LIGHT AGAINST DARKNESS

DUALISM IN ANCIENT MEDITERRANEAN RELIGION AND THE CONTEMPORARY WORLD

Vandenhoeck & Ruprecht Light Against Darkness is comprised of articles that put on display the power and pervasiveness of dualistic thought. Dualism has proved a potent cultural tool for clarifying and ordering reality. Particularly in times of social stress and psychological insecurity, it can offer a valuable conceptual grid that provides orientation to the world and a clear sense of identity. At the same time, though, there are important questions to be asked about the social effects of binary thinking. As history amply illustrates, dualistic notions can readily be deployed to legitimate cultural demonization and to rationalize violence. At a deeper level, a dualist worldview can also obscure the possibilities to be found in multiplicity. The articles in this volume treat Dualism across a wide historical spectrum and from multiple methodological perspectives. The studies are organized around the religious and cultural contexts of Ancient Judaism and they include contributions from leading voices on ancient Persia, Israel, Greece, and Egypt. Experts on modern religious and philosophical thought not only lend context to concepts applied to the ancient world, but engage recent European and American experiments in binary thought. All of the studies contribute to a richer and more complete portrait of dualism in ancient Judaism.

100 WAYS TO SIMPLIFY YOUR LIFE

Hachette UK Many want a simple life, but find it difficult to actually live that way. They fight a constant battle to balance work, family, friends, and other demands on schedules stretched too thin. Joyce Meyer breaks it down to the simple principle of exercising faith rather than doubt and confidence rather than people-pleasing. She writes from her experience of struggling to balance work, family, friends, and all the other demands on limited time to show readers the simple answer to a simpler life. Joyce gives these and other practical and easy to implement ideas for finding real joy: · Live to glorify God · Let go of what lies behind · Choose your battles · Don't be afraid of what people think · Trust God to change other people · Live with margin · Don't be so hard on yourself · Stop doing things you don't do well · Remember that God is for you. Joyce reminds readers that the Bible is full of examples of God's provision and His instruction to focus on one day at a time. She encourages readers to set themselves free by realizing they don't have to do, fix, or manage everything. By embracing the fact that God is on their side they will be encouraged that he will help find a way to live a simple life.

WHEN YOU ONLY SEE ONE SET OF FOOTPRINTS

America Star Books As I was called, like Abraham, to leave my father's house and follow Christ, my journey would take me and my children to many places which God has caused us to "Triumph" in Christ Jesus. I was told to share my story and write the things I've seen and heard and lived through so others can know they too can do the same when they put ALL of their Trust in the Holy God of Israel. When You Only See One Set of Footprints is like an open letter to all "Living Epistle," for my life has seen everyday living and living for Christ. To give people hope no matter where you are, He can be there, also to show my children and others what "Faith" looks like despite what people think it ought to look like, to give people hope and encouragement to follow God to the end. This was also a walk for the destroying of "Generational Curse" so my children (Donelle, Nathifa, Monae, Dominique, Nakeya, Simone), and now my grandson (Nook, Nook), would not have to encounter because I have gone before them to destroy all curses in their path. To bring about transparency in this walk and to show "We can come through all things through Christ who strengthens us," so may all be encouraged as well as inspired to continue in the faith and to fight the good fight of faith and know you fight not alone, for you too can see there were only one set of footprints. God Bless.

40 SONNETS

This collection, which won the 2015 Costa Poetry Award, is an exhibition of the Dundee-born poet's stunningly accomplished adoption of the sonnet's ancient structure This collection from Don Paterson, his first since the Forward Prize-winning Rain in 2009, is a series of forty luminous sonnets. Some take a traditional form, while others experiment with the reader's conception of the sonnet, but they all share the lyrical intelligence and musical gift that has made Paterson one of our most celebrated poets. Addressed to friends and enemies, the living and the dead, children, musicians, poets, and dogs, these poems are as ambitious in their scope and tonal range as in the breadth of their concerns. Here, voices call home from the blackout and the airlock, the storm cave and the s^hance, the coal shed, the war, the highway, the forest, and the sea. These are voices frustrated by distance and darkness, which ring with the "sound that fades up from the hiss, / like a glass some random draught had set ringing, / now full of its only note, its lonely call." In 40 Sonnets, Paterson returns to some of his central themes—contradiction and strangeness, tension and transformation, the dream world, and the divided self—in some of the most powerful and formally assured poems of his career.
