Jesus, Last of the Pharaohs The Israelite Pharaohs of Egypt Createspace Independent Pub *New revised and expanded 2015 edition. *** Jesus was descended from the Egyptian royal line *** The exodus of the Hyksos pharaohs from Egypt to Jerusalem is an incredibly similar event to the exodus of the Israelites from Egypt to Jerusalem. Classical historians will not entertain any connection between the two, because this infers that the Israelite leaders were actually pharaohs of Egypt. However, Ralph Ellis has taken this obvious comparison and demonstrated the royal Egyptian ancestry of the Judaic patriarchs and also of Jesus. Ralph has also uncovered evidence for the New Testament Saul (St Paul) in the historical record, a discovery that brings with it several new accounts of the life of Jesus. Saul, the inventor of Christianity, was actually Josephus Flavius, a well-known historian. Jesus was the governor of Tiberias and owned a castle there; and he may have died during the siege of Jerusalem in about AD70, rather than AD 33. This is the first book in this "Egyptian Testament" series. This book followed by: Egyptian Testament Series - 'Tempest & Exodus' or King Jesus Trilogy - 'Cleopatra to Christ'. V5.6* **Jesus, Last of the Pharaohs The Israelites were pharaohs of Egypt. Edfu Books** *It is a little-known fact that the exodus of the Hyksos pharaohs from Egypt to Jerusalem is an incredibly similar event to the exodus of the Israelites from Egypt to Jerusalem. Classical historians and theologians will not entertain any connection between the two, because this infers that the Israelite leaders were actually pharaohs of Egypt. However, Ralph Ellis has taken this obvious comparison and demonstrated the royal Egyptian ancestry of the Judaic patriarchs and also of Jesus. Ralph has also uncovered evidence for the New Testament Saul (St Paul) in the historical record, a discovery that brings with it several new accounts of the life of Jesus. Saul, the inventor of Christianity, was actually Josephus Flavius, a well-known historian. Jesus was the governor of Tiberias and owned a castle*

there; and he may have died during the siege of Jerusalem in about AD70, rather than AD 33 - crucified along with two of his compatriots. Followed by "Tempest & Exodus" and "Eden to Egypt". Latest version v5.6 Hyksos, Shepherd Kings, Jacob, Sea People, Jesus, Saul, Jerusalem, Egyptian False Prophet, historical Jesus. **Jesus, Last of the Pharaohs The True History of Religion Revealed** There is good evidence to be found within the Bible, Torah and Koran that indicates that the biblical patriarchs were pharaohs of Egypt, they were not poor shepherds but the Hyksos Shepherd pharaohs of Egypt. The biblical exodus was therefore the Hyksos exodus from Egypt, a historical event where some half a million people evacuated Egypt after a civil war with the Theban pharaohs. Having found the biblical Saul in the historical record, it became apparent that there were some 'new' historical references to the biblical Jesus. Jesus was descended from this Hyksos royal vine, a Hyksos prince in exile. He was the governor of Tiberias, the rebel leader who led an army trying to save Jerusalem from the rebel Jewish factions and he died in AD65 after the revolt failed -- some thirty years after the presumed crucifixion. Jesus, Last of the Pharaohs is a new and fantastic adventure through the Biblical texts, with dramatic re-interpretations of the old creed at every twist and turn in the story. Yet despite the unbelievable nature of some of these claims, the fact is that all of the arguments in this book are fully supported by the established Biblical and historical texts. Theologians and historians cannot argue with the underlying thesis in this book: it is written in black and white -- they can only dispute the radical interpretation being placed upon those texts. **Tempest and Exodus The biblical Exodus was the Hyksos Exodus from Egypt Edfu Books** ===epub format=== . The Tempest Stele of Ahmose I contains a quotation from the biblical account of the plagues. This again demonstrates that the Israelite leaders were the Hyksos pharaohs of Lower Egypt, and so the biblical Jacob was probably the Hyksos pharaoh Jacoba. This earlier date for the exodus means that the biblical plagues were probably a real event, caused by the island of Thera (Santorini) exploding; and the fallout from this natural catastrophe caused a historically documented civil war and great exodus of the Hyksos-Israelite people from Egypt. However, if these links between Egyptian and Israelite history are