Coaching Ministry Teams

Leadership and Management in Christian Organizations

Wipf and Stock Publishers In competitive sports we prize teamwork. We know that a mature team will usually beat an astounding collection of individual players. The burden of creating such esprit de corps falls to the coach and the team of leaders he has assembled. After all, a team without a coach cannot win. But what happens when the coach himself does not understand the dynamics of teamwork? In a similar manner, every leader of every church is a coach of sorts, with a ministry team responsible for the life of the church. The question put to you as a pastor is this: Are you a team player? Even more to the point: Whose team are you building? Too many church leaders, writes author Kenn Gangel, have fallen into the trap of personal kingdom-building, a focused concern on one's own and present ministry without a wider recognition of kingdom participation. The net effect of this condition has led to narrow vision, stunted church growth, and frustrated relationships within the body of Christ. In contrast, Gangel explores broad and penetrating support throughout the Word of God for team-based, inclusive, cooperative leadership. From Jethro's advice to Moses all the way to Jesus's approach to discipleship, biblical leadership is viewed as a tool to be shared--a model of servanthood, mentoring, and the mutual interdependence of gifts. Along the way Gangel explores the character attributes of successful biblical leadership--common things like humility, patience, and quiet dignity. From there he reveals how these qualities open an authentic leader up to the wide and thrilling possibilities of working hand-in-hand with others in the Lord's work...together.

Singleness and the Church

A New Theology of the Single Life

Oxford University Press Despite the fact that almost half of all Americans are single, singleness remains an often overlooked oddity in American culture and in Christian communities. Christians ought to be the people who most support singleness, given what scripture and tradition suggest, but this does not seem to be the case. In this exciting new book, Jana Marguerite Bennett examines a variety of usually forgotten models of singleness: the never-married, the casually uncommitted, the committed but unmarried, the same-sex attracted, the widowed, the divorced, and the single parent. Each chapter in *Singleness and the Church* takes one of these models and considers the cultural commentary, Christian debate, and a holy guide-figures like Paul, Augustine, Aelred of Rievaulx, Elizabeth Ann Seton, and Dorothy Day -in order to offer a new perspective on singleness, the church, and what it means to be a single Christian disciple. In *Singleness and the Church*, Bennett provides a fresh new theology of single life, a starting point for restoring singleness, in all its amazing varieties, to its rightful place in Christian tradition.

Abortion from the Religious and Moral Perspective

An Annotated Bibliography

Greenwood Publishing Group For approximately three decades, the abortion debate has polarized America. This comprehensive volume includes bibliographic citations that address the moral and religious aspects of abortion. It covers such topics as the various arguments both for and against abortion, the status of the fetus, and overviews of several religions' stances on abortion. Citations also include references on how Christianity has influenced abortion politics and law, discussions of Operation Rescue, and official statements on abortion by religious organizations.

The Abolition of Christianity

Covenant Books, Inc. Thanks to a wave of militant secularism now sweeping across America and the entire Western World, Traditional Christianity stands on the verge of destruction. Secularism has already triumphed on multiple fronts, be it abortion, euthanasia, homosexuality, or the "right" to sexual freedom, and aspires to further revolutionary changes, including elimination of marriage, the family, and gender itself. That is the provocative message set forth in Mark Walia's *The Abolition of Christianity*. Tailor-made for people of faith seeking to understand exactly why our culture has become so hostile towards Christian principles, this lively book will also appeal to anyone who enjoys controversial material on religion and politics.

Learning Styles

David C Cook Learning Styles is full of practical, helpful, and eye-opening information about the different ways kids perceive information and then use that knowledge, as well as how their behavior is often tied to their particular learning style. When we understand learning styles—imaginative, analytic, common sense, and dynamic—and adjust our teaching or parenting to those styles, we begin reaching everyone God gives us to teach.

Ministering to Today's Adults

A Complete Manual for Organizing and Developing Adult Ministries in Local Congregations

Wipf and Stock Publishers Adult ministry poses a unique challenge to churches today -- a challenge that many of us fail to meet adequately. The tragic result is an exodus of the best and brightest from our pews, not because these people have changed their theology or abandoned God. They just don't find much at church that seems immediately relevant or compelling. For nearly fifty years Kenneth O. Gangel has been teaching church leaders how to do adult ministry right. In this volume he has distilled his insights into an easy-to-grasp-and-apply analysis of what it takes to capture

the attention and guarantee the participation of adults in your church, including: * Specific advice based on ages, genders, and circumstances peculiar to certain ministries * Proven, cutting-edge curriculum models that can revitalize your church's adult instruction * Contemporary solutions to the most common problems we encounter in ministering to today's adults Whether they know it or not, even those who are lagging in church attendance and distancing themselves from other believers still need the time-proven, heaven-given blessings only the church can offer them. As you read this book, Gangel will give you fresh ideas about how to draw these drifters back into the fold. The real-life stories he tells and the successful strategies he outlines may strike in your heart some spark of imagination and renewed commitment that will help you to bring new life to the adult ministry of the church you serve.

