## Jaguar XK DIY Restoration & Maintenance

Porter Press An absolute sensation when first seen in 1948, in the midst of post-war austerity, the Jaguar XK 120 was both a stunningly beautiful car sold to all the top film stars, and a ruthlessly successful rally machine--and it remains just as effective on both counts today. A perfect XK 120, 140 or 150 could easily cost six figures in pounds, dollars or euros today--so how practical is it to buy a neglected example and restore it at home? This is the story of how one man completely restored his XK 120 roadster, transforming it from dereliction into a thoroughly beautiful example of this iconic sports car. He also took the time to investigate and incorporate numerous detail improvements, making the car even more usable and practical for today's roads, some 65 years after it was built. Cable TV engineer Bob Exelby has a lifetime of home classic car rebuilds behind him and shares all the nuggets of information, advice and tips gleaned through his own blood (literally), sweat and tears over 50 years of 'playing with old cars'. Even the most experienced make mistakes, and he freely shares his so that others can avoid them. This book is invaluable if you want to know what makes an XK 'tick', and if it's the classic car for you--and vital if you own or are restoring one.

### Jaguar XK120 In Detail

Herridge & Sons Limited This is the eighth title in the now well-established In Detail series. Its subject, the Jaguar XK120, has become one of the immortals of sports car history and remains one of the most beautiful cars ever built. It took the London Motor Show by storm in 1948, and was built until 1954. Combining extraordinary docility with a startling 120mph top speed, it was the car to be in, whether for cruising California boulevards or racing at Le Mans. The book is published in association with the Jaguar Daimler Heritage Trust and written by the Trust's Archivist. Drawing from company records and archives, he has been able to provide information on the XK120 that has never been available to enthusiasts before. This, and its focus on the XK120 alone rather than on the whole XK family, make this book uniquely informative.

### Jaguar XK120,XK140,XK150 Sports Cars

Enthusiast Books No sports-car introduction in history has had the impact of Jaguar's XK120 in 1948. Thrust into a dreary post-war world was a stunningly gorgeous roadster, its styling inspired by the best pre-war Italian design, powered by a magnificent 3.5-liter in-line six developing 160 horsepower. Its twin-cam hemispherical-chamber head was a dramatic advance for British production cars. Exotic cars all, the XK-series of sports Jaguars are among the world's most glamorous. Rare photos from the Ludvigsen Library trace their history on road and track and give an intimate portrait of the sports cars that raised the bar for Jaguar's opposition and cemented the company's reputation for fast, stylish cars that were also remarkably affordable.

## The Complete Book of Jaguar

## Every Model Since 1935

Motorbooks In 1935, when a small company in Coventry, England, launched a sporting saloon (i.e., sedan) called the Jaguar SS, it set in motion an inexorable process that would lead to Britain's most beloved line of high-performance automobiles. The Complete Book of Jaguar covers the SS and all of the Jaguar's subsequent production models, from the original SS Jaguar to today's F-Type sports cars, F-Pace SUV, X-Type sedans, as well as concept cars. As with other books in the Complete Book Series, author Nigel Thorley organizes the content chronologically with entries for each year. Narratives for each discuss the cars and technology, while spec tables highlight key technical and performance specifications. Originally begun by a couple of motorcycle enthusiasts—William Lyons and William Walmsley—as a firm called the Swallow Sidecar Company, Jaguar would become one of the world's most celebrated automakers. In England's bleak postwar years, Jaguar became a shining star—first with its XK120, followed by the XK140 and XK150. Sporting sedans like the Mark 2 and Mark X set the bar for luxury four-door transport in the '50s and '60s. Then Jaguar stunned the world with the achingly beautiful E-Type in 1961, a genuine 150 mph super sports car. Along the way, the company competed on road courses around the world, going head to head with greats like Ferrari and Aston Martin. Though Jaguar lost its way periodically in the modern era, it has bounded back stronger than ever in the twenty-first century with a strong lineup, including the new F-Type sports car and F-Pace SUV. The
