KEY=WITH - GILLIAN CLINTON

Market Wizards: Interviews with Top Traders John Wiley & Sons **THE INVESTMENT CLASSIC** "I've read **Market Wizards** at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true practitioners with skin in the game. This is the central document showing the heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it." —NASSIM N. TALEB, former derivatives trader, author of *The Black Swan*, and professor, NYU-Poly "Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the 'Wizards' are my friends—and Jack Schwager has nailed their modus operandi on the head." —MARTIN W. ZWEIG, PhD, Editor, *The Zweig Forecast* "It is difficult enough to develop a method that works. It takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life." —ROBERT R. PRECHTER, JR., Editor, *The Elliott Wave Theorist* **Stock Market Wizards Interviews with America's Top Stock Traders** Harper Collins The third in the bestselling **Market Wizards** series, this time focusing on the barometer of the economy—the stock market. It has been nearly a decade since the publication of the highly successful *The New Market Wizards*. The interim has witnessed the most dynamic bull market in US stock history, a collapse in commodity prices, dramatic failures in some of the world's leading hedge funds, the burst of the Internet bubble, a fall into recession and subsequent rumblings of recovery. Who have been the 'market wizards' during this tumultuous financial period? How did some traders manage to significantly outperform a stock market that during its heyday moved virtually straight up? This book will feature interviews with a variety of traders who achieved phenomenal financial success during the glory days of the Internet boom. In contrast with the first two **Market Wizard** books, which included traders from a broad financial spectrum—stocks, bonds, currencies and futures—this volume will focus on traders in the stock market. **The New Market Wizards Conversations with America's Top Traders** John Wiley & Sons Praise for **THE NEW MARKET WIZARDS** "Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent." - Richard Dennis, President, The Dennis Trading Group, Inc. "Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age." -Ed Seykota "Very interesting indeed!" -John Train, author of *The Money Masters* "Successful trading demands longtime experience because it requires firsthand knowledge. If there is a shortcut to this requirement, however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself." -Robert R. Prechter, Jr., editor, *The Elliott Wave Theorist* **THE NEW MARKET WIZARDS** Some traders distinguish themselves from the herd. These supertraders make millions of dollars—sometimes in hours—and consistently outperform their peers. As he did in his acclaimed national bestseller, *Market Wizards*, Jack Schwager interviews a host of these supertraders, spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods, but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In *The New Market Wizards*, these wildly successful traders relate the financial strategies that have rocketed them to success, as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street: * Stan Druckenmiller, who, as manager of the Soros Quantum Fund, realized an average annual return of more than 38 percent on assets ranging between \$2.0 and \$3.5 billion * William Eckhardt, a mathematician who, in collaboration with trader Richard Dennis, selected and trained the now-legendary circle known as the Turtles * Bill Lipschutz, a former architect who, for eight years, was Salomon Brothers' largest and most successful currency trader * Blair Hull, a one-time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars, and filled with candid appraisals, *The New Market Wizards* takes its place as a classic. **Market Wizards: Interviews with Top Traders** Wiley **THE INVESTMENT CLASSIC** "I've read **Market Wizards** at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true practitioners with skin in the game. This is the central document showing the heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it." —NASSIM N. TALEB, former derivatives trader, author of *The Black Swan*, and professor, NYU-Poly "Market Wizards is

one of the most fascinating books ever written about Wall Street. A few of the 'Wizards' are my friends—and Jack Schwager has nailed their modus operandi on the head." —MARTIN W. ZWEIG, PhD, Editor, *The Zweig Forecast* "It is difficult enough to develop a method that works. It then takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life." —ROBERT R. PRECHTER, JR., Editor, *The Elliott Wave Theorist Unknown Market Wizards*

The best traders you've never heard of
 Harriman House Limited
 The Market Wizards are back! *Unknown Market Wizards* continues in the three-decade tradition of the hugely popular *Market Wizards* series, interviewing exceptionally successful traders to learn how they achieved their extraordinary performance results. The twist in *Unknown Market Wizards* is that the featured traders are individuals trading their own accounts. They are unknown to the investment world. Despite their anonymity, these traders have achieved performance records that rival, if not surpass, the best professional managers. Some of the stories include: - A trader who turned an initial account of \$2,500 into \$50 million. - A trader who achieved an average annual return of 337% over a 13-year period. - A trader who made tens of millions using a unique approach that employed neither fundamental nor technical analysis. - A former advertising executive who used classical chart analysis to achieve a 58% average annual return over a 27-year trading span. - A promising junior tennis player in the UK who abandoned his quest for a professional sporting career for trading and generated a nine-year track record with an average annual return just under 300%. World-renowned author and trading expert Jack D. Schwager is our guide. His trademark knowledgeable and sensitive interview style encourages the Wizards to reveal the fascinating details of their training, experience, tactics, strategies, and their best and worst trades. There are dashes of humour and revelations about the human side of trading throughout. The result is an engrossing new collection of trading wisdom, brimming with insights that can help all traders improve their outcomes.

