AMERICA UNEQUAL

Harvard University Press The authors challenge the view that restraining government social spending and cutting welfare should be our top domestic priorities. Instead, they propose policies that would reduce poverty by supplementing the earnings of low-wage workers and increasing the employment prospects of the jobless.

DANZIGER'S TRAVELS

BEYOND FORBIDDEN FRONTIERS

HarperCollins UK Synopsis coming soon.....

LIEUTENANT DANGEROUS

A VIETNAM WAR MEMOIR

Steerforth "A must-read war memoir... with zero punches pulled, related by one of the most incisive observers of the American political scene." —KIRKUS (starred review) "Funny, biting, thoughtful and wholly original." —Tim O'Brien, author of *The Things They Carried* Jeff Danziger, one of the leading political cartoonists of his generation, captures the fear, sorrow, absurdity, and unintended but inevitable consequences of war with dark humor and penetrating moral clarity. If there is any discipline at the start of wars it dissipates as the soldiers themselves become aware of the pointlessness of what they are being told to do. A conversation with a group of today's military age men and women about America's involvement in Vietnam inspired Jeff Danziger to write about his own wartime experiences: "War is interesting," he reveals, "if you can avoid getting killed, and don't mind loud noises." Fans of his cartooning will recognize his mordant humor applied to his own wartime training and combat experiences: "I learned, and I think most veterans learn, that making people or nations do something by bombing or sending in armed troops usually fails." Near the end of his telling, Danziger invites his audience—in particular the young friends who inspired him to write this informative and rollicking memoir—to ponder: "What would you do? . . . Could you summon the bravery—or the internal resistance—to simply refuse to be part of the whole idiotic theater of the war? . . . Or would you be like me?"

UNDERSTANDING THE POLITICAL WORLD BOOKS A LA CARTE EDITION

Pearson

PCOPY UNDERSTANDING THE POLITICAL WORLD

Addison Wesley Publishing Company

1215: THE YEAR OF MAGNA CARTA

Hachette UK On 15 June 1215, rebel barons forced King John to meet them at Runnymede. They did not trust the King, so he was not allowed to leave until his seal was attached to the charter in front of him. This was Magna Carta. It was a revolutionary document. Never before had royal authority been so fundamentally challenged. Nearly 800 years later, two of the charter's sixty-three clauses are still a ringing expression of freedom for mankind: 'To no one will we sell, to no one will we deny or delay right or justice'. And: 'No free man shall be taken or imprisoned or in any way ruined, except by the lawful judgement of his peers or by the law of the land'. 1215 - The Year of Magna Carta explores what it was like to be alive in that momentous year. Political power struggles are interwoven with other issues - fashion, food, education, medicine, religion, sex. In many areas it was a time of innovation and change. Windmills were erected, spectacles were invented. Dozens of new towns were founded. Oxford became the first university in England, and the great cathedrals of Salisbury and Lincoln were built. Whether describing matters of state or domestic life, this is a treasure house of a book, rich in detail and full of enthralling insights into the medieval world.

BACK IN THE USSR

HEROIC ADVENTURES IN TRANSNISTRIA

Unbound Publishing Ian Fleming could not have imagined a better place to set a thriller: an upstart mini-state on the edge of Europe, Transnistria is a nowhere-land, a Soviet museum occupied by Russian peace-keepers near the Black Sea. Its oligarchs in Adidas tracksuits hunt wild boar with AK-47s. Its young people train for revolution at the Che Guevara High School of Political Leadership. Its secret factories have supplied arms to Chechnya and electrical cable to Iran's Bushehr nuclear power plant. Its isolation and tiny size belie the real threat it poses to the West. To many observers, Transnistria is the North Korea of Europe. Yet its new president has launched a cunning coup of political marketing, appointing as his top ministers personable young women like the Facebook-savvy Cheryl Cole lookalike Foreign Minister, sexing-up the republic's image abroad, and using their glitter to obscure this internationally unrecognised non-state's shadowy past. Now Western ambassadors and foreign ministers are queuing up to meet them. Rory MacLean and Nick Danziger, two of Europe's most intrepid travellers and chroniclers, document life in the only country in the world not to have recognised the collapse of the Soviet Union. Readers will find themselves truly back in the USSR... with a difference.

