The Ultimate Guide To Choosing a Medical Specialty

McGraw Hill Professional The first medical specialty selection guide written by residents for students! Provides an inside look at the issues surrounding medical specialty selection, blending first-hand knowledge with useful facts and statistics, such as salary information, employment data, and match statistics. Focuses on all the major specialties and features firsthand portrayals of each by current residents. Also includes a guide to personality characteristics that are predominate with practitioners of each specialty. "A terrific mixture of objective information as well as factual data make this book an easy, informative, and interesting read." --Review from a 4th year Medical Student

Washington Manual® of Outpatient Internal Medicine

Lippincott Williams & Wilkins Geared to primary care practitioners, **The Washington Manual® of Outpatient Internal Medicine** focuses on common ambulatory medical problems encountered in each medical subspecialty. The book has a quick-reference format similar to **The Washington Manual® of Medical Therapeutics**, with a standard chapter template, a bulleted style, numerous tables and figures, and a two-color design. All chapters are written by house staff and faculty at Barnes-Jewish Hospital and Washington University School of Medicine. Coverage includes the traditional internal medicine subspecialties and other areas where problems are frequently seen in the ambulatory setting, such as dermatology, neurology, ophthalmology, otolaryngology, and psychiatry. Most subspecialties have separate symptom- and disease-based chapters. The Washington Manual® is a registered mark belonging to Washington University in St. Louis to which international legal protection applies. The mark is used in this publication by LWW under license from Washington University.
