Disparities

Bloomsbury Publishing *The concept of disparity has long been a topic of obsession and argument for philosophers but Slavoj Žižek would argue that what disparity and negativity could mean, might mean and should mean for us and our lives has never been more hotly debated. Disparities explores contemporary 'negative' philosophies from Catherine Malabou's plasticity, Julia Kristeva's abjection and Robert Pippin's self-consciousness to the God of negative theology, new realisms and post-humanism and draws a radical line under them. Instead of establishing a dialogue with these other ideas of disparity, Slavoj Žižek wants to establish a definite departure, a totally different idea of disparity based on an imaginative dialectical materialism. This notion of rupturing what has gone before is based on a provocative reading of how philosophers can, if they're honest, engage with each other. Slavoj Žižek borrows Alain Badiou's notion that a true idea is the one that divides. Radically departing from previous formulations of negativity and disparity, Žižek employs a new kind of negativity: namely positing that when a philosopher deals with another philosopher, his or her stance is never one of dialogue, but one of division, of drawing a line that separates truth from falsity.*

The War of the Worlds

The Ivory Tower and Harry Potter

Perspectives on a Literary Phenomenon

University of Missouri Press Now available in paper, *The Ivory Tower and Harry Potter* is the first book-length analysis of J. K. Rowling's work from a broad range of perspectives within literature, folklore, psychology, sociology, and popular culture. A significant portion of the book explores the Harry Potter series' literary ancestors, including magic and fantasy works by Ursula K. LeGuin, Monica Furlong, Jill Murphy, and others, as well as previous works about the British boarding school experience. Other chapters explore the moral and ethical dimensions of Harry's world, including objections to the series raised within some religious circles. In her new epilogue, Lana A. Whited brings this volume up to date by covering Rowling's latest book, *Harry Potter and the Order of the Phoenix*.

Pedagogies of Disaster

"We live in an era where the university system is undergoing great changes owing to developments in financing policies and research priorities, as well as changes in the society in which this system is embedded. This change toward a more market-oriented university, which also has immediate effects in academic peripheries such as the Balkans, the Middle East, or South-East Asia, is of great influence for the pedagogical practice of "less profitable" academic areas such as the Humanities: philosophy, languages, sociology, anthropology, history. Because of the absence of a historically grounded establishment of the Humanities, academic peripheries, usually accompanied by a weak civil society infrastructure, seem to offer the most fertile ground for rethinking the Humanities, their pedagogical practice, and their politics, as well as the greatest threats, such as the ongoing capitalization of research, and profitability as the norm of educational achievement. The sprawling presence of for-profit universities and in academic peripheries such as Albania and Kosovo is indicative of this problematic, as are consistent underfunding of universities and the relentless budget cuts in American and English, and to a lesser extent European, universities. Motivations for this ongoing attack on the university are often driven by a political system or a politics with an aggressive stance to critical thought."

Latin Palaeography

Antiquity and the Middle Ages

Cambridge University Press *This work, by the greatest living authority on medieval palaeography, offers the most comprehensive and up-to-date account in any language of the history of Latin script. It also contains a detailed account of the role of the book in cultural history from antiquity to the Renaissance, which outlines the history of book illumination. Designed as a textbook, it contains a full and updated bibliography. Because the volume sets the development of Latin script in its cultural context, it also provides an unrivalled introduction to the nature of medieval Latin culture. It will be used extensively in the teaching of latin palaeography, and is unlikely to be superseded.*

Spring Flowers, Spring Frost

A Novel

Arcade Publishing *The love story between a painter and a girl is set against the backdrop of a country in the midst of terrifying change as its inhabitants deal with the westernization of a backward Balkan land, witness a series of strange events, and search for a tunnel to the Secret State Archives, which supposedly house records of crimes that may have been committed.*

Sigmund Freud's Mission

An Analysis of his Personality and Influence

Open Road Media *Renowned psychoanalyst Erich Fromm examines the creator of psychoanalysis and his followers With his creation of psychoanalysis, Sigmund Freud redefined how people relate to themselves and to the larger world. In Sigmund Freud's Mission, Freud scholar and psychoanalyst Erich Fromm demonstrates how Freud's life experiences shaped his creation and practice of psychoanalysis. Fromm also revises parts of Freud's theories, especially Freud's libido theory. In his thorough and comprehensive analysis, Fromm looks deep into the personality of Freud, and the followers who tried to dogmatize Freud's theory rather than support the further stages of psychoanalysis. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.*

Lady Daisy

Penguin UK A poignant story by master storyteller, Dick King-Smith When Ned helps his grandmother clear out her attic, he finds a very unusual Victorian doll - she speaks! Ned and Lady Daisy soon become fast friends, even though he's teased at school for owning a doll. Ned learns to stand up to his father and the school bully in order to protect Lady Daisy. But then the doll is stolen - will Ned ever find her again?

