Training of trainers manual on the operation, maintenance and repair of farm machinery [Food & Agriculture Org.](#) This training of trainers (ToT) manual aims to provide insights into the operation, maintenance and basic repair of farm machinery. It provides an overview of the main concepts of equipment that can facilitate sustainable agriculture practices, with examples and guidelines on the topic. Its objective is to provide extension officers, technicians, mechanics, and youth with the necessary information and skills to become trainers and deliver technical capacity sessions on this topic. There is a mix of theory and practice in this training. Participants must have the time to individually perform the different tasks described in the modules with close supervision. The training manual comprises four modules: ? Module 1 covers different tractors as a power source and power take-off operations. ? Module 2 focuses on the implements and equipment attached to tractors for field operations. ? Module 3 is about harvest, post-harvest and storage technologies. ? Module 4 covers general aspects and tips for maintenance, spare parts and replacements. **Federal Motor Vehicle Safety Standards and Regulations Federal Motor Vehicle Safety Standards and Regulations With Amendments and Interpretations Issued Through December 1992 Automotive Engine Performance Tuneup, Testing, and Service** [John Wiley & Sons](#) **XB-70 Compressor-noise Reduction and Propulsion-system Performance for Choked Inlet Flow Automotive Engine Performance: Practice manual Federal Register Popular Mechanics** Popular Mechanics inspires, instructs and influences readers to help them master the modern world.