true, then it is possible that Mt Sinai was actually the Israelite name for the Great Pyramid of Giza. The sacred mountain of the Jews was actually a pyramid. Sequel to "Jesus, Last of the Pharaohs". Followed by "Solomon, Pharaoh of Egypt", and "Eden in Egypt". **L Jesus in the House of the Pharaohs The Essene Revelations on the Historical Jesus Simon and Schuster** A provocative thesis that the historical Jesus was connected to the royal 18th dynasty of Egypt • Contends that Jesus, Joshua, and Tutankhamun were the same person • Provides evidence from church documentation, the Koran, the Talmud, and archaeology that the Messiah came more than a millennium before the first century C.E. • Shows that Christianity evolved from Essene teachings Although it is commonly believed that Jesus lived during the first century C.E., there is no concrete evidence to support this fact from the Roman and Jewish historians who would have been his contemporaries. The Gospel writers themselves were of a later generation, and many accounts recorded in the Old Testament and Talmudic commentary refer to the coming of the Messiah as an event that had already occurred. Using the evidence available from archaeology, the Dead Sea Scrolls, the Koran, the Talmud, and biblical sources,

Ahmed Osman provides a compelling case that both Jesus and Joshua were one and the same--a belief echoed by the early Church Fathers--and that this person was likewise the pharaoh Tutankhamun, who ruled Egypt between 1361 and 1352 B.C.E. and was regarded as the spiritual son of God. Osman contends that the Essene Christians--who followed Jesus' teachings in secret after his murder--only came into the open following the execution of their prophet John the Baptist by Herod, many centuries later. Yet it was also the Essenes who, following the death of Tutankhamun and his father Akhenaten (Moses), secretly kept the monotheistic religion of Egypt alive. The Essenes believed themselves to be the people of the New Covenant established between their Lord and themselves by the Teacher of Righteousness, who was murdered by a wicked priest. The Dead Sea Scrolls support Osman's contention that this Teacher of Righteousness was in fact Jesus. **Tempest & Exodus An Ancient Egyptian Account of the Biblical Exodus** Whilst working on the new edition of *Jesus, Last of the Pharaohs*, the author Ralph Ellis discovered a large biblical quotation on an ancient Egyptian stele. The quotation appears to be two separate accounts, from both the Egyptian and the Israelite perspective, of a conference in Egypt, discussing the way in which the biblical Exodus should be organized. The quotation has fundamental implications for both history and theology because it explains exactly what the pharaoh of the Exodus was, the destruction that the Israelites wrought upon the Egyptians, why the Tabernacle was constructed, and why the biblical Exodus started. It even explains exactly who the Israelites really were and thus why the Torah, Bible and Koran were written. **King Jesus, from Kam (Egypt) to Camelot Edfu Books Ltd** Contrary to orthodox perceptions, King Jesus and Queen Mary Magdalene were the richest couple in Syrio-Judaea. The Romans wanted to impose taxes on Jesus and Mary, which provoked the Jewish War. King Jesus fought and lost that war, so he was crucified, reprieved and sent into exile in Roman England. There, King Jesus became known as Atur-tii (the Egyptian) or 'King Arthur and the twelve disciples of the Last Supper Table'. This identification of Jesus as a wealthy, royal, warrior-hero of first century Judaea may sound bizarre, but that is what the texts say. All research and quotations are from original sources, including the New Testament, Tanakh, Talmud, Josephus, Origen, Eusebius, Irenaeus, Herodian, Suetonius, Tacitus, Clement and many others besides. Those feet, in ancient times, did indeed walk upon England's mountains green! Sequel to "Jesus, Last of the Pharaohs," and "Cleopatra to Christ." Grand finale of the series. For ebook errors, contact annaATedfu-books.com. **Jesus, King of Edessa The biblical Jesus discovered in the historical record. Edfu Books** This is the book that the Catholic Church has been dreading for the last 1700 years. This is the book that will end Christianity as we know it. And this is not advertising hyperbole, this really is the end of the Christian fairytale. We now know who Jesus was. Visit his city, see the ruins of his citadel, gaze upon his statue, handle his coins. In reality, Jesus was a son of King Abgarus of Edessa, a king with a small realm, a large treasury, and even bigger ambitions. Thus Jesus' true history undermines much of the biblical fairytale that the gospel authors crafted, and so Christianity will never be the same again. The jacket image shows Jesus wearing his Crown of Thorns, the ceremonial crown of the Edessan monarchy. We suggest that readers start with 'Cleopatra to Christ' and then 'King Jesus'. The wait before arriving at the last episode in the trilogy will