Hedge Fund Market Wizards
 How Winning Traders Win
 John Wiley & Sons
 Fascinating insights into the hedge fund traders who consistently outperform the markets, in their own words
 From bestselling author, investment expert, and Wall Street theoretician Jack Schwager comes a behind-the-scenes look at the world of hedge funds, from fifteen traders who've consistently beaten the markets. Exploring what makes a great trader a great trader, *Hedge Fund Market Wizards* breaks new ground, giving readers rare insight into the trading philosophy and successful methods employed by some of the most profitable individuals in the hedge fund business. Presents exclusive interviews with fifteen of the most successful hedge fund traders and what they've learned over the course of their careers
 Includes interviews with Jamie Mai, Joel Greenblatt, Michael Platt, Ray Dalio, Colm O'Shea, Ed Thorp, and many more
 Explains forty key lessons for traders
 Joins *Stock Market Wizards*, *New Market Wizards*, and *Market Wizards* as the fourth installment of investment guru Jack Schwager's acclaimed bestselling series of interviews with stock market experts
 A candid assessment of each trader's successes and failures, in their own words, the book shows readers what they can learn from each, and also outlines forty essential lessons—from finding a trading method that fits an investor's personality to learning to appreciate the value of diversification—that investment professionals everywhere can apply in their own careers. Bringing together the wisdom of the true masters of the markets, *Hedge Fund Market Wizards* is a collection of timeless insights into what it takes to trade in the hedge fund world.

The Little Book of Market Wizards
 Lessons from the Greatest Traders
 John Wiley & Sons
 An accessible look at the art of investing and how to adopt the practices of top professionals
 What differentiates the highly successful market practitioners—the Market Wizards—from ordinary traders? What traits do they share? What lessons can the average trader learn from those who achieved superior returns for decades while still maintaining strict risk control? Jack Schwager has spent the past 25 years interviewing the market legends in search of the answers—a quest chronicled in four prior *Market Wizards* volumes totaling nearly 2,000 pages. In *The Little Book of Market Wizards*, Jack Schwager seeks to distill what he considers the essential lessons he learned in conducting nearly four dozen interviews with some of the world's best traders. The book delves into the mindset and processes of highly successful traders, providing insights that all traders should find helpful in improving their trading skills and results. Each chapter focuses on a specific theme essential to market success
 Describes how all market participants can benefit by incorporating the related traits, behaviors, and philosophies of the Market Wizards in their own trading
 Filled with compelling anecdotes that bring the trading messages to life, and direct quotes from the market greats that resonate with the wisdom born of experience and skill
 Stepping clearly outside the narrow confines of most investment books, *The Little Book of Market Wizards* focuses on the value of

understanding one's self within the context of successful investing. **Managed Trading Myths & Truths** John Wiley & Sons An in-depth investigation into the increasingly popular investment: managed futures—written by one of the world's leading authorities "Jack Schwager has written the definitive book on managed futures investing. It is exhaustive in coverage, and the analysis is exceptionally rigorous. The writing is refreshingly candid and sure to provoke discussion on many important topics in the managed futures industry. This book should be required reading for anyone considering investing in managed futures." —Scott Irwin Professor, The Ohio State University "Jack continues to be both an educator and a portfolio manager. **Managed Trading** is a wonderful book and much needed in the industry. I consider it required reading for investors and financial industry professionals. Finally, a road map which outlines and explores investment issues succinctly." —M. Elaine Crocker President, Moore Capital Management, Inc. "This book is a 'must-read' for anyone thinking of investing in managed futures. Schwager combines the best of academic research on managed futures investments with his own practitioner experience to provide a comprehensive and insightful analysis of the managed futures industry." —Franklin R. Edwards Arthur F. Burns, Professor, Finance and Economics Columbia Business School "The futures markets will continue to grow worldwide. You should read Jack Schwager whether you are contemplating such investments or are already investing, or even if you just want to understand what is happening." —Jim Rogers Author, *Investment Biker* "Schwager puts managed futures in its proper perspective as a portfolio investment, providing the reader a complete and enlightening tour of the managed futures world. His writing style makes for easy reading and his common sense and good judgment shine through as he surveys the academic literature, linking the practical and the theoretical in evaluating these investments. New investors and old hands alike will find this a 'must buy and hold' book." —Mark J. Powers President, Powers & Dubin Asset Allocation and Management Co. Editor, *The Journal of Futures Markets A Complete Guide to the Futures Market Technical Analysis, Trading Systems, Fundamental Analysis, Options, Spreads, and Trading Principles* John Wiley & Sons Focusing on price-forecasting in the commodity futures market, this is the most comprehensive examination of fundamental and technical analysis available. This guide treats both approaches in depth, with forecasting examined in conjunction with practical trading considerations including spread trading, option trading, and more. Schwager is the starting point for any serious reading on futures and options trading. Well-written and clear, and truly encyclopedic in scope: every conceivable options trade, with all permutations