GREAT POLITICAL THINKERS

PLATO TO THE PRESENT

INTRODUCTION TO POLITICAL THINKERS

Holt Rinehart & Winston

POLITICAL THINKERS

FROM SOCRATES TO THE PRESENT

Oxford University Press *Political Thinkers* is the most comprehensive introduction to Western political thought written by a team of internationally renowned scholars. The third edition provides students with a clear and engaging introduction to the canon of great theorists, from Socrates and the Sophists to contemporary thinkers such as Rawls and Arendt. Each chapter begins with a helpful chapter guide, a biographical sketch of the thinker, a list of their key texts, and their key ideas. Part introductions and a concluding chapter enable readers to understand the social and political contexts that inspired political thinkers to write. The third edition features two brand new chapters on Hannah Arendt, one of the most influential philosophers of the twentieth century, and Hugo Grotius, whose work on just war continues to inform international law today.

POLITICAL THOUGHT

FROM PLATO TO THE PRESENT

McGraw-Hill College

INTRODUCTION TO POLITICAL PHILOSOPHY

THE POLITICAL THOUGHT OF PLATO AND ARISTOTLE

Courier Corporation *Cogent exposition of Greek political thought offers a comprehensive exploration of the works of Plato and Aristotle and examines state power, nature of political organization, citizenship, justice, and related concepts.*

ON POLITICS

A HISTORY OF POLITICAL THOUGHT FROM HERODOTUS TO THE PRESENT

Penguin UK *Three decades in the making, 'On Politics' thrillingly traces the origins of political philosophy.*

THEORIES OF TYRANNY

FROM PLATO TO ARENDT

Penn State Press *Ch. 10 (pp. 381-454), "Fromm, Neumann, and Arendt: Three Early Interpretations of Nazi Germany", discusses the views of Franz Neumann and Hannah Arendt on Nazi antisemitism. Neumann, in his "Behemoth" (1942), stated that the Nazis needed a fictitious enemy in order to unify the completely atomized German society into one large "Volksgemeinschaft". The terrorization of Jews was a prototype of the terror to be used against other peoples. Arendt contends in "The Origins of Totalitarianism" (1951) that it was imperialism which brought about Nazism, Nazi antisemitism, and the Holocaust. Totalitarianism is nothing but imperialism which came home. Insofar as imperialism transcends national boundaries, racism may be very helpful for it, because racism proposes another principle to define the enemy. Jews and other ethnic groups (e.g. Slavs) became easy targets as groups whose claims clashed with those of the expanding German nation. Terror is the essence of totalitarianism, and extermination camps were necessary for the Nazis to prove the omnipotence of their regime and their capability of total domination.*

HISTORY OF POLITICAL PHILOSOPHY

University of Chicago Press *This volume provides an unequalled introduction to the thought of chief contributors to the Western tradition of political philosophy from classical Greek antiquity to the twentieth century. Written by specialists on the various philosophers, this third edition has been expanded significantly to include both new and revised essays.*

WESTERN POLITICAL THOUGHT

Atlantic Publishers & Dist *The Significance Of Political Thought Cannot Be Overemphasized. The Task Of Understanding The Deeper Implications Of The Present Situation And The Future Planning Can Be Assisted By A Careful Study Of Political Thought Of The Ages. The Study Of Political Thought In The Historical Perspective Leads To Mature Thinking And Enables The Political Leaders To Solve Contemporary Problems In A Better Way. The Political Thought Of Modern World Is Based On Western Political Thought. It Is Always Preferred To Begin The Study Of Political Thought With The Western Thinkers, Better Say Greeks, Because Unlike Their Eastern Counterpart, Their Speculations Are Exclusively Contained In Independent Treatises And Do Not Form Part Of Literature Which Was Predominantly Religious And Ethical. Accordingly, The Present Volume Begins With Homer And Includes In Its Study The Prominent Thinkers Of The West Of All Ages Plato, Aristotle, Aquinas, Machiavelli, Hobbes, Locke, Rousseau, Hume, Burke To Name But A Few. Analytic In Presentation, The Present Book Is Concise And Easily Comprehensible. Since Its Matter Has Been Drawn From Authentic Originals And The Books Of Eminent Western Authors Have Been Referred To, The Book Aptly Caters With The Academic Needs Of Students Of Political Science. It Provides A Bibliography And Also A List Of Questions Set At Various University Examinations, Aiming At Facilitating The Preparation For Examination. While The Teachers Will Find This Book An Ideal Reference Book, The General Readers Will Find It Highly Informative.*