be worthwhile, for if a book could be valued on its 'eureka moments' then this final book would be priceless. The 'Gospel of King Jesus Trilogy' Latest version v11.2 Saul, Josephus, historical Jesus, New Testament, Parthia, Jesus of Gamala, Phraates, Phraataces, Crassus, Adiabene, Crucifixion, Mary Magdalene, Vespasian, Titus, Jerusalem, Jewish Revolt, Izates, Monobazus, Edessa, King Manu, King Abgarus, Judaea. **Cleopatra to Christ Jesus was descended from the Ptolemaic royal line of Egypt. Using many strands of contemporary evidence, Ralph Ellis has pieced together a historical jigsaw puzzle demonstrating that the biblical Jesus was directly descended from Cleopatra VII, the most famous queen of Egypt. But this is not all, for, in piecing this story together, it would seem that Jesus also had an aristocratic Roman and royal Persian ancestry too; and it is the latter bloodline element that explains the appearance of Persian Magi at his birth. Sequel to "Jesus, Last of the Pharaohs". But this is not all, for in piecing this story together it would seem that Jesus also had an aristocratic Roman and royal Parthian ancestry too; and it is the latter bloodline element that explains the appearance of Persian Magi at his birth. **Book 2: Scota, Egyptian Queen of the Scots -- The legends of Ireland and**

Scotland tell a fantastic tale of an Egyptian queen and her Greek husband, who were exiled from Egypt at some point during the second millennium BC. These early Celtic myths were finally set down in a 14th century book called 'Scotichronicon', but is it based more upon fact or fiction? Historians have taken the story to be complete fiction; but there are many elements that demonstrate that the authors knew a great deal about the ancient history and language of Egypt. Ralph Ellis has taken a lateral look at this mythology, and found many links and associations that lead to one inescapable conclusion -- that the extraordinary tale of Queen Scota and King Gaythelos is probably true. **Eden in Egypt Adam and Eve were Pharaoh Akhenaton and Nefertiti. A bold speculative adventure." (Harold Brighouse, Manchester Guardian) In Graves's unique retelling, Jesus is very much a mortal and the grandson of King Herod the Great. When his father runs afoul of the King's temper and is executed, Jesus is raised in the house of Joseph the Carpenter. The kingdom he is heir to, in this version of the story, is very much a terrestrial one: the Kingdom of Judea. Graves tells of Jesus's rise as a philosopher, scriptural scholar, and charismatic speaker in sharp detail, as well as his arrest and downfall as a victim of pitiless Roman politics. Bringing together his unparalleled narrative skill and in-depth expertise in historical scholarship, renowned classicist and historical novelist Robert Graves brings the story of Jesus Christ to life in a strikingly unorthodox way, making this one of the most hotly contested novels Graves ever wrote—and possibly one of the most controversial ever written. It provides a fascinating new twist to a well-known story, one that fans of this historical period are sure to love. "This is not reading for the easily shocked; it definitely presents Jesus as a sage and a poet, if not divine. It moves, as does all Mr. Graves' writing, at a brilliant fast pace, and with a tremendous style." —Kirkus Reviews **Christ 2.0 Was Jesus an Egyptian Pharaoh? Createspace Independent Publishing Platform** Christ 2.0: by Horus Michael ===== An analysis and comparison of Biblical information with Ancient Egyptian source material. Contains original research by the Author. ===== (Excerpt): On December 25 during the reign of Caesar, the soul of AmonRa impregnated a virgin woman named Mary and she gave birth to Christ. Though, the woman may have been a Priestess of Vesta, or a Vestal Virgin, a sacred woman in Rome. Vestals could not be pregnant as this violated the Roman Laws, because Vestals were required to be Chaste and Pure. Wise men from the East saw the Star of Christ's birth and went looking for it, said to number 3. If so, the 3 Wise Men - called the Three Kings - were actually the 3 Kings of the Pyramids of Giza, Egypt because the 3 Pyramids are in the