thereof, is discussed and dissected, even inadvisable ones. **Market Sense and Nonsense How the Markets Really Work (and How They Don't)** John Wiley & Sons Bestselling author, Jack Schwager, challenges the assumptions at the core of investment theory and practice and exposes common investor mistakes, missteps, myths, and misreads When it comes to investment models and theories of how markets work, convenience usually trumps reality. The simple fact is that many revered investment theories and market models are flatly wrong—that is, if we insist that they work in the real world. Unfounded assumptions, erroneous theories, unrealistic models, cognitive biases, emotional foibles, and unsubstantiated beliefs all combine to lead investors astray—professionals as well as novices. In this engaging new book, Jack Schwager, bestselling author of *Market Wizards* and *The New Market Wizards*, takes aim at the most perniciously pervasive academic precepts, money management canards, market myths and investor errors. Like so many ducks in a shooting gallery, Schwager picks them off, one at a time, revealing the truth about many of the fallacious assumptions, theories, and beliefs at the core of investment theory and practice. A compilation of the most insidious, fundamental investment errors the author has observed over his long and distinguished career in the markets brings to light the fallacies underlying many widely held academic precepts, professional money management methodologies, and investment behaviors A sobering dose of real-world insight for investment professionals and a highly readable source of information and guidance for general readers interested in investment, trading, and finance Spans both traditional and alternative investment classes, covering both basic and advanced topics As in his best-selling *Market Wizard* series, Schwager manages the trick of covering material that is pertinent to professionals, yet writing in a style that is clear and accessible to the layman **Trading with the Market Wizards The Complete Market Wizards Series and Trading Seminar** Wiley A complete collection of Jack D. Schwager's bestselling *Market Wizards* series In his *Market Wizards* series, author and financial industry expert Jack D. Schwager reveals inside secrets, tips, and insight from the top traders in today's financial markets. Packed with winning advice for individual traders and professionals alike, this five-volume collection compiles Schwager's best in one package at one low price. The set includes: The hardcover edition of the original *Market Wizards: Interviews with Top Traders* featuring guiding trading principles based on firsthand interviews with successful traders in most financial markets The hardcover edition of *The New Market Wizards: Interviews with America's Top Traders* featuring even more invaluable insight from even more super-successful traders The hardcover edition of *Stock Market Wizards: Interviews with America's Top Stock Traders* featuring enlightening stories from successful stock traders, from self-taught traders to professional hedge fund managers The hardcover edition of *Hedge Fund Market Wizards: How Winning Traders Win* featuring a behind-the-scenes look at the world of hedge funds and fifteen traders who have consistently beaten the markets *The Winning Methods of the Market Wizards DVD* which reveals the key tactics and shared traits of the world's most acclaimed traders *Getting Started in Technical Analysis* John Wiley & Sons Revered by many, reviled by some, technical analysis is the art and science of deciphering price activity to better understand market behavior and identify trading opportunities. In this accessible guide, Jack Schwager—perhaps the most recognized and respected name in the field—demystifies technical analysis for beginning investors, clearly explaining such basics as trends, trading ranges, chart patterns, stops, entry, and exit and pyramiding approaches. The book's numerous examples and clear, simple explanations provide a solid framework for using technical analysis to make better, more informed investment decisions and as the basis for mechanical trading systems. Along with Schwager's invaluable trading rules and market observations culled from years of real-world trading experience, *Getting Started in Technical Analysis* offers in-depth coverage of: * Types of charts—bar, close-only, point-and-figure, candlestick. * Chart patterns—one-day, continuation, top and bottom formations, the importance of failed signals. *

Trading systems-trend-following, counter-trend, pattern recognition. * Charting and analysis software-price data issues, time frame/trading style considerations, software research. * he planned trading approach-trading philosophy, choosing markets, risk control strategies, establishing a trading routine. **Winning Methods of the Market Wizards** Wiley Whether you're an active trader, or simply want a better understanding of how to succeed in today's markets, you'll benefit from the wisdom and insight renowned "Traders' Hall of Fame" award winner. Now, Jack Schwager hands you the strategies of the most sought after traders. Through his bestselling Market Wizards books, Schwager has probed the minds of the world's most respected investors, studying their personal traits and learning the secret techniques that have turned them into investment role models. Now a professional investor and successful fund manager in his own right, Schwager shares his own secrets, along with those of his prominent "Wizards." This book will enable you to master the fine art of trading as you discover and apply the key methods and traits shared by the world's most acclaimed traders. Find critical, yet often overlooked factors for understanding: • How to avoid losing faith during down markets, and confidently pull profits in any market condition • The dangers of overtrading—how to react when no position is the right position • The value of "self-analysis" for finding a trading method that fits your personality and goals • The real risk in volatility • How to develop the habit of "disloyalty" • Why you MUST learn how to change