#### BOOK ONE IN THE FAE UNBOUND SERIES

**IndieHeart Press** Not-quite-sixteen year old Lizbet Moore expects a boring last month of summer vacation--and she gets what she's expecting until a fifteen hundred year old Fae named Eamon shows up in her backyard disguised as a down-on-his-luck garden gnome. When Eamon slips an ancient amulet around her neck, the memories of Lizbet's many past lives, including her first life as Morgan Le Fae, come slamming back to her to change her summer plans in a way she could never have expected. Forced to go on the run when murderous monks show up at the back door, Lizbet hops a plane to Scotland accompanied by Eamon, the whispering voices of her past lives, and geekily cute James, the college boy from next door. Not only does she have to dodge the monks, but she's racing against time and greedy land developers to prevent the entire race of the Fae from being destroyed. ### UNBOUND

#### A TRUE STORY OF WAR, LOVE, AND SURVIVAL

Rather than surrender, 86,000 Communists embarked on an epic flight to safety. Only thirty were women. Their trek would eventually cover 4,000 miles over 370 days. Under enemy fire they crossed highland awamps, climbed Tibetan peaks, scrambled over chain bridges, and trudged through the sands of the western deserts. The elves come for two things: war and wives. In both cases, they come for death. Three-thousand years ago, humans were hunted by powerful races with wild magic until the treaty was formed. Now, for centuries, the elves have taken a young woman from Luella's village to be their Human Queen. To be chosen is seen as a mark of death by the townsfolk. A mark nineteen-year-old Luella is grateful to have escaped as a girl. Instead, she's dedicated her life to studying herbology and becoming the town's only healer. That is, until the Elf King unexpectedly arrives... for her. Everything Luella had thought she'd known about her life, and herself, was a lie. Taken to a land filled with wild magic, Luella is forced to be the new queen to a cold yet blisteringly handsome Elf King. Once there, she learns about a dying world that only she can save. ## YOUNG ADULT SCIENCE FICTION

---

**Praeger** At the close of the nineteenth century, American youths developed a growing interest in technology. Once publishers and authors recognized this interest, they sought to create reading material to fill this market need. The result was science fiction for young adults, which bore certain similarities to science fiction for mature readers and at the same time explored themes of special interest to adolescents. This volume includes chapters by expert contributors on young adult science fiction in various countries and on topics central to the genre. The first part of the book surveys the history of science fiction for young adults both in the U.S. and in other places, such as Canada, Great Britain, Germany, and Australia. In the second section, chapters look at such topics as science fiction novels as coming-of-age stories, the portrayal of women in Robert Heinlein's works, representations of war in science fiction, and the importance of science fiction to film and comic books. Extensive bibliographies conclude the volume.

**HarperCollins** Set in the magical world of Renthia, *The Queen of Blood* is Sarah Beth Durst's ambitious entry into adult epic fantasy. With the danger of Peter Brett's *The Warded Man*, heart of Naomi Novik's *Uprooted*, and lyricism of Patrick Rothfuss' *The Name of the Wind*, this is the first chapter in a series destined to be a classic. Everything has a spirit: the willow tree with leaves that kiss the pond, the stream that feeds the river, the wind that exhales fresh snow . . . But the spirits that reside within this land want to rid it of all humans. One woman stands between these malevolent spirits and the end of humankind: the queen. She alone has the magical power to prevent the spirits from destroying every man, woman, and child. But queens are still just human, and no matter how strong or good, the threat of danger always looms. With the position so precarious, young women are chosen to train as heirs. Daleina, a seemingly quiet academy student, is under no illusions as to her claim to the throne, but simply wants to right the wrongs that have befallen the land. Ven, a disgraced champion, has spent his exile secretly fighting against the growing number of spirit attacks. Saeed has given a novel that is both entertaining and important."—Matt de la Peña, New York Times bestselling author This heart-wrenching novel explores what it is like to be thrust into an unwanted marriage. Has Naila's fate been written in the stars? Or can she still make her own destiny? Naila's conservative immigrant parents have always said the same thing: She may choose what to study, how to wear her hair, and what to be when she grows up—but they will choose her husband. Following their cultural tradition, they will plan an arranged marriage for her. And until then, dating—even friendship with a boy—is forbidden. When Naila breaks their rule by falling in love with Saif, her parents are livid. Convinced she has forgotten who she truly is, they travel to Pakistan to visit relatives and explore their roots. But Naila's vacation turns into a nightmare when she learns that plans have changed—her parents have found her a husband and they want her to marry him, now! Despite her greatest efforts, Naila is aghast to find herself cut off from everything and everyone she once knew. Her only hope of escape is Saif . . . if he can find her before it's too late.