GREAT THINKERS

School of Life *Simple tools from 60 great thinkers throughout history to improve your life today.*

POLITICAL QUESTIONS

POLITICAL PHILOSOPHY FROM PLATO TO RAWLS, THIRD EDITION

Waveland Press *Like previous editions, the Third Edition of Arnhart's engaging treatment of political thought is organized around a series of enduring and provocative political questions. It features the work of thirteen philosophers ranging in scope from antiquity to the present: Plato, Aristotle, Augustine, Aquinas, Machiavelli, Descartes, Hobbes, Locke, Rousseau, Hegel, Marx, Nietzsche (new to this edition), and Rawls. The questions presented are designed to illuminate issues in American politics while encouraging students to examine the nature and substance of their own political beliefs. Ideas from the natural and social sciences are introduced and applied to classic philosophical texts. Adopted as a course text at over 300 colleges and universities, Political Questions has become one of the leading textbooks in political philosophy.*

HISTORY OF POLITICAL THEORY: AN INTRODUCTION

VOLUME II: MODERN

Oxford University Press *History of Political Theory: An Introduction* is an engaging introduction to the main figures in the history of Western Political Theory and their most important works. The second volume traces the origin and development of liberal political theory, and so the foundations for contemporary views.

ON THE HISTORY OF POLITICAL PHILOSOPHY

GREAT POLITICAL THINKERS FROM THUCYDIDES TO LOCKE

Routledge *Intended for use in courses on political philosophy or the history of political philosophy, On the History of Political Philosophy* provides a critical account of Western political philosophy from classical Greece to modern times. Demonstrating the continued relevance of historical ideas to today's problems, the author traces ongoing discussions about justice, power, and human nature by examining the ideas of key political theorists.

PLATO AND THE MYTHIC TRADITION IN POLITICAL THOUGHT

Belknap Press *Plato's penchant for mythmaking sits uneasily beside his reputation as the inventor of rationalist philosophy. Hegel's solution was to ignore the myths. Popper thought them disqualifying. Tae-Yeoun Keum responds by carving out a place for myth in the context of rationalism and shows how Plato's tales inspired history's great political thinkers.*

FIFTY MAJOR POLITICAL THINKERS

Routledge *Fifty Major Political Thinkers* introduces the lives and ideas of some of the most influential figures in Western political thought, from ancient Greece to the present day. The entries provide a fascinating introduction to the major figures and schools of thought that have shaped contemporary politics, including: Aristotle Simone de Beauvoir Michel Foucault Mohandas Gandhi Jurgen Habermas Machiavelli Karl Marx Thomas Paine Jean-Jacques Rousseau Mary Wollstonecraft. Fully cross-referenced and including a glossary of theoretical terms, this wide-ranging and accessible book is essential reading for anyone with an interest in the evolution and history of contemporary political thought.

GREAT POLITICAL THINKERS

PLATO TO THE PRESENT

MINERVA'S OWL

Harvard University Press *As Hegel famously noted, referring to the Roman goddess Minerva, her owl brought back wisdom only at dusk, when it was too late to shine light on actual politics. Jeffrey Abramson provides a lively and accessible guide for readers discovering the tradition of political thought that dates back to Socrates and Plato, with contemporary examples that illustrate the enduring nature of political dilemmas.*

IDEAS OF EDUCATION

PHILOSOPHY AND POLITICS FROM PLATO TO DEWEY

Routledge *Provides an overview of the distinctive thinking of a fascinating mix of educational pioneers and thinkers from the canon of philosophers and philosophical schools from the classical, medieval, early modern and modern. Includes: Plato, Aristotle, Hobbes, Locke, Rousseau, Wollstonecraft, Humboldt, Utopian socialists, J.S. Mill, Carpenter and Dewey.*

