THE GUIDE TO ANSWERING ISLAM

What Every Christian Needs to Know About Islam and the Rise of Radical Islam

Christian Publishing House The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians, Jews, and even young little children, not to mention Muslims with which they disagree. However, the average Christian does not know their true beliefs, just how many there are, to the extent they will go to carry out these beliefs. Daily we find Islamic commentators on the TV and radio, offering up misleading information, quoting certain portions of the Quran while leaving other parts out. When considering Islamic beliefs, other Islamic writings must be considered, like the Hadith or Sunnah, and the Shariah, or canon law. While Islam, in general, does not support radical Islam, the vast majority do support radical beliefs. For example, beheadings, stoning for adultery or homosexuality, suicide bombings, turning the world into an Islamic state, and far too many other heinous things. THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology. The reader will learn about Muhammad's calling, the history of the Quran, how Islam expanded, the death of Muhammad and the splinter groups that followed. In

addition, the three sources of their teaching, six pillars of belief, five pillars of Islam, the twelfth Imam, and much more will be discussed. While there are several books on Islam and radical Islam, this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths. THE GUIDE TO ISLAM will be an effective evangelism tool. In addition, each chapter will end with review questions, helping the reader recall the main points of the chapter. Therefore, it can be studied alone or in a church Bible study setting. THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church. There are many recent books written by Christians about Islam, and there are many books written recently about radical Islam. However, none of these recent books attempts to do what has been done, which is to give an adequate portrayal of Islam, critiqued by history and Christian doctrine, and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian's perspective.

History of the World (Teacher Guide)

The Transforming Influence of Jesus Christ

New Leaf Publishing Group Course Objectives: Students completing this course will Explore the history of the Church Learn about the lives of courageous missionaries around the world Understand the importance of spreading the Gospel Study current global missions needs Acquire geographical knowledge Vocabulary Study: Having a good vocabulary is essential for students to be effective communicators, thinkers, and readers. It is a skill that is applicable to any academic discipline, including history. Students should be encouraged to look up words that they do not know when they encounter them while reading. Students will not do formal vocabulary activities in this course, but a glossary has been provided for words that the students may find difficult or unfamiliar in the assigned reading. Upon encountering an unknown word, the student should consult the glossary provided at the back of the teacher

guide and/or a dictionary. Students should also be aware that many of these words have multiple meanings. It is important that students learn to use the context of these words in the text to help understand their meanings. Students are encouraged to maintain a list of these words and review them periodically throughout the course. Review could include writing the words and their definitions on index cards to use as flashcards, having students create their own dictionaries, or using the words in sentences. This component of the course is entirely optional, however, and not built into the schedule. Using Vintage Books: One of the books included in this course, *Adventures in Missionary Heroism*, was originally published in the early 1900s. There is real value in reading vintage books like this one. These historical texts not only provide us with information but also insight into the attitudes and perceptions of people from that time. It is important to remember that vintage books can express attitudes and use terminology that is no longer considered appropriate. When students come across these moments in vintage books, it is the perfect opportunity for them to have a discussion with their teacher about this material. Teachers and students can use this opportunity to analyze the differences in attitudes between now and then, as well as to review Biblical principles regarding issues like racism. These conversations will provide students a context for understanding the attitudes expressed in the text, as well as help them develop their own skills of discernment and critical thinking when it comes to materials they are reading.
