The course is designed for Cisco Networking Academy students who want to pursue careers in IT and learn how computers work, how to assemble computers, and how to safely and securely troubleshoot hardware and software issues. As CompTIA Approved Quality Content, the course also helps you prepare for the CompTIA A+ certification exams 220-801 and 220-802. CompTIA A+ 220-801 covers the fundamentals of computer technology, installation and configuration of PCs, laptops, related hardware, and basic networking. CompTIA A+ 220-802 covers the skills required to install and configure PC operating systems and configure common features, such as network connectivity and email for Android and Apple iOS mobile operating systems. Students must pass both exams to earn the CompTIA A+ certification. The features of the Companion Guide are designed to help you study and succeed in this course: -- Chapter objectives—Review core concepts by answering the focus questions listed at the beginning of each chapter. -- Key terms—Refer to the updated lists of networking vocabulary introduced, and turn to the highlighted terms in context. -- Course section numbering—Follow along with the course heading numbers to easily jump online to complete labs, activities, and quizzes referred to within the text. -- Check Your Understanding Questions and Answer Key—Evaluate your readiness with the updated end-of-chapter questions that match the style of questions you see on the online course quizzes. -- Glossary in the back of the book to define Key Terms The lab icon in the Companion Guide indicates when there is a hands-on Lab or Worksheet to do. The Labs and Worksheets are compiled and published in the separate book, **IT Essentials: PC Hardware and Software Lab Manual, Fifth Edition**. With more than 1300 pages of activities, including Windows 7, Windows Vista, and Windows XP variations covered in the CompTIA A+ exam objectives, practicing and performing these tasks will reinforce the concepts and help you become a successful PC technician. **IT Essentials PC hardware and software lab manual** *Pearson Education India* **IT Essentials: PC Hardware and Software Lab Manual, Fourth Edition** **Cisco Networking Academy The only authorized Lab Manual for the Cisco Networking Academy IT Essentials v4.1 course** **IT Essentials: PC Hardware and Software Lab Manual** is a supplemental book that helps the students in the Cisco® Networking Academy course prepare to take the CompTIA® A+ exams (based on the 2009 objectives). The hands-on labs, worksheets, and class discussions from the course are printed within this book to practice performing tasks that will help you become a successful PC technician. By reading and completing this book, you have the opportunity to review all key concepts that the CompTIA exams cover and reinforce those concepts with hands-on exercises. Time after time, students like you have commented that this is the best text they have ever read and they had no idea law could be so interesting. The student choice every time, **ESSENTIALS OF BUSINESS LAW, 6th EDITION** is packed with current examples and real scenarios that bring law to life for today's business student. Extremely reader-friendly, this engaging presentation uses conversational writing to explain complex topics in easy-to-understand language. Memorable real-world stories help the authors illustrate how legal concepts apply to everyday business practice. This edition emphasizes the digital landscape with new information on privacy and intellectual property. An updated ethics chapter offers a practical approach, using the latest research to explain why people make unethical decisions. **Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.** **AutoCAD® 2010 Essentials, Comprehensive Edition** Jones & Bartlett Publishers Unlike many AutoCAD competitors, this book covers all of the basics of Level 1 and Level 2 AutoCAD concepts. It uses mixed units e.g., inches, meters, feet, kilometers, etc., to illustrate the myriad drawing and editing tools for this popular application. Use the DVD to set up all the drawing lessons and projects in the text, see all of the book's figures in color, and draw with a trial version of AutoCAD 2010. This comprehensive edition includes 94 workshops, that complete small projects -from concept through actual plotting. Solving all of the workshops will simulate the creation of a real life project from beginning to end, without overlooking any of the basic commands and functions in AutoCAD 2010. Key features of new comprehensive edition: use all advanced 2D drafting commands; learn the most important advanced techniques; create Dynamic Blocks; create, Edit, Extract & Block Attributes; use External Reference for team collaboration; learn all about Sheet Sets; learn all about CAD Standards checking; utilize the more advanced layer functions; use Autodesk Design Review for Markups; use the Markup Set Manager. **Essentials of Mathematics: An Applied Approach** Cengage Learning As in previous editions, the focus in **ESSENTIAL MATHEMATICS with APPLICATIONS** remains on the Aufmann Interactive Method (AIM). Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems. Student engagement is crucial to success. Presenting students with worked examples, and then providing them with the opportunity to immediately solve similar problems, helps them build their confidence and eventually master the concepts. Simplicity is key in the organization of this edition, as in all other editions. All lessons, exercise sets, tests, and supplements are organized around a carefully constructed hierarchy of objectives. Each exercise mirrors a preceding objective, which helps to reinforce key concepts and promote skill building. This clear, objective-based approach allows students to organize their thoughts around the content, and supports instructors as they work to design syllabi, lesson plans, and other administrative documents. New features like Focus on Success, Apply the Concept, and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success. The Ninth Edition also features a new design, enhancing the Aufmann Interactive Method and making the pages easier for both students and instructors to follow. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. **Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.** **Essentials of Home Inspection: Plumbing** Dearborn Real Estate **NULL AutoCAD® 2010 3D Modeling Essentials** Jones & Bartlett Publishers **General Chemistry** Cengage Learning The eleventh edition was carefully reviewed with an eye toward strengthening the content available in OWLv2, end-of-chapter questions, and updating the presentation. Nomenclature changes and the adoption of IUPAC periodic table conventions are highlights of the narrative revisions, along with changes to the discussion of d orbitals. In-text examples have been reformatted to facilitate learning, and the accompanying Interactive Examples in OWLv2 have been redesigned to better parallel the problem-solving approach in the narrative. New Capstone Problems have been added to a number of chapters. **Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.** **Phlebotomy Essentials, Enhanced Edition** Jones & Bartlett Learning **Phlebotomy Essentials, Enhanced Seventh Edition** provides accurate, up-to-date, and practical information and instruction in phlebotomy procedures and techniques, along with a comprehensive background in phlebotomy theory and principles. **Logic: The Essentials** Cengage Learning **LOGIC: THE ESSENTIALS** concentrates on the fundamentals of introductory logic. Practical in orientation and content, **Essentials** is loaded with class-tested, proven practice exercises. The book is tailored to address the needs of many of today's instructors who are challenged by time constraints but yet want to instill in their students a solid grasp of basic logical principles and the requisite skill to apply them in everyday life. This new text is based on the classic and bestselling textbook, **A Concise Introduction to Logic**, and nearly all of the exercises in the correlative chapters, so central to the effectiveness of that text, have been retained to ensure more than enough practice for students to master the central concepts. The text focuses largely on deductive logic, but it contains sufficient treatment of induction to provide a solid footing for informal fallacies. The result is a contemporary approach--more focused, more practical, less theoretical--built on a tradition of precise, elegant, and clear presentation of the subject matter of logic, both formal and informal. **Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.** **Enhanced Discovering Computers, Essentials** Cengage Learning Based on extensive customer feedback, **DISCOVERING COMPUTERS** ©2014 has been completely reexamined and revised to reflect the evolving needs of the concepts portion of the Introductory Computing course. This exciting new edition maintains many longstanding hallmarks, but is now highly focused on relevancy to provide students only with what they really need to know to be successful digital citizens in college and beyond. To better reflect the importance of certain topics in today's digital world, coverage of enterprise computing, ethics, Internet research skills, mobile computing, operating systems (other than Windows), browsers, security, and Web 2.0 has been expanded and integrated. New critical thinking and problem solving exercises are included in every feature throughout the text, engaging students in regular practice of higher-order thinking skills. In addition, students have more opportunity for hands-on practice with the completely revised end-of-chapter activities. With these enhancements and more, the new **DISCOVERING COMPUTERS** is an even more engaging teaching and learning tool for your classroom. **Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.** **Vaccarolis Essentials of Psychiatric Mental Health Nursing - E-Book A Communication Approach to Evidence-Based Care** Elsevier Health Sciences Gain the essential knowledge and skills you need to succeed as a psychiatric nurse! **Vaccarolis' Essentials of Psychiatric-Mental Health Nursing: A Communication Approach to Evidence Based Care, 5th Edition** provides a concise, easy-to-understand guide to today's leading psychiatric theories and therapeutic modalities.