POLITICAL PHILOSOPHY

FROM PLATO TO MAO

Pluto Press (UK) *Guiding the reader through the key arguments of the classic figures of Western political philosophy, from Plato through to the modern era, this revised edition includes new essays on Aristotle's "Politics", Confucianism, Islamic social philosophy, and Nazism as well as additional material on "Roman Law", Anarchism and "anti-capitalism". Cohen moves chronologically through the development of political philosophy presenting it as a series of "key texts", which (after setting in context) he allows to speak in their own terms before offering short, precise analyses of their strengths, weaknesses and influence. The book finishes with a discussion of modern liberalism and conservatism. Providing both a broad overview and precise summaries of key ideas, this guide will be invaluable for all students of political thought.*

POLITICAL IDEOLOGIES

Routledge *Brief and accessible, Political Ideologies follows the evolution of political thought over 300 years. Organized chronologically, this text examines each major ideology within a political, historical, economic, and social context. Leon Baradat's skillful prose ensures that students obtain a clear understanding of how ideas are influencing the political realities of our time.*

PLATO

POLITICAL PHILOSOPHY

OUP Oxford *The Founders of Modern Political and Social Thought series presents critical examinations of the work of major political philosophers and social theorists, assessing both their initial contribution and their continuing relevance to politics and society. Each volume provides a clear, accessible, historically informed account of a thinker's work, focusing on a reassessment of the central ideas and arguments. The series encourages scholars and students to link their study of classic texts to current debates in political philosophy and social theory. In this authoritative general account of Plato's political thought, a leading scholar of ancient Greek philosophy explores its key themes: education, democracy and its shortcomings, the role of knowledge in government, utopia and the idea of community, money and its grip on the psyche, ideological uses of religion. Between them these define what Plato considered to be the fundamental challenges for politics. All remain live issues. On all of them Plato took radical and uncomfortable positions. The radicalism derives above all from his reflections on the fate of Socrates at the hands of the Athenian democracy in 399 BC. So the book begins with chapters situating Plato's alienation from contemporary politics in its historical context, and examines at length the images of Athens and the Spartan alternative which pervade his writings on politics. The Republic is a main focus of discussion throughout, but ideas and arguments in many other dialogues from Apology and Gorgias to the Statesman and the Laws are examined. Plato: Political Philosophy assumes a broad range of readers - with backgrounds in varied fields (politics, philosophy, classics, history) - who may have little prior knowledge of Plato. It articulates and analyses his main lines of thought, illustrating them with a liberal use of translated excerpts, and highlighting affinities with modern theorists from Machiavelli and Mill to Rawls and Habermas. Schofield's distinctive line of approach to Plato's problems constitutes a lucid and accessible guide for those needing an introduction, and at the same time will provide those who know Plato well with much food for thought.*

NIETZSCHE'S GREAT POLITICS

Princeton University Press *Nietzsche's impact on the world of culture, philosophy, and the arts is uncontested, but his political*

thought remains mired in controversy. By placing Nietzsche back in his late-nineteenth-century German context, Nietzsche's *Great Politics* moves away from the disputes surrounding Nietzsche's appropriation by the Nazis and challenges the use of the philosopher in postmodern democratic thought. Rather than starting with contemporary democratic theory or continental philosophy, Hugo Drochon argues that Nietzsche's political ideas must first be understood in light of Bismarck's policies, in particular his "Great Politics," which transformed the international politics of the late nineteenth century. Nietzsche's *Great Politics* shows how Nietzsche made Bismarck's notion his own, enabling him to offer a vision of a unified European political order that was to serve as a counterbalance to both Britain and Russia. This order was to be led by a "good European" cultural elite whose goal would be to encourage the rebirth of Greek high culture. In relocating Nietzsche's politics to their own time, the book offers not only a novel reading of the philosopher but also a more accurate picture of why his political thought remains so relevant today.