directions—and how to do it quickly Plus, the keys to developing discipline, good money management skills, and avoiding the risks inherent in second-guessing your own system—all learned from the Market Wizards themselves and revealed here for you. **Technical Analysis** John Wiley & Sons The definitive guide to technical analysis . . . written from a trader's perspective With the keen insight and perspective that have made him a market legend, Jack D. Schwager explores, explains, and examines the application of technical analysis in futures trading. In the most in-depth, comprehensive book available, the bestselling investment writer demonstrates why he is one of today's foremost authorities. Here is the one volume no trader should be without. "Jack Schwager has accomplished the rarest of feats in this book. He has presented material in a way that both the professional and layman can profit from. It is a must read for traders on all levels." - Stanley Druckenmillern Managing Director, Soros Fund Management "Jack Schwager's Technical Analysis is exactly what one should expect from this expert on futures. The book is comprehensive, thoroughly insightful, and highly educational. I recommend it to the beginner as well as the expert." - Leo Melamed Chairman, Sakura Dellsher, Inc. "Jack Schwager possesses a remarkable ability to extract the important elements of complex, market-timing approaches, and distill that into something intelligible and useful. Not only is he able to present these ideas cleverly in an easily understood format, but he also demonstrates their application to the markets with clarity and precision." - Thomas R. DeMark Author, *The New Science of Technical Analysis* "Jack Schwager's book, *A Complete Guide to the Futures Markets*, was one of the best books I have read on futures trading. We give a copy of it to all our new analysts. Jack's latest work, *Technical Analysis*, looks like a gold mine of information, adding significantly to the existing investment literature." - Monroe Trout President, Trout Trading Management Co. Jack Schwager is one of the most important and visible figures in the futures industry today. His *Market Wizards* and *The New Market Wizards* are two of the bestselling finance titles of all time. Now, in the latest volume in the Schwager on Futures series, *Technical Analysis*, Schwager has created the most comprehensive guide ever for using technical analysis for futures trading. What makes *Technical Analysis* unique, besides its in-depth coverage, is that it is written from a trader's perspective. Schwager doesn't merely cover the subject, he explores what works and doesn't work in the real world of trading. Contains a comprehensive guide to chart analysis written with a particular focus on trading applications * Includes a separate 200+ page section illustrating the use of chart analysis in the real world * Details and illustrates several original trading systems * Includes a self-contained primer on cyclical analysis * Describes popular oscillators, the pitfalls in their common use, and guidelines to their successful application in trading * Explains the concept and use of "continuous futures" and compares 10-year continuous futures charts with conventional nearest futures charts for all major U.S. futures markets * Contains a section on trading strategy and philosophy, including over 100 trading tips Hundreds of charts, tables, and examples illustrate key points throughout, while the text is written in the informative, insightful, and nontechnical style that has made Jack Schwager one of the most highly regarded and bestselling investment authors ever. This invaluable book by one of the world's foremost authorities is destined to become the premier industry guide on technical analysis for many years to come. *Pit Bull* Lessons from Wall Street's Champion Trad Harper Collins Welcome to the world of Martin "Buzzy" Schwartz, Champion Trader--the man whose nerves of steel and killer instinct in the canyons of Wall Street earned him the well-deserved name "Pit Bull." This is the true story of how Schwartz became the best of the best, of the people and places he discovered along the way and of the trader's tricks and techniques he used to make his millions. *Trade Like a Stock Market Wizard: How to Achieve Super Performance in Stocks in Any Market* McGraw Hill Professional "Minervini has run circles around most PhDs trying to design systems to beat the market." -- JACK SCHWAGER, bestselling author of *Stock Market Wizards* "Mark's book has to be on every investor's bookshelf. It is about the most comprehensive work I have ever read on investing in growth stocks." -- DAVID RYAN, three-time U.S. Investing Champion "[Minervini is] one of the most highly respected independent traders of our generation. His experience and past history of savvy market calls is legendary." -- CHARLES KIRK, *The Kirk Report* "One of Wall Street's most remarkable success stories." -- BEN POWER, *Your Trading Edge* **THE INVESTOR'S GUIDE TO SUPERPERFORMANCE!** Dramatically increase your stock market returns with the legendary SEPA system! For the first time ever, U.S. Investing Champion Mark Minervini reveals the proven, time-tested trading system he used to achieve triple-digit returns for five consecutive years, averaging 220% per year for a 33,500% compounded total return. In *Trade Like a Stock Market Wizard*, Minervini unveils his trademarked stock market method SEPA, which provides outsized returns in virtually every market by combining careful risk management, self-analysis, and perseverance. He explains in detail how to select precise entry points and preserve capital—for consistent triple-digit returns. Whether you're just getting started in the stock market or you're a seasoned pro, Minervini will show you how to achieve SUPERPERFORMANCE! You'll gain valuable knowledge as he