night sky as Orion's Belt. The star appeared in the Constellation Virgo, the Virgin, appearing over a Manger. On Earth this meant within a Mastaba, or trapezoid shaped tomb in Egypt following the line from the 3 Pyramids. This line led to Saqqara to the Mastaba of Shepseskaf, of the 4th Dynasty. A Mastaba resembles a Manger. The new born Christ was named after (Djed-ka-Ra) Isesi, a King whose Pyramid was nearby the Mastaba in Saqqara. His original name was revealed in a vision as being Immanuel. In Roman (Latin) the name was spelled Iesus. In Greek it is JESUS. The Greek word for "burial in a tomb" was Christ, from the Egyptian word QRST or KRST, as a Mastaba is a tomb. So the child was later to be known as JESUS the Christ. Inside the Mastaba tomb were burial offerings for the dead Pharaoh Shepseskaf, in the form of Gold, Frankincense and Myrrh. The Pharaoh Isesi of the 5th Dynasty once raided the nations of Punt for Myrrh and Nubia for gold. He also raided Canaan. Jesus was born in Bethlehem, which meant "House of Bread" in Hebrew & Aramaic. The House of Bread in Egypt was the word for Offerings Chamber in the tomb. It is also a city in Judea. When the Julian Calendar was converted to the Christian Calendar, the birth of Christ was moved from Summer Solstice to Winter Solstice and the 5 Epagomenal Days added in the Julian/Egyptian Calendar - the 5 birthdays of the Gods - occurs after the Solstice with Christ's birthday on Dec 25, which is the birthday of Nephthys (Osiris, Horus, Set, Isis (Aset), and Nephthys). So Christianity preserves Ancient Egyptian Knowledge in religion. However, this novel identification has exposed new information and new perspectives on the life of Jesus, who was actually a real king of Judaea. Quote: "Priests and kings were anointed ... hence the title 'christ' or 'messiah' often signified the same as 'king'." (Commentary on the Bible, Adam Clarke 1832.) Contrary to orthodox perceptions, King Jesus and Queen Mary Magdalene were the richest couple in Syrio-Judaea. The Romans wanted to impose taxes on Jesus and Mary, an imposition that provoked the Jewish Revolt. King Jesus fought and lost that war, and so he was crucified, reprieved and sent into exile in a Roman prison in England. In those remote lands, King Jesus became known as 'King Arthur and his twelve disciple-knights of the Round Last Supper Table'. This identification of Jesus as a wealthy, royal, warrior-hero of first century Judaea may sound bizarre, but that is what the texts say. All research and quotations are from original sources, including the New Testament, Tanakh, Talmud, Josephus, Origen, Eusebius, Irenaeus, Herodian, Suetonius, Tacitus, Clement and many others besides. This is a secret history that has been deliberately concealed from us for two millennia - for those feet, in ancient times, did indeed walk upon England's mountains green! The realm of God is incomprehensible. The nature of God is attainable. The ways of God are indescribable. The Holy Bible tells us that, "His ways are past finding out." We must let go of our past, and grab hold to Jesus Christ. He said he'll never turn his back on us, or look the other way. "Repent, every one of you, and be baptized in my name. Receive the holy ghost." Acts 2:38 **King Jesus King of Judaea and Prince**

God, Pharaoh, and Moses Explaining the Lord's Actions in the Exodus Plagues Narrative Wipf and Stock Publishers *The story of the Exodus from Egypt is of fundamental importance, both in the Old Testament and beyond. However, it also contains issues that are theologically problematic for many readers, especially concerning the actions of God. Why does God send a series of devastating plagues on Egypt? How do we understand the hardening of Pharaoh's heart? What do the answers to these questions say about the character of God? This study addresses these questions, taking into account the complex interaction of the presuppositions of faith and responsible textual interpretation. The approach is narrative-theological and canonical--reading the story in its current form as a story, and concentrating on the various passages within the story that appear to present rationales for God's actions (especially Exodus 9:13-19 and 10:1-2). By reading these explanations in their context within the story, and paying attention to such factors as speaker, addressee, purpose, and reception, a picture is built up of the different and developing relationships between God, Pharaoh, and Moses. This complex interaction provides a way to read and understand the wider plagues story, including the plagues and hardening of the heart within it. The study concludes by considering another story with a similarly difficult portrayal of God's actions--the story of the capture of the Ark in 1 Samuel 4-7, where a similar pattern can be observed. The picture that emerges is challenging rather than comfortable--a God who is responsive, speaking and acting to confront others to make the appropriate response to him.*