UNDERSTANDING THE POLITICAL PHILOSOPHERS

FROM ANCIENT TO MODERN TIMES

Psychology Press This absorbing study invites you to climb inside the heads of the major political philosophers, as it were, and to see the world through their eyes. Beginning with Socrates and concluding with post-Rawlsian theory, Alan Haworth presents the key ideas and developments with clarity and depth. Each chapter provides a concentrated study of a given thinker or group of thinkers and together they constitute a broad account of the main arguments in political philosophy. There are chapters on Socrates, Plato, Aristotle, Hobbes, Locke, Rousseau, the Utilitarians, Marx, Rawls, and post-Rawlsian developments. This is a fascinating, lively and engaging look at the topic and will be appropriate for any student taking a course in political philosophy or political thought.

POLITICAL THOUGHT: FROM PLATO TO THE PRESENT

McGraw-Hill Humanities, Social Sciences & World Languages Book covers Plato, Aristotle, Roman and Medieval political thought, St. Thomas Aquinas, Machiavelli, Luther and Calvin, the Divine Right of Kings, Hobbes, Locke, Marx, Lenin, Fascism and more.

A WORLD HISTORY OF ANCIENT POLITICAL THOUGHT

Oxford University Press This revised and expanded edition of *A World History of Ancient Political Thought* examines the political thought of ancient Egypt, Mesopotamia, Israel, Iran, India, China, Greece, Rome and early Christianity, from prehistory to c.300 CE. The book explores the earliest texts of literate societies, beginning with the first written records of political thought in Egypt and

Mesopotamia and ending with the collapse of the Han dynasty and the Western Roman Empire.

HOMAGE TO POLITICAL PHILOSOPHY

THE GOOD SOCIETY FROM PLATO TO THE PRESENT

Cambridge Scholars Publishing *This book offers a model introduction to political philosophy, addressing philosophers from Plato to Rawls and Nozick, with each thinker treated as exploring perennial problems. These include ethical truth, free will, the common good, whether God exists, whether America could become a Hobbesian world sovereign, appeals to nature, free speech, the nature of rights, how one can argue with Nietzsche, whether history is predictable, whether the market can be humanized, and assumed genetic differences between races and genders. When a thinker poses a problem not resolvable at that time, (such as racial equality) modern social science and economics are used to provide answers. There are two persistent themes in this book: namely, that a futile search for ethical truth has drained the original image of the good society (Plato and Aristotle) of its rich content, and that the market has replaced justice as the ordering principle of human society leaving philosophers helpless unless they learn economics.*

SCIENTIFIC STATESMANSHIP, GOVERNANCE AND THE HISTORY OF POLITICAL PHILOSOPHY

Routledge *Over the centuries, the question of "good" or "effective" governance has undergone several transformations and ramifications to fit within certain social, cultural and historical contexts. What defines political knowledge? What is the measure of expert political leadership? Various interpretations, perspectives, and re-conceptualizations emerge as one moves from Plato to the present. This edited book explores the relationship between political expertise, which is defined as "scientific statesmanship or governance," and political leadership throughout the history of ideas. An outstanding group of experts study and analyze the ideas of significant philosophers, such as Plato, Aristotle, Augustine, Machiavelli, Hobbes, Locke, Montesquieu, Kant, Burke, Comte, and Weber, among others. The contributors aim to interpret these thinkers' approaches to "scientific statesmanship," deepening our understanding of the idea itself and decoding its theoretical complexities. In the face of the ongoing crisis of the traditional party system and the eroding structures within the new cultural-financial and political environment in the era of globalization, tracing the connection between Plato's idealist statesmanship to twentieth-century modernist politics is an important and ever-challenging enterprise; one that promises to interest scholars of the history of western political thought, philosophy, classics and the classical tradition, political science, and sociology.*