shares lessons, trading truths, and specific tactics--all derived from his 30-year career as one of America's most successful stock traders. Trade Like a Stock Market Wizard teaches you: How to find the best stocks before they make big price gains How to avoid costly mistakes made by most investors How to manage losses and protect profits How to avoid high-risk situations Precisely when to buy and when to sell How to buy an IPO Why traditional valuation doesn't work for fast-growing Superperformers Examples of Minervini's personal trades with his comments With more than 160 chart examples and numerous case studies proving the remarkable effectiveness of Minervini's methodology, Trade Like a Stock Market Wizard puts in your hands one of the most effective and--until now--secretive stock investing systems in the world. MARK MINERVINI has a trademarked stock market method that produces outsized returns in virtually every market. It's called Specific Entry Point Analysis--SEPA--and it has been proven effective for selecting precise entry points, preserving capital and profits with even more precise exit points--and consistently producing triple-digit returns. Now, in Trade Like a Stock Market Wizard, Minervini shares--for the first time ever--his coveted methodology with investors like you! Mastering the Stock Market High Probability Market Timing and Stock Selection Tools John Wiley & Sons Noted technical analyst John Person outlines a comprehensive method to pinpointing today's best trading opportunities The economy and stock market are heavily influenced by seasonal factors. For example, a strong holiday buying season tends to be bullish for retail stocks or rising energy costs hurt airline profitability. Awareness of seasonal trends in both the economy and stock market can put you in a better position to profit from sectors and stocks that are likely to outperform the overall market. And technical tools can then be used to confirm emerging trends and time entries into these stocks and sectors. Mastering the Stock Market provides authoritative insights into a method for trading stocks based on seasonal trends, sector analysis, and market timing. Taking a top-down approach, the book explains how seasonal supply/demand forces impact commodities and different sectors of the stock market. After learning how to identify stock market sectors and commodity ETFs that are ripe for a big move, you'll quickly discover how to use technical analysis to gauge the strength of the sector or commodity and then identify the strongest stocks and ETFs to trade. Along the way, you'll also learn how to use the author's own indicators, Persons Pivots, to identify support/resistance areas and pinpoint optimal entry and exit points. Outlines a proven technical approach for trading stocks based on seasonal trends, sector analysis, and market timing Breaks new ground in comparative relative strength, trading volume, breadth indicators, and utilizing pivot analysis in conjunction with options expiration days to identify trading opportunities Written by noted technical analyst John L. Person To successfully trade today's markets you need to use a proven approach and have the discipline to effectively implement it. Mastering the Stock Market has what you need to achieve these goals and capture consistent profits along the way. Jack Schwager's Complete Guide to Mastering the Markets Wiley A twenty-four lesson tutorial in how to profit from the trading secrets of all time Run time: 367 minutes. Imagine having an in-depth conversation with not one, but dozens of the world's greatest traders. Jack Schwager has, and over the course of his three best-selling "Market Wizards" books he has revealed the trade secrets of the trading superstars. The distillation of Schwager's years of in-depth research, this DVD provides you with a comprehensive, 24-lesson home-study workshop--making it easier than ever for you to profit. It arms you with proven techniques, insider knowledge and the confidence you need to create a complete program for trading success. Features Schwager's trademark point-by-point, lesson-by-lesson thoroughness, easy-to-follow instruction, and tons of real-life examples Provides you with everything needed to create a winning trading strategy tailored to your unique needs, goals and temperament Show you how to build an automated trading system (ATS), incorporate technical analysis into your trading program, master money management techniques, read and evaluate data, refine exit strategies and much more Covers an array of advanced topics, including charting methods, using filters to analyze data, trend-following systems and pattern systems Companion website features an online Chart Companion that lets you to study each example in greater detail and bonus lessons on how to program, test, and analyze data using your own ATS The Rule: How I Beat the Odds in the Markets and in Life--and How You Can Too How I Beat the Odds in the Markets and in Life--and How You Can Too McGraw Hill Professional The empowering story of Larry Hite's unlikely rise to the top of the hedge fund world--with critical insights and lessons you can take to the bank In The Rule, legendary trader and hedge fund pioneer Larry Hite recounts his working-class upbringing in Brooklyn as a dyslexic, partially blind kid who was anything but a model student--and how he went on to found and run Mint Investment Management Company, one of the most profitable and largest quantitative hedge funds in the world. Hite's wild success is based on his deep understanding that markets are flawed--just like people. Through his early-life struggles and failures, Hite came to know himself well--his fears, his frustrations, his self-doubt, and his tolerance for all of the above. This motivational book reveals that by accepting the facts of his life and of himself, he was able to accept markets as they are. And that was the key to his success. In these pages, you'll walk of the footsteps of an investing legend, who imparts smart, practical trading lessons throughout the journey. Making a successful living in trading isn't about beating the markets. It's about meeting markets where they are, embracing the fact of risk, knowing yourself, and playing it strictly by the numbers. The Rule shows that investing decisions are not only bets or gambles, but investments in time, energy, and attention. By focusing on realistic returns on your