Bond's nemesis, Ernst Stavro Blofeld. In *Thunderball*, SPECTRE is holding the world to ransom with two stolen nuclear weapons and it is 007's duty to find them in time to prevent a global catastrophe. In *On Her Majesty's Secret Service*, Bond disrupts SPECTRE's plan to destroy Britain from the inside, but little does he know victory will bring tragic consequences. In *You Only Live Twice*, grief-stricken and erratic, Bond is given one last chance to face his arch-enemy in a battle to the death. 'Bond is a hero for all time' Jeffrey Deaver

The Signs of James Bond

Semiotic Explorations in the World of 007

McFarland "This study reveals how the James Bond universe creates different poles of attention (narrative authority) by fusing different narrative domains (semiotic codes) that work in harmony to compose an entire narrative universe that goes beyond a mere spy adventure to become a genre in itself as well as a cultural reference"--Provided by publisher.