There are indisputable links between the Egyptian and Judaic royal lines demonstrating that King David and King Solomon were actually kings of a unified Egypto-Judaic nation. This is why there is no evidence for these monarchs in the archaeology of modern Israel; for the evidence, including the tombs, sarcophagi and death-masks of these famous monarchs, are actually located in the north eastern Nile Delta. The Queen of Sheba was also related to this royal line and, as befitting the great 'Queen of the South', her sarcophagus was discovered at Deir el Bahri in Luxor. The book also shows the location of King Solomon's Mines and the true historical identity of Hiram Abif, the hero of the Masonic 3rd degree. Followed by "Eden in Egypt". This again demonstrates that the Israelite leaders were the Hyksos pharaohs of Lower Egypt, and so the biblical Jacob was probably the Hyksos pharaoh Jacoba. Thus the biblical plagues were a real event, caused by the island of Thera (Santorini) exploding, and it caused a historically documented civil war and great exodus from Egypt. However, if these links between Egyptian and Israelite history are true, then it is possible that Mt Sinai is actually the Israelite name for the Great Pyramid of Giza. The sacred mountain was actually a pyramid. **Shards of Illumination Breaking Through the Disinformation Edfu Books Ltd** Academic disinformation appears to be reaching a peak. Was it always this way, and only now with increased connectivity can we see their duplicity? Or are we living in a new era of deception? The new age is not the Anthropocene, it is actually the Deceptocene. Thus we see: Clerics only telling their flocks half of the gospel story. Medics refusing to investigate alternative therapeutics. Climate scientists amending and cherry-picking data. The media not investigating alternate facts and data. Academics jumping on bandwagons for grant funding. Politicians using cherry-picked data to their advantage. Are these academic deceptions the result of intentional deceit or sheer incompetence? To be sure there are any number of incompetent scientists, historians and clerics, but I get the impression that much of this is due to deliberate falsification and fraud. The world is awash with duplicity and deceit, and it is time to break through the deception. There is no difficulty in seeing these maps, at Stonehenge and Giza, one just needs a little lateral thinking. In fact, a six-year old is more likely to spot them than an adult. Ralph also demonstrates how important the metrology of Giza was to the ancients. In fact we still use these units today, for the Great Pyramid measures 1760 cubits around the base and the Imperial Mile measures 1760 yards. Thus America in particular is still using Egyptian metrology. Throughout the long history of ancient Egypt, only one man is known to have been given the title "a father to Pharaoh"--Yuya, a vizier of the eighteenth dynasty king Tuthmosis IV. Yuya has long intrigued Egyptologists because he was buried in

the Valley of Kings even though he was not a member of the Royal House. His extraordinarily well-preserved mummy has a strong Semitic appearance, which suggests he was not of Egyptian blood, and many aspects of his burial have been shown to be contrary to Egyptian custom. As *The Hebrew Pharaohs of Egypt* shows, the idea that Joseph and Yuya may be one and the same person sheds a whole new light on the sudden rise of monotheism in Egypt, spearheaded by Queen Tiye and her son Akhnaten. It would clearly explain the deliberate obliteration of references to the "heretic" king and his successors by the last eighteenth dynasty pharaoh, Horemheb, whom the author believes was the oppressor king in the Book of Exodus. The author also draws on a wealth of detailed evidence from Egyptian, biblical, and Koranic sources to place the time of the departure of the Hebrews from Egypt during the short reign of Ramses I, the first king of the nineteenth dynasty. **The Hiram Key Pharaohs, Freemasons and the Discovery of the Secret Scrolls of Jesus Random House** Was Jesus a Freemason?