investments--versus what you expect or hope to get--you immediately improve your probability for success. Momentum Masters A Roundtable Interview with Super Traders Trade Like a Casino Find Your Edge, Manage Risk, and Win Like the House John Wiley & Sons A detailed look at the common characteristics found in most successful traders While there are a variety of approaches to trading in the financial markets, profitable traders tend to share similar underlying characteristics. Most have a methodology that they believe will prove profitable over the long run and are willing to endure short-term setbacks. If you're looking to make the most of your time in today's markets, you need to understand what separates the best from the rest. And with Trade Like a Casino, you'll gain the knowledge needed to excel at this challenging endeavor. Engaging and informative, this reliable guide identifies and explains the key techniques and mental processes characteristic of successful traders. It reveals that successful traders operate

very much like a casino in that they develop a method that gives them "positive expectancy" and they unflappably implement the method in the face of changing, and oftentimes volatile, market conditions. Page by page, the book explores the intricacies of methodology, mental control, and flexibility that allow traders to develop and maintain the casino-like edge. Reveals how many successful traders tend to follow the same general principles, even if their approach to trading may differ. Explores how to account for the risk of being wrong and the market moving against you. Discusses how to develop an approach that combines trade selection with sound risk management, avoids emotional attachment to positions, exploits volatility cycles, and focuses on market action. Regardless of how you approach markets, the insights found here will help improve the way you trade by putting you in a better position to distinguish the differences between successful and unsuccessful traders.

The Daily Trading Coach 101 Lessons for Becoming Your Own Trading Psychologist John Wiley & Sons Praise for **THE DAILY TRADING COACH** "A great book! Simply written, motivational with unique content that leads any trader, novice or experienced, along the path of self-coaching. This is by far Dr. Steenbarger's best book and a must-have addition to any trader's bookshelf. I'll certainly be recommending it to all my friends." —Ray Barros CEO, Ray Barros Trading Group "Dr. Steenbarger has been helping traders help themselves for many years. Simply put, this book is a must-read for anyone who desires to achieve great success in the market." —Charles E. Kirk The Kirk Report "'Dr. Brett', as he is affectionately known by his blog readers, has assembled a practical guide to self coaching in this excellent book. The strategies he outlines are further enhanced with numerous resources and exercises for the reader to refer to and keep the principles fresh. I enthusiastically encourage anyone interested in bettering their trading and investing to read this book and keep it on their desk as a constant source of learning." —Brian Shannon, www.alphatrends.net author of **Technical Analysis Using Multiple Timeframes** "Dr. Brett has distilled his years of experience, as both a trader and a psychologist/coach, into the 101 practical lessons found in **The Daily Trading Coach**. Those lessons provide effective strategies for coping with the stumbling blocks that traders often face. This book should be a cornerstone of any serious trader's library." —Michael Seneadza equities trader and blogger at **TraderMike.net**

One Good Trade Inside the Highly Competitive World of Proprietary Trading John Wiley & Sons An inside look at what it really takes to become a better trader. A proprietary trading firm consists of a group of professionals who trade the capital of the firm. Their income and livelihood is generated solely from their ability to take profits consistently out of the markets. The world of prop trading is mentally and emotionally challenging, but offers substantial rewards to the select few who can master this craft called trading. In **One Good Trade: Inside the Highly Competitive World of Proprietary Trading**, author Mike Bellafiore shares the principles and techniques that have enabled him to navigate the most challenging of markets over the past twelve years. He explains how he has imparted those techniques to an elite desk of traders at the proprietary trading firm he co-founded. In doing so, he lifts the veil on the inner workings of his firm, shedding light on the challenges of prop trading and insight on why traders succeed or fail. An important contribution to trading literature, the book will help all traders by: Emphasizing the development of skills that are critical to success, such as the fundamentals of **One Good Trade**, **Reading the Tape**, and **Finding Stocks In Play**. Outlining the factors that really make the difference between a consistently profitable trader and one who underperforms. Sharing entertaining, hysterical, and page turning stories of traders who have excelled or failed and why, many trained by the author, with an essential trading principle wrapped inside. **Becoming a better trader takes discipline, skill development, and statistically profitable trading strategies, and this book will show you how to develop all three.**

Naked Forex High-Probability Techniques for Trading Without Indicators John Wiley & Sons A streamlined and highly effective approach to trading without indicators. Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade and is suited to those traders looking to quickly achieve expertise with a trading method. Offers a simpler way for traders to make effective decisions using the price chart. Based on coauthor Walter Peters method of trading