The Plattner Story

And Others: Large Print

WHETHER the story of Gottfried Plattner is to be credited or not, is a pretty question in the value of evidence. On the one hand, we have seven witnesses-to be perfectly exact, we have six and a half pairs of eyes, and one undeniable fact; and on the other we have-what is it?-prejudice, common sense, the inertia of opinion. Never were there seven more honest-seeming witnesses; never was there a more undeniable fact than the inversion of Gottfried Plattner's anatomical structure, and never was there a more preposterous story than the one they have to tell! The most preposterous part of the story is the worthy Gottfried's contribution (for I count him as one of the seven). Heaven forbid that I should be led into giving countenance to superstition by a passion for impartiality, and so come to share the fate of Eusapia's patrons! Frankly, I believe there is something crooked about this business of Gottfried Plattner; but what that crooked factor is, I will admit as frankly, I do not know. I have been surprised at the credit accorded to the story in the most unexpected and authoritative quarters. The fairest way to the reader, however, will be for me to tell it without further comment. Gottfried Plattner is, in spite of his name, a free-born Englishman. His father was an Alsatian who came to England in the Sixties, married a respectable English girl of unexceptionable antecedents, and died, after a wholesome and uneventful life (devoted, I understand, chiefly to the laying of parquet flooring), in 1887. Gottfried's age is seven-and-twenty. He is, by virtue of his heritage of three languages, Modern Languages Master in a small private school in the South of England. To the casual observer he is singularly like any other Modern Languages Master in any other small private school. His costume is neither very costly nor very fashionable, but, on the other hand, it is not markedly cheap or shabby; his complexion, like his height and his bearing, is inconspicuous. You would notice, perhaps, that, like the majority of people, his face was not absolutely symmetrical, his right eye a little larger than the left, and his jaw a trifle heavier on the right side. If you, as an ordinary careless person, were to bare his chest and feel his heart beating, you would probably find it quite like the heart of anyone else. But here you and the trained observer would part company. If you found his heart quite ordinary, the trained observer would find it quite otherwise. And once the thing was pointed out to you, you too would perceive the peculiarity easily enough. It is that Gottfried's heart beats on the right side of his body.

Schaum's Outline of Theory and Problems of General Topology

The File on H.

A Novel

Simon and Schuster *In the mid-1930s, two Irish Americans travel to the Albanian highlands with an early model of a marvelous invention, the tape recorder. Their mission? To discover how Homer could have composed works as brilliant and as long as The Iliad and The Odyssey without ever putting pen to paper. The answer, they believe, can be found only in Albania, the last remaining habitat of the oral epic. But immediately upon their arrival, the scholars' seemingly arcane research excites suspicion and puts them at the center of ethnic strife in the Balkans. Mistaken for foreign spies, they are placed under surveillance and are dogged by gossip and intrigue. It isn't until a fierce-eyed monk from the Serbian side of the mountains makes his appearance that the scholars glimpse the full political import of their search for the key to the Homeric question.*

Friend Request

Grand Central Publishing *THE #1 INTERNATIONAL KINDLE BESTSELLER A paranoid single mom is forced to confront the unthinkable act she committed as a desperate teenager in this addictive thriller with a social media twist. Maria Weston wants to be friends. But Maria Weston is dead. Isn't she? 1989. When Louise first notices the new girl who has mysteriously transferred late into their senior year, Maria seems to be everything the girls Louise hangs out with aren't. Authentic. Funny. Brash. Within just a few days, Maria and Louise are on their way to becoming fast friends. 2016. Louise receives a heart-stopping email: Maria Weston wants to be friends on Facebook. Long-buried memories quickly rise to the surface: those first days of their budding friendship; cruel decisions made and dark secrets kept; the night that would change all their lives forever. Louise has always known that if the truth ever came out, she could stand to lose everything. Her job. Her son. Her freedom. Maria's sudden reappearance threatens it all, and forces Louise to reconnect with everyone she'd severed ties with to escape the past. But as she tries to piece together exactly what happened that night, Louise discovers there's more to the story than she ever knew. To keep her secret, Louise must first uncover the whole truth, before what's known to Maria--or whoever's pretending to be her--is known to all.*

