In The Shadow Of The Banyan

Simon and Schuster A stunning, powerful debut novel set against the backdrop of the Cambodian War, perfect for fans of Chris Cleave and Chimamanda Ngozi Adichie For seven-year-old Raami, the shattering end of childhood begins with the footsteps of her father returning home in the early dawn hours bringing details of the civil war that has overwhelmed the streets of Phnom Penh, Cambodia's capital. Soon the family's world of carefully guarded royal privilege is swept up in the chaos of revolution and forced exodus. Over the next four years, as she endures the deaths of family members, starvation, and brutal forced labour, Raami clings to the only remaining vestige of childhood - the mythical legends and poems told to her by her father. In a climate of systematic violence where memory is sickness and justification for execution, Raami fights for her improbable survival. Displaying the author's extraordinary gift for language, In the Shadow of the Banyanis testament to the transcendent power of narrative and a brilliantly wrought tale of human resilience. 'In the Shadow of the Banyanis one of the most extraordinary and beautiful acts of storytelling I have ever encountered' Chris Cleave, author of The Other Hand 'Ratner is a fearless writer, and the novel explores important themes such as power, the relationship between love and guilt, and class. Most remarkably, it depicts the lives of characters forced to live in extreme circumstances, and investigates how that changes them. To read In the Shadow of the Banyan is to be left with a profound sense of being witness to a tragedy of history' Guardian 'This is an extraordinary debut ... as beautiful as it is heartbreaking' Mail on Sunday

Papa Goose

One Year, Seven Goslings, and the Flight of My Life

Greystone Books Ltd "Anyone who has ever loved will relate to this book as I did. I read it through the night, twice." — Stacey O'Brien, author of Wesley the Owl The charming true story of one man's journey to raise seven goslings in the name of science. In Papa Goose, Michael Quetting shares the hilarious and moving true story of how he became a father to seven rambunctious goslings—and the surprising things he learned along the way. Starting right at the beginning, with the eggs, his journey takes him from the incubator all the way to the airstrip, where he must attempt to teach the geese to fly as part of an ambitious scientific research initiative for the Max Planck Institute for Ornithology, which tracks animal migrations around the world. For the next eleven months, we follow the newly minted dad as he takes the goslings on daily swims in the lake, tracks them down when they go astray, and watches their personalities develop: feisty, churlish, and lovable. Packed with charm and humor, Papa Goose quickly draws us into the adventure as Gloria, Nemo, and the rest of the crew conquer land, water, and air.

Papa Spy

Love, Faith, and Betrayal in Wartime Spain

Bloomsbury Publishing USA In the 1930s Tom Burns was a rising star of British publishing, whose friends and authors included G. K. Chesterton, Evelyn Waugh, Graham Greene, the artist Eric Gill and the poet David Jones. And among his glittering social circle he had set his heart on the beautiful Ann Bowes-Lyon, cousin of the Queen. When war was declared in 1939, Burns joined the Ministry of Information, effectively the propaganda wing of the secret services. Sent to Madrid as press attaché at the British Embassy, where the Ambassador was the formidable and very Protestant Sir Samuel Hoare, Burns used his faith and his deep love of Spain in the propaganda war against the Nazis, who at the time had nearly unrestricted access to the Spanish media. Burns' brief was to do all in his power to keep Franco neutral and so protect Gibraltar and access to the western Mediterranean. The strategy was simple, but the tactics were more complicated, especially when Burns found he had begun to make enemies at home, not least among them Kim Philby and Anthony Blunt, head of the MI6's Iberian section. By 1941 he felt far from the real fighting, Ann had pledged herself to another man, and Burns was spending as much time protecting his back as fighting the Nazis. How he overcame these odds, was involved in the Man Who Never Was decoy plot, arranged Leslie Howard's fatal propaganda trip to Portugal and Spain, and finally found true love while loyally serving his country is the story told in this extraordinary book by his son.