A HISTORY OF MODERN POLITICAL THOUGHT

THE QUESTION OF INTERPRETATION

Oxford University Press *A History of Modern Political Thought analyzes the ways of interpreting modern political thought and interpretations of particular modern political thinkers. It analyses prominent schemes of interpretation such as deconstruction, hermeneutics and contextualism and provides a critical reading of how particular thinkers including Machiavelli, Hobbes, Locke, Hegel, Rousseau, Marx, Bentham, Mill, Nietzsche, and Beauvoir are interpreted in the light of these schemes. The book addresses the question of why there are so many reinterpretations of political thinkers and how we can understand past thinkers. It concludes by developing an interpretive pluralism which recognises the merits of several schemes of interpretation, while furnishing a critical overview which maintains a dialectical perspective that provides an integral overview of the subject.*

AGAINST DEMOCRACY

NEW PREFACE

Princeton University Press *Hobbits and hooligans -- Ignorant, irrational, misinformed nationalists -- Political participation corrupts -- Politics doesn't empower you or me -- Politics is not a poem -- The right to competent government -- Is democracy competent? -- The rule of the knowers -- Civic enemies*

HISTORY OF WESTERN PHILOSOPHY

COLLECTORS EDITION

Routledge *Now in a special gift edition, and featuring a brand new foreword by Anthony Gottlieb, this is a dazzlingly unique exploration of the works of significant philosophers throughout the ages and a definitive must-have title that deserves a revered place on every bookshelf.*

LEVIATHAN

Strelbytskyy Multimedia Publishing *Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiastical and Civil is a book written by an English materialist philosopher Thomas Hobbes about problems of the state existence and development. Leviathan*

is a name of a Bible monster, a symbol of nature powers that belittles a man. Hobbes uses this character to describe a powerful state ("God of the death"). He starts with a postulate about a natural human state ("the war of all against all") and develops the idea "man is a wolf to a man". When people stay for a long time in the position of an inevitable extermination they give a part of their natural rights, for the sake of their lives and general peace, according to an unspoken agreement to someone who is obliged to maintain a free usage of the rest of their rights - to the state. The state, a union of people, where the will of a single one (the state) is compulsory for everybody, has a task to regulate the relations between all the people. The book was banned several times in England and Russia.

POLITICAL THINKERS: PLATO

Psychology Press First published in 1981 this unique study discusses the evolution of Plato's thought through the actual developments in Athenian democracy, the book also demonstrates Plato's continuing responses to changes in political theory and argues for a new understanding of Plato's goals for the state and his ultimate concern for the moral well-being of the citizens.

THE BROADVIEW ANTHOLOGY OF SOCIAL AND POLITICAL THOUGHT - VOLUME 1: FROM PLATO TO NIETZSCHE

Broadview Press This comprehensive volume contains much of the important work in political and social philosophy from ancient times until the end of the nineteenth century. The anthology offers both depth and breadth in its selection of material by central figures, while also representing other currents of political thought. Thucydides, Seneca, and Cicero are included along with Plato and Aristotle; Al-Farabi, Marsilius of Padua, and de Pizan take their place alongside Augustine and Aquinas; Astell and Constant are presented in the company of Locke, Rousseau, and Wollstonecraft. The editors have made every effort to include translations that are both readable and reliable. Every selection has been painstakingly annotated, and each figure is given a substantial introduction highlighting his or her major contribution within the tradition. In order to ensure the highest standards of accuracy and accessibility, the editors have consulted dozens of leading academics during the course of the anthology's development (a number of whom have contributed introductory material as well as advice). The result is an anthology with unparalleled pedagogical benefits, and one that truly breaks new ground.

A HISTORY OF WESTERN POLITICAL THOUGHT

Routledge *A History of Western Political Thought* is an energetic and lucid account of the most important political thinkers and the enduring themes of the last two and a half millennia. Written with students of the history of political thought in mind, the book: * traces the development of political thought from Ancient Greece to the late twentieth century * focuses on individual thinkers and

*texts * includes 40 biographies of key political thinkers * offers original views of theorists and highlights those which may have been unjustly neglected * develops the wider themes of political thought and the relations between thinkers over time.*

GREAT POLITICAL THINKERS, EAST & WEST