Standard Albanian

A Reference Grammar for Students

Broken April

Random House *From the moment that Gjorg's brother is killed by a neighbour, his own life is forfeit: for the code of Kanun requires Gjorg to kill his brother's murderer and then in turn be hunted down. After shooting his brother's killer, young Gjorg is entitled to thirty days' grace - not enough to see out the month of April. Then a visiting honeymoon couple cross the path of the fugitive. The bride's heart goes out to Gjorg, and even these 'civilised' strangers from the city risk becoming embroiled in the fatal mechanism of vendetta.*

The Siege

Anchor Canada *From Ismail Kadare, winner of the inaugural Man Booker International Prize - a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie - the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow - of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.*

How To Do Psychic Readings Through Touch

Llewellyn Worldwide *You've probably heard the expression, "If these walls could talk..." With psychic touch, or psychometry, you can learn to read the energy of*

objects, places, and people. Popular author Ted Andrews presents a positive and straightforward system for developing your psychic skills. Using psychic touch, you can tune in to the world around you in a fascinating new way. Discover how to: Find lost objects and people Sense health imbalances Assess places and objects for harmonious or challenging energy Use psychic skills responsibly and ethically Enjoy a richer and more informed perspective on life

Metamorphosis

Lulu.com *Classic story of self-discovery, told in a unique manner by Kafka.*

Albanian Verbs

The Art of Conjugation

The Little Digital Camera Book

Peachpit Press *Offers instruction in digital photography basics, advanced techniques, and image editing, including image handling, storage, printing, hardware, posting photos to the Web, and selecting and caring for equipment.*

The Concert

Arcade Publishing *A group of Albanian friends are torn apart by the political turmoil of the mid 1970s, as the nation's diplomatic ties with China begin to unravel, and their personal entanglements follow suit in the face of government insecurity*

Kiraze

Periscope *This Turkish bestseller tells the story of a real-life Sephardic Jewish woman who gained access to Suleiman the Magnificent.*

Islamic Teachings in Brief

Createspace Independent Publishing Platform *This book, written in a relatively simple language, presents a summary of the teachings of Islam.*

The Sixth Language

Learning a Living in the Internet Age

This second edition includes 37 new pages in a new Foreword and Afterword where Logan reports on a number of new developments in his research into the origin and evolution of language. The first edition of the Sixth Language was a recipient of the Susanne K. Langer Prize of the Media Ecology Association for Outstanding Scholarship in the Ecology of Symbolic Form.

The Growing and Developing Earth

Createspace Independent Pub *The inner structure of the Earth, in the form as it's still expressed today in the standard books, is a complete reflection of the archaic method of thinking. The continual change in the state of matter by pressure and temperature rising towards the Earth center, it is not an essential change in the character of chemical elements to create the core, shell-like building of the mantle, lithosphere and the known processes. This is also a firm argument why the necessity appears to place a sort of ultra dense matter as the source of permanent transformation in the core's central region, to create different particles and sub particles in bonds of atoms or free in radiation. Lets suppose for a moment that we would remove the silicate coverings. What would be the outcome? The processes of transformation and growth would continue in the core. The "small earth" would begin to recreate the silicate coat progressively with time, and we would "see" the imitation of crust formation, as well as the differentiation, the "bone of discord" between the fixists, mobilists and supporters of the expansion and their "quarrel" would end forever. Such solution on the geologic development of Earth crust must radically change the method of thinking about the origin of the solar system.*

Political Economy of Socialist Realism

Yale University Press *Bringing together the Soviet historical experience and Stalin-era art in novels, films, poems, songs, painting, photography, architecture and advertising, Dobrenko examines Stalinism's representational strategies and demonstrates how real socialism was begotten of Socialist Realism.*

The Principles of Aesthetics

DigiCat *According to the author, this book has grown out of lectures to students at the University of Michigan and embodies his effort to express to them the nature and meaning of art. While intended primarily for students, the book can appeal to people who are interested in the intelligent appreciation of art.*