and managing money almost exclusively without indicators Coauthor Alexander Nekritin is the CEO and President of TradersChoiceFX, one of the largest Forex introducing brokers in the world Naked Forex teaches traders how to profit the simple naked way! Trading Beyond the Matrix The Red Pill for Traders and Investors John Wiley & Sons How to transform your trading results by transforming yourself In the unique arena of professional trading coaches and consultants, Van K. Tharp is an internationally recognized expert at helping others become the best traders they can be. In Trading Beyond the Matrix: The Red Pill for Traders and Investors, Tharp leads readers to dramatically improve their trading results and financial life by looking within. He takes the reader by the hand through the steps of self-transformation, from incorporating "Tharp Think"—ideas drawn from his modeling work with great traders—making changes in yourself so that you can adopt the beliefs and attitudes necessary to win when you stop making mistakes and avoid methods that don't work. You'll change your level of consciousness so that you can avoid trading out of fear and greed and move toward higher levels such as acceptance or joy. A leading trader offers unique learning strategies for turning yourself into a great trader Goes beyond trading systems to help readers develop more effective trading psychology Trains the reader to overcome self-sabotage that obstructs trading success Presented through real transformations made by other traders Advocating an unconventional approach to evaluating trading systems and beliefs, trading expert Van K. Tharp has produced a powerful manual every trader can use to make the best trades and optimize their success. Investing for Dummies® ReadHowYouWant.com Every book is written with a certain reader in mind, and this book is no different: You may have some investments, but you're looking to develop a full-scale investment plan....You'd like to strengthen your portfolio....You want to evaluate your investment advisor's advice....You have a company-sponsored investment plan, like a 401(k), and you're looking to make some decisions or roll it over into a new plan....If one or more of these descriptions sound familiar, you've come to the right place. From Hacking to Report Writing An Introduction to Security and Penetration Testing Apress Learn everything you need to know to become a professional security and penetration tester. It simplifies hands-on security and penetration testing by breaking down each step of the process so that finding vulnerabilities and misconfigurations becomes easy. The book explains how to methodically locate, exploit, and professionally report security weaknesses using techniques such as SQL-injection, denial-of-service attacks, and password hacking. Although From Hacking to Report Writing will give you the technical know-how needed to carry out advanced security tests, it also offers insight into crafting professional looking reports describing your work and how your customers can benefit from it. The book will give you the tools you need to clearly communicate the benefits of high-quality security and penetration testing to IT-management, executives and other stakeholders. Embedded in the book are a number of on-the-job stories that will give you a good understanding of how you can apply what you have learned to real-world situations. We live in a time where computer security is more important than ever. Staying one step ahead of hackers has never been a bigger challenge. From Hacking to Report Writing clarifies how you can sleep better at night knowing that your network has been thoroughly tested. What you'll learn Clearly understand why security and penetration testing is important Find vulnerabilities in any system using the same techniques as hackers do Write professional looking reports Know which security and penetration testing method to apply for any given situation Successfully hold together a security and penetration test project Who This Book Is For Aspiring security and penetration testers, security consultants, security and penetration testers, IT managers, and security researchers. The Mental Game of Trading A System for Solving Problems with Greed, Fear, Anger, Confidence and Discipline JT Press A step-by-step system for mastering trading psychology. Think about your most costly and recurring trading mistakes. Chances are that they're related to common errors, such as chasing price, cutting winners short, forcing mediocre trades, and overtrading. You've likely tried to fix these errors by improving your technical skills, and yet they persist. That's because the real source of these mistakes is not technical—they actually stem from greed, fear, anger, or problems with confidence and discipline. If you are like most traders, you probably overlook or misunderstand mental and emotional obstacles. Or worse, you might think you know how to manage them, but you don't, and end up losing control at the worst possible time. You're leaving too much money on the table, which will either prevent you from being profitable or realizing your potential. While many trading psychology books offer sound advice, they don't show you how to do the necessary work. That's why you haven't solved the problems hurting your performance. With straight talk and practical solutions, Jared Tendler brings a new voice to trading psychology. In The Mental Game of Trading, he busts myths about emotions, greed, and discipline, and shows you how to look past the obvious to identify the real reasons you're struggling. This book is different from anything else on the market. You'll get a step-by-step system for discovering the cause of your problems and eliminating them once and for all. And through real stories of traders from around the world who have successfully used Tendler's system, you'll learn how to tackle your problems, improve your day-to-day performance, and increase your profits. Whether you're an independent or institutional trader, and regardless of whether you trade equities, forex, or cryptocurrencies, you can use this system to improve your decision-making and execution. Finally, you have a way to reach your potential as a trader. Now's the time to make it happen. Martin Zweig's Winning on Wall Street Grand Central Publishing Renowned financier Martin Zweig guides readers to smart investing in the 1990s stock market with proven strategies on how to make informed buy and