DANZIGER'S BRITAIN

A JOURNEY TO THE EDGE

HarperPerennial Synopsis coming soon.....

THE UNCONSCIOUS IN SOCIAL AND POLITICAL LIFE

Phoenix Publishing House Traumatic events happen in every age, yet there is a particularly cataclysmic feeling to our own epoch that is so attractive to some and so terrifying to others. The terrible events of September 11th 2001 still resonate and the repercussions continue to this day: the desperation of immigrants fleeing terror, the uncertainty of Brexit, Donald Trump in the White House, the rise of the alt-right and hard left, increasing fundamentalism, and terror groups intent on causing destruction to the Western way of life. If that were not enough, we also have to grapple with the enormity of climate change and the charge that if we do not act now, it will be too late. Is it any wonder many are left overwhelmed by the events they see on the news? Galvanised by the events outside of his consulting room, in 2015, David Morgan began *The Political Mind* seminars at the British Psychoanalytical Society and their successful run continues today. A series of superlative seminars, mostly presented by colleagues from the British Society plus a few select external experts, that examine a dazzling array of relevant topics to provide a psychoanalytic understanding of just what is going on in our world. This book is the first in the *Political Mind* series to bring these seminars to a wider audience. *The Unconscious in Political and Social Life* contains compelling contributions from Christopher Bollas, Michael Rustin, Jonathan Sklar, David Bell, Philip Stokoe, Roger Kennedy, David Morgan, M. Fakhry Davids, Ruth McCall, R. D. Hinshelwood, Renée Danziger, Josh Cohen, Sally Weintrobe, and Margot Waddell. They investigate so many vital issues affecting us today: the evolution of democracy, right-wing populism, prejudice, the rise of the far right, attitudes to refugees and migrants, neoliberalism, fundamentalism, terrorism, the Palestine-Israel situation, political change, feminism, austerity in the UK, financial globalisation, and climate change. This book needs to be read by all who are concerned by the state of the world today. Psychoanalysis and psychoanalysts with their awareness of what motivates human beings bring clarity and fresh insight to these matters. A deeper understanding of humanity awaits the reader of *The Unconscious in Political and Social Life*.

NAMING THE MIND

HOW PSYCHOLOGY FOUND ITS LANGUAGE

SAGE Intelligence, motivation, personality, learning, stimulation, behaviour and attitude are just some of the categories that map the terrain of 'psychological reality'. These are the concepts which, among others, underpin theoretical and empirical work in modern psychology - and yet these concepts have only recently taken on their contemporary meanings. This fascinating work is a persuasive explanation of how modern psychology found its language. Kurt Danziger develops an account that goes beyond the taken-for-granted quality of psychological discourse to offer a profound and broad-ranging analysis of the recent evolution of the concepts and categories on which it depends. Danziger explores this process and shows how its conse

CONCEPTS AND ISSUES IN COMPARATIVE POLITICS

AN INTRODUCTION TO COMPARATIVE ANALYSIS

Pearson College Division Compact and jargon-free, this book focuses on the major issues and themes of comparative politics. It limits its focus to ten major countries so readers won't be overwhelmed by excessive details. **KEY TOPICS:** Democratization and globalization. Political issues and changes in developing countries. Alternative institutional frameworks. The effects of socioeconomic cleavages. Non-western cultures and values. Electoral systems. New directions in comparative research. **MARKET:** For anyone wanting a readable introduction to comparative politics and a broader understanding of world politics.