Fathering Like the Father

Becoming the Dad God Wants You to Be

Baker Books "We believe Christian dads need to learn from God and need to hear from fathers who are living out the relationship." With that, father-and-son authors Kenn and Jeff Gangel launch this highly practical guide to fathering by learning from the attributes of the original-God the Father. Exploring God's ways of communicating, forgiving, disciplining, and loving, the authors build a strong case for their conviction that fathering works best when patterned after the best. Their warm, reader-friendly style combines anecdotes from sports, popular culture, and personal experience. The result is a collection of useful, down-to-earth insights into a role that was sent from heaven. Each chapter includes "Kenn's story" and "Jeff's story"-fascinating and, at times, confessional vignettes fathers of all ages can identify with-along with helpful pointers called "Making It Work," questions for discussion, and suggestions to stimulate father-child dialogue. *Fathering Like the Father* will inspire any dad or study group interested in a better grip on what the authors label their "premier calling."

He was the first president of the Evangelical Philosophical Society and the founder and first president of the International Society of Christian Apologetics. He has spoken or debated in more than two dozen countries and held pastoral/pulpit ministries in four states. Many view him as a cross between Thomas Aquinas and Billy Graham. No one has done more to communicate the modern challenges of the Faith to the "average" Christian, to the church, and to the academy. This volume offers creative and constructive essays from twenty-three contributors, all notable in their own right, who preserve and propagate Dr. Geisler's ideas and express appreciation for his influence. Your Special Gift

A Preteen Primer to the Facts of Life

Celestial Press Having “the talk” can sometimes be an awkward experience for both parent and child. Even so, I didn’t want to wait until my children’s hormones kicked in, and I didn’t want to be caught off guard when they had questions, but most of all, I didn’t want them growing up with misconceptions concerning sex. I wanted my children to be informed about the facts of life, yet without being too sexually explicit in the process, because some of the facts weren’t good such as pornography, diseases, and predators, but these subjects needed to be addressed as well. As a result, I told them what I have written in Your Special Gift, by using the analogy of a gift, a lock, and a key to define commonly used sexual terms, and to caution them about possible consequences, and to warn them of potential predators. I also used Scripture as the basis of defining true love. The simplicity of the gift analogy opens the door of communication between parent and child in an effective straightforward, and yet sensitive way, so that any question concerning sex can be answered by using this method. Your Special Gift is well-suited for children in the 8-to-12 year-old range.

Hope Returns

Xulon Press On the heels of her mother's death, Hope Logan reluctantly returned to her grandparents' home place in search of a journal that revealed explosive crimes and atrocities of the past that had haunted her grandma for nearly sixty-five years. The dark evil secret that was contained in the journal only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness,

unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity. Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. God's Feminist Movement

Redefining a "Woman's Place" From a Biblical

Perspective

Destiny Image Publishers Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichs that minimize a womans true position in Christ!

The Teaching Ministry of the Church

Second Edition

B&H Publishing Group The second edition of The Teaching Ministry of the Church makes a major overhaul of its predecessor, increasing the content from eighteen to twentythree chapters and contributors from six to thirteen. These writers assert the need for such an expanded update is due to our everchanging world. For example, the rise of Islamic fundamentalism, proliferation of religious sects, and secularization of our culture greatly increase the importance of ensuring the church produces fully developed, biblically informed followers of Jesus. To that end, The Teaching Ministry of the Church presents a full overview of Christian education in four major sections: Theological Foundations, Biblical Foundations, Preparation for Teaching, and Structuring the Teaching Ministry of the Church. Within this framework, a step-by-step plan for establishing and maintaining an effective teaching ministry among preschoolers, children, youth, and adults takes shape. Key chapters: "The Bible as Curriculum," "The Church's Role in Teaching," "Creating an Unforgettable Learning Experience," and "Equipping Teachers."

This Is Why We Can't Have Nice Things

As a mom of two little boys, I was inspired to share humorous stories of my two sons through their toddler years (which are not yet quite over). This book contains twenty two pages of hand-drawn illustrations showcasing a mother of two little boys coming to the realization she can't have nice things, at least for a little while. While names have been changed to protect the "innocent", these stories are all true. The books ends on a sweet note that all parents share, that sacrificing nice things for our sweet children really isn't difficult at all.

Christian Education: Its History and Philosophy

Its History and Philosophy

Wipf and Stock Publishers ÒA history of Christian education must not be confused with a record of the achievements of the Sunday School. The discipline has advanced well beyond that stage, and today's sophisticated students fully understand that no proper concept of the history and philosophy of Christian education can be gained without seeing all the ramifications, implications, and influences that have affected it from pre-Christian times to the present.Ó So Drs. Gangel and Benson have written this book, a historical flow of philisophical thought from a Christian point of view.

Its focus is cultural-biographical, discussing each philosophy in its particular socio-historical setting, and giving special attention to significant individuals. The format is chronological, beginning with education in biblical times, working upward through history to arrive at the present - and beyond, raising questions and issues for the future.