sell decisions, pick winners, spot major bull and bear trends early, and more. This constant bestseller was first published in 1986 and first revised in 1990, with 77,000 trade paperback copies sold. The Zurich Axioms (Harriman Classics) The rules of risk and reward used by generations of Swiss bankers Harriman House Limited Harriman Classics with a new foreword by James P. O'Shaughnessy If you want to get rich, no matter how inexperienced you are in investment, this book can help you. Its message is that you must not avoid risk, nor court it foolhardily, but learn how to manage it - and enjoy it too. The 12 major and 16 minor Zurich Axioms contained in this book are a set of principles providing a practical philosophy for the realistic management of risk, which can be followed successfully by anyone, not merely the 'experts'. Several of the Axioms fly right in the face of the traditional wisdom of the investment advice business - yet the enterprising Swiss speculators who devised them

became rich, while many investors who follow the conventional path do not. Max Gunther, whose father was one of the original speculators who devised the Axioms, made his first capital gain on the stock market at the age of 13 and never looked back. Now the rest of us can follow in his footsteps. Startlingly straightforward, the Axioms are explained in a book that is not only extremely entertaining but will prove invaluable to any investor, whether in stocks, commodities, art, antiques or real estate, who is willing to take risk on its own terms and chance a little to gain a lot. **Way of the Turtle: The Secret Methods that Turned Ordinary People into Legendary Traders** McGraw Hill Professional “We’re going to raise traders just like they raise turtles in Singapore.” So trading guru Richard Dennis reportedly said to his long-time friend William Eckhardt nearly 25 years ago. What started as a bet about whether great traders were born or made became a legendary trading experiment that, until now, has never been told in its entirety. **Way of the Turtle** reveals, for the first time, the reasons for the success of the secretive trading system used by the group known as the “Turtles.” Top-earning Turtle Curtis Faith lays bare the entire experiment, explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks. Only nineteen years old at the time—the youngest Turtle by far—Faith traded the largest account, making more than \$30 million in just over four years. He takes you behind the scenes of the Turtle selection process and behind closed doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than \$100 million. You’ll discover How the Turtles made money—the principles that guided their trading and the step-by-step methods they followed Why, even though they used the same approach, some Turtles were more successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades—and in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience, Faith explains why the Turtle Way works in modern markets, and shares hard-earned wisdom on taking risks, choosing your own path, and learning from your mistakes. **Diary of a Professional Commodity Trader Lessons from 21 Weeks of Real Trading** John Wiley & Sons Trading is generally far more difficult in practice than in theory. The reality is that no trade set up or individual trader or system can identify profitable trades in advance with complete certainty. In **A Year of Trading**, long-time trader Peter Brandt reveals the anxieties and uncertainties of trading in a diary of his 2009 trades. He explains his thought process as he searches for trading opportunities and executes them. Each trade includes charts, an analysis of the trade, and a play-by-play account of how the trade unfolds. **How Buffett Does It 24 Simple Investing Strategies from the World’s Greatest Value Investor** ESENSI Focusing on the investment rules that made Warren Buffett a master investor, the author shows readers how to stop losing money, choose stocks wisely, and be greedy while others are fearful, and vice versa. 25,000 first printing. **All About Derivatives** McGraw Hill Professional The answer to trading profit growth lies in derivatives. **All About Derivatives** explains the major derivatives and their key features of each; vital mechanical issues such as storage, settle- ment, valuation, and payoff; and common types of risk and how to effectively hedge against them. Michael Durbin is known as a derivatives trader and manager for one of the world’s largest, most high-profile hedge funds. **The Disciplined Trader Developing Winning Attitudes** Prentice Hall Press The classic book that introduced the investment industry to the concept of trading psychology. With rare insight based on his firsthand commodity trading experience, author Mark Douglas demonstrates how the mental matters that allow us function effectively in society are often psychological barriers in trading. After examining how we develop losing attitudes, this book prepares you for a thorough “mental housecleaning” of deeply rooted thought processes. And then it shows the reader how to develop and apply attitudes and behaviors that transcend psychological obstacles and lead to success. **The Disciplined Trader** helps you join the elite few who have learned how to control their trading behavior (the few traders who consistently take the greatest percentage of profits out of the market) by developing a systematic, step-by-step approach to winning week after week, month after month. The book is divided into three parts: • An overview of the psychological requirements of the trading environment • A definition of the problems and challenges of becoming a successful trader • Basic insights into what behavior may need to be changed, and how to build a framework for accomplishing this goal • How to develop specific trading skills based on a clear, objective perspective on market action “A groundbreaking work published in 1990 examining as to why most traders cannot raise their equity on a consistent basis, bringing the reader to practical conclusions to go about changing any limiting mindset.”—Larry Pesavento, TradingTutor.com