POLICY CREATION AND EVALUATION

UNDERSTANDING WELFARE REFORM IN THE UNITED STATES

Oxford University Press Although practitioners do not often identify an explicit focus on social welfare policy, the analysis (what it is) and evaluation (what it does) of policy is basic to social work practice. This unique pocket guide presents a case study on one of the most important domestic policy decisions in the post-WWII era, the passage of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996. This law ended welfare as we knew it by creating the Temporary Assistance to Needy Families (TANF) program and closing the Aid to Families with Dependent Children program. Examining the law through three decision-making models assists readers in understanding TANF's historical antecedents, its political and power implications, and the way in which it meets social and economic goals. Individual chapters demonstrate how programs such as TANF are evaluated and the methods that can be used, such as primarily qualitative, primarily quantitative, and mixed methods evaluation techniques. Illustrating the advantages and disadvantages of each approach for evaluation, Hoefler makes use of the numerous studies undertaken in the thirteen years since welfare reform and its 2006 reauthorization. Part history text, readers will also learn about the details of the TANF legislation creation and evaluation, but will finish with a greater understanding of the policy creation and evaluation processes. This pocket guide will be useful to researchers and students of advanced social policy who seek to understand the two stages of policy-making, to develop policy, or to describe the impact of social policy on social problems.

CONSTRUCTING THE SUBJECT

HISTORICAL ORIGINS OF PSYCHOLOGICAL RESEARCH

Cambridge University Press Constructing the Subject traces the history of psychological research methodology from the nineteenth century to the emergence of currently favored styles of research in the second quarter of the twentieth century. Kurt Danziger considers methodology to be a kind of social practice rather than simply a matter of technique. Therefore his historical analysis is primarily concerned with such topics as the development of the social structure of the research relationship between experimenters and their subjects, as well as the role of the methodology in the relationship of investigators to each other in a wider social context. The book begins with a historical discussion of introspection as a research practice and proceeds to an analysis of diverging styles of psychological investigation. There is an extensive exploration of the role of quantification and statistics in the historical development of psychological research. The influence of the social context on research practice is illustrated by a comparison of American and German developments, especially in the field of personality research. In this analysis, psychology is treated less as a body of facts or theories than a particular set of social activities intended to produce something that counts as psychological knowledge under certain historical conditions. This perspective means that the historical analysis has important consequences for a critical understanding of psychological methodology in general.

IN NORTH KOREA

eBook Partnership North Koreans could change the world. Today their country can annihilate South Korea and Japan. By 2020 their aim is to have submarine-launched missiles able to nuke the US mainland. So who are the North Koreans? What do they think and feel? Are they belligerent automatons, indoctrinated by years of propaganda, with fingers hovering over trigger buttons? Or simply ordinary men and women who have been shaped by fear or national idolisation, willing to do anything to be accepted and to survive? To answer these questions, photographer Nick Danziger and author Rory MacLean, two of today's most sensitive chroniclers, travelled across the country, meeting farmers, fishermen and the captain of the national football team. They spent a morning one hundred metres underground with a 22-year-old subway train dispatcher and afternoons at the capital's dolphinarium, a lavish entertainment complex created to convince North Koreans of their prosperity. At the Museum of the Victorious Fatherland War, as the Korean War is known in the country, they spoke to a much-decorated national hero who boasted, 'When I was eighteen years old I shot and killed 367 enemy soldiers.' From the spotless streets of Pyongyang to the pine-fringed beaches of Wonsan, along the Youth Hero Road, an all-but-deserted strategic highway built by some 50,000 conscripts out of 'patriotic duty', Danziger and MacLean create a telling portrait of both ordinary and extraordinary North Koreans, catching a glimpse of real life in the world's most secretive nation, at a turning point in its - and our - history. 'Danziger is the stuff that legends are made of.' -- Literary Review 'One of the world's top photojournalists.' -- Practical Photographer 'Rory MacLean is more than a gifted writer. He is a man whose artistry is underpinned by a powerful moral sensibility.' - Fergal Keane, BBC 'MacLean is one of the most strikingly original and talented travel writers of his generation.' - Katie Hickman

THE CONSCIENCE OF A CARTOONIST

INSTRUCTIONS, OBSERVATIONS, CRITICISMS, ENTHUSIASMS

Fantagraphics Books The latest from the lauded political cartoonist is a coffee-table collection of his post-9/11 editorial cartoons with extensive, educational commentary.

UNDERSTANDING INTERPERSONAL COMMUNICATION: MAKING CHOICES IN CHANGING TIMES, ENHANCED EDITION

Cengage Learning West and Turner's UNDERSTANDING INTERPERSONAL COMMUNICATION: MAKING CHOICES IN CHANGING TIMES, Enhanced Second Edition, empowers you by providing both the knowledge and practical skills you need to be effective communicators in today's rapidly changing and technologically advanced society. An innovative theory-skill framework, integrated in every chapter, uniquely combines theory and practice, eliminating the perceived division between them while clarifying their fundamental interconnections. The text powerfully supports skill development; rather than telling you how to communicate, the authors list a toolbox of key skills pertaining to each theory so you can actively choose and experiment with strategies appropriate for a given situation. Filled with realistic examples and scenarios that reflect the diversity and interactions of today's students, UNDERSTANDING INTERPERSONAL COMMUNICATION: MAKING CHOICES IN CHANGING TIMES, Enhanced Second Edition, makes clear connections between theory, skills, and the life situations we all encounter on a daily basis. This enhanced second edition includes the student workbook bound in at the end of the text, with chapter goals, outlines, interactive student activities, InfoTrac activities, and journal entries. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

THE YEAR 1000

WHAT LIFE WAS LIKE AT THE TURN OF THE FIRST MILLENNIUM : AN ENGLISHMAN'S WORLD

Abacus (UK) THE YEAR 1000 is a vivid evocation of how English people lived a thousand years ago - no spinach, sugar or Caesarean operations in which the mother had any chance of survival, but a world that knew brain surgeons, property developers and, yes, even the occasional gossip columnist. In the spirit of modern investigative journalism, Lacey and Danziger interviewed the leading historians and archaeologists in their field. In the year 1000 the changing seasons shaped a life that was, by our standards, both soothingly quiet and frighteningly hazardous - and if you survived, you could expect to grow to just about the same height and stature as anyone living today. This exuberant and informative book concludes as the shadow of the millennium descends across England and Christendom, with prophets of doom invoking the spectre of the Anti-Christ. Here comes the abacus - the medieval calculating machine - along with bewildering new concepts like infinity and zero. These are portents of the future, and THE YEAR 1000 finishes by examining the human and social ingredients that were to make for survival and success in the next thousand years.

DILEMMAS OF INCLUSION

MUSLIMS IN EUROPEAN POLITICS

Princeton University Press As Europe's Muslim communities continue to grow, so does their impact on electoral politics and the potential for inclusion dilemmas. In vote-rich enclaves, Muslim views on religion, tradition, and gender roles can deviate sharply from those of the majority electorate, generating severe trade-offs for parties seeking to broaden their coalitions. Dilemmas of Inclusion explains when and why European political parties include Muslim candidates and voters, revealing that the ways in which parties recruit this new electorate can have lasting consequences. Drawing on original evidence from thousands of electoral contests in Austria, Belgium, Germany, and Great Britain, Rafaela Dancygier sheds new light on when minority recruitment will match up with existing party positions and uphold electoral alignments and when it will undermine party brands and shake up party systems. She demonstrates that when parties are seduced by the quick delivery of ethno-religious bloc votes, they undercut their ideological coherence, fail to establish programmatic linkages with Muslim voters, and miss their opportunity to build cross-ethnic, class-based coalitions. Dancygier highlights how the politics of minority inclusion can become a testing ground for parties, showing just how far their commitments to equality and diversity will take them when push comes to electoral shove. Providing a unified theoretical framework for understanding the causes and consequences of minority political incorporation, and especially as these pertain to European Muslim populations, Dilemmas of Inclusion advances our knowledge about how ethnic and religious diversity reshapes domestic politics in today's democracies.

INSTRUCTORS MANUAL TESTBANK TO UNDERSTANDING THE POLITICAL WORLD

RICH DEMOCRACIES, POOR PEOPLE

HOW POLITICS EXPLAIN POVERTY

Oxford University Press Poverty is not simply the result of an individual's characteristics, behaviors or abilities. Rather, as David Brady demonstrates, poverty is the result of politics. In Rich Democracies, Poor People, Brady investigates why poverty is so entrenched in some affluent democracies whereas it is a solvable problem in others. Drawing on over thirty years of data from eighteen countries, Brady argues that cross-national and historical variations in poverty are principally driven by differences in the generosity of the

welfare state. An explicit challenge to mainstream views of poverty as an inescapable outcome of individual failings or a society's labor markets and demography, this book offers institutionalized power relations theory as an alternative explanation.